Instructions:

1. On the 14.4 x 10cm Soft Sea Foam layer stamp the stems stamp using versamark ink across the card approx 5-6 times. By not using embossing powder or heat the versamark will dry to the same colour as the cardstock. Adhere this layer to the card base.
2. On the Basic White 11.6cm x 7.2cm piece stamp the smaller leaf multiple times in Versamark to cover the piece. Cover with white embossing powder, tap off any excess and heat to set.
3. Now take a blending brush and add Soft Sea Foam ink over the embossing and to cover the whole piece filling in all the white. Take a dry tissue and wipe off any excess ink from the embossed leaves. Adhere this layer to the center of the card with dimensionals.
4. Stamp the sentiment in Garden Green ink onto the Basic White card. Adhere using dimensionals.
5. Stamp one large leaf on basic white using Garden Green ink and punch out using the Tropical Leaf punch. Adhere using dimensionals to the edge of the sentiment.
6. Tie a piece of linen thread into a bow and attach with a glue dot.
7. Add 3 Brushed Brass Butterfly embellishments.
