

# Jooce's Terms of Service!!

More in detail stuff that I couldn't fit on my site!

## What I need from you:

- ❖ I will need a clear reference of your character (or a toyhouse link)
  - If ordering a reference sheet, I'll be lenient with image quality but I will ask your assistance during coloring/sketching just to make sure everything is to your liking.
- ❖ Because art style tends to vary, the options are listed in a very specific way. Please ask for a specific kind when placing your order. (If not, I will double check, just to be sure)
  - My usuals are **basic, lineless, and watercolor.**
  - I rarely do cell shading!
  - The price listing shows which options are available for lineless and watercolor styles.
- ❖ If you have any desired poses and/or expressions, be sure to mention them!
  - If you have no specific ideas in mind, that's alright! Tell me a bit about your character and I'll see what I can come up with

- I gladly accept examples and references if you have any! It helps greatly!

### *As the customer...*

- ❖ If you intend to use my art for commercial purposes please let me know beforehand, to reduce any confusion. As always, credit is required.
- ❖ You may not make NFTs of my work nor use them in AI generators.
- ❖ I will give you an original resolution image through google drive after completion of your commission.

### *As the artist...*

- ❖ I take USD through Paypal or Cashapp
  - If paying through cashapp, I will send you my cashtag after a WIP has been approved.
- ❖ I will send a payment link after the first WIP has been approved.
  - In terms of animation commissions, you may not receive a price before a WIP unless you provide audio. Since the audio helps me determine how long the animation will be. [More details here.](#)
- ❖ If I finish your commission, you will not receive a refund.
- ❖ I will try my best to get your commission out to you within 1 to 1.5 months, as I am usually at work and don't get much free time + energy.
  - You're more than welcome to ask for updates! So long as they are not daily update requests, I'm more than happy to fill you in!

## Posting:

- ❖ Your commission is **most likely** going to be posted onto my social media (twitter, instagram, and so on) *Please let me know if you do not want me to post it!*
- ❖ Your commission also may be put up on my site as a new example depending on which option you ordered from. Just the same as before, **let me know if you do not want me to do this!**
- ❖ **I will save your commission file(s) for 30 days after completion!** Any **minor** details that I may have missed, or that you may have missed during WIP stages, can be fixed before that 30 days is up!
  - Examples of minor details being colors, accessories missing, or things similar
- ❖ If **you** are going to post your commission, **let me know or give me credit.** I have many socials, I can give you a credit link if you need one

## Regarding your order:

- ❖ I will not draw more than 4 (four) characters in one piece. Any more will take more time and energy from me than I have to put out.
  - You can order multiple separate commissions, such as different fullbodies, or a mix of options. I will take up to 6 characters total, but 4 max in one drawing on its own.

- ❖ Scene and animation commissions **will** take longer than smaller orders.  
Please be patient but don't be afraid to check in with me if I haven't checked in with you.
  - I will try my best to get your commission to you within 1 - 2 months.  
The smaller the commission, the sooner it's likely to get done.
- ❖ I'm willing to negotiate on gore, but please keep in mind I'm not going to go over the top. I'm not a gore/horror artist and it is out of my skill range.
- ❖ If ordering emotes, icons, or overlays ( or things related ) Please email me directly! Since it doesn't follow my usual commission format, I'd love to get as much detail as possible!

### Animation:

- ❖ Animation commissions vary in price! The base price will be decided on commission option (bust, half, full) and character amount.
  - Majority of the price depends on how long the animation ends up being. Usually I will have this figured out when the storyboard is finished, give or take.
  - If you have audio with your commission, I can give you a price sooner.
  - Shading and backgrounds are one time fees. I will not charge extra if you have multiple backgrounds.
  - I will not charge extra for complex designs. Though it may take longer for me to complete.

- In terms of animation meme commissions, I will check out the meme myself, and come up with a general price based on how hard I think it will be for me. Generally, the price may start at \$35.
- Any additional details will be discussed beforehand. Please try to be clear during the process. Also please understand that I am still relatively new at animation, and I cannot do wildly complicated animations.

**With all that being said, thanks so much for commissioning me! I  
really appreciate your interest!**
