

TargetBay GDPR Data Subject Access Request

TargetBay has a process for honoring access requests from data subject located in the EU. The process is outlined here [link to the process]. TargetBay will respond to requests from data subjects located in the EU within 30 days of receipt. TargetBay will respond to requests from TargetBay clients within 7 days of receipt. Please provide exactly the information requested, and be mindful not to pass sensitive personal data via this form.

Questions? Contact us via contactus@TargetBay.com

* Required

Introduction (please summarize your request below)

Website / App *

List the website domain(s) and/or app(s) that this request is applicable to (e.g. <https://acme.com>, Acme iOS). Separate websites and/or apps by commas.

Your answer

You are: *

Data Subject

Client of TargetBay making the request on behalf of a data subject

Request Type

Deletion: TargetBay will delete the provided identifier(s) and all data associated with the provided identifier(s)

Access: TargetBay will provide a copy of provided identifier(s) and data associated with the provided identifier(s) in CSV format.

Opt-Out / Revoke Consent / Object to processing: TargetBay will cease processing the provided identifier(s) and data associated with the provided identifier(s) and prevent updates to data subject's profile (if applicable) associated with those identifier(s).
