### **2016 Summer Camp Schedule**

<http://www.wcpbhct.org/take-classes>

#### **Scene Study Intensive for Young Adults**

Weekdays, June 13-24 from 10:30-12:00noon

Work on technique and scene analysis with students committed to developing their craft as performers. This class is available for incoming Freshmen through newly-graduated Seniors (ages 15-18) We recommend that interested students have some theatrical experience. Past students of this intensive may repeat this camp.

\$80 (15% discount for Season Ticket Holders)

#### **Mask Workshop (11-14 year-olds)**

Tuesday-Friday, July 5-8 from 10:00-12:00noon

Explore a world of masks and mask-making as we create and devise a world of imagination.

(Note: Class does not meet on Monday, July 4)

\$80 (15% discount for Season Ticket Holders)

#### **Monologue and Audition Preparation Classes**

Wednesdays July 6-July 27

3:30-4:30 – 5th-8th graders

5:00-6:00 – High School Students

6:30-8:00 – Adults

This audition preparation course is designed to get both stage rookies and veteran actors further experience and better prepared for the auditioning process. We will work on techniques that can help you feel more confident throughout.

\$50 for 5th graders-High School Students

\$60 for Adults

(15% discount for Season Ticket Holders)

#### **Musical Theatre Summer Camp for 7-14 year-olds**

Weekdays, July 11-22 from 9:00-12:00 noon

Sing and dance your way into Summer Theatrical Fun!

The final day of camp will include our 5 & 6 year-old students and end with a sharing and celebration of accomplishments!

\$100 (15% discount for Season Ticket Holders)

## **Technology Summer Camps at Hawkeye Community College**

Each camp has 2 sessions per day for 3 hours each. Camps are open to students aged 8-14. All camps will be taught at Hawkeye Community College's main campus.

### **Minecraft Designers**

Course Description: Students will learn the basics of creating 3D models using new software to design their own objects, create skin for characters, and then import them into their favorite Minecraft game!

### **Minecraft Modders**

Course Description: Students will use Minecraft to learn the basics of modding and the foundations of programming!

Date & Time: July 25-29; 9:00am-4:00pm

### **Wartburg College High School Leadership Institute**

<http://www.wartburg.edu/youthleader/>

"The High School Leadership Institute (HSLI) is a dynamic, hands-on, learning experience. The institute includes training in team-building skills and leadership development. The week is highlighted by a service trip to Chicago.

"The HSLI allows high school students in their junior year to apply for the opportunity to participate in a summer institute where they study and practice leadership skills and service as a form of community and civic engagement. Students work under the direction of faculty and staff affiliated with the Wartburg Institute for Leadership Education."

### **UNI Summer Camps for Middle School**

### **BELIN BLANK Summer Programs at the University of Iowa**

<http://www2.education.uiowa.edu/belinblank/students/summer/>

#### **JSI: Junior Scholars Institute**

Students who are currently in grades 6-8 may nominate themselves for the Junior Scholars Institute, a one-week residential summer academic program at The University of Iowa . Students take a single advanced level course for the entire week.

#### **BSI: Blank Summer Institute**

The Blank Summer Institute for the Arts & Sciences is a one-week residential summer program held at The U of I Iowa for gifted students who are currently in grades 7 & 8. The Institute provides exceptionally talented students with an intensive and advanced educational experience designed to enhance their intellectual and social growth. See your middle school teacher if you would like to be considered for this as there are a limited number of nominations from each school.

**IOWA STATE OPPTAG Summer Programs**

<http://www.opptag.iastate.edu/summer/index.php>

**CY-TAG** (student entering grades 8-12) will appeal to you if you are interested in accelerated, fast-paced, academic courses that address your individual needs and learning styles. You will be in class approximately 100 hours of instructional time, which will attempt to cover a full year of high school or a semester of college material. Imagine the extraordinary challenging, rigorous three-week voyage of the mind that awaits you!

**Explorations** (students entering grades 8-10) will appeal to you if you are intrigued by discovering new and exciting areas of study not traditionally taught in the school curriculum. Each one-week voyage will offer you an enriched learning experience, introduce you to cutting-edge concepts within a topic area, be student focused, and immerse you in activities and laboratories designed to stimulate your thinking skills and encourage you to continue your personal adventure in learning.
