## **ORDER FAQs**

### **What's the approval for a "sketch only" piece?**

This will be based more on the placement of the character(s) poses and expression(s).

### **What happens if I do not wish to pay the 2nd half?**

At this point you are ending the commission process half-way through, leaving me with half work done. Thus, the 1st down-payment for my work will *not* be refundable.

The 50% down-payment is more for your benefit & comfort in comparison to me charging a full amount.

### **When can I expect my commission?**

Orders should be done within 30 days of the start date, depending on the complexity. I will update you if any outside issues occur that may delay your commission's time. I will offer a refund if circumstances prevent me from finishing your commission.

I may have other commissions lined up and work full-time, please be respectful of your queue time.

**How will I receive my commission?**

You will be given a link (via Google Drive) to the HQ image without watermarks once your piece is completed.

**Can I post this online?**

Of course! Feel free to do so, that's the beauty of getting a commission, right? As long as you don't claim the artwork as your own work, resell, and/or use for AI, it's A-OK!
