

## **How to Sign up a Team for Intramural Sports**

Signing up for Intramural Sports is an easy process through our Intramural Sports registration website (IMLeagues). On this site team captains are able to manage their rosters, view their team schedules, check the league standings, and follow all new and upcoming programming.

### Logging into IMLeagues

The easiest way to log in to IMLeagues is through the UMB Recreation website. In order to access through the UMB Recreation page:

- Go to the [UMB Recreation website](#) or directly to the [Intramural Sports Section](#).
- You can also access the IMLeagues page by simply typing in [imleagues.com/umb](http://imleagues.com/umb) into your web browser.
- Click "login" at the top of the page.
- You will be redirected to the UMB Rec Connect portal which will ask you to log in with your campus email address and password.
- You will then be redirected back to IMLeagues and can access all of the features of the page.

### Signing up to Play an Intramural Sport

- Log into your IMLeagues account.
- Find the sport that you are interested in playing on the list of sports.
- If applicable, select which league you are interested in joining.
- When opening the sport league, you will be given the option to create a team or join as a free agent. If you are creating a team with friends or students on campus, the person that creates the team will be designated as the team captain. If you do not have a team you may choose to join as a free agent, which will make you available to other teams that are looking for players.
- If you are planning to join an already established team, the team captain can invite you to join the team and you will receive a message the join the team. This can be done by going onto IMLeagues and accepting the team invitation.

## **How to register as a free agent (individual) for Intramural Sports**

No team? No problem! Individual players can register for team activities as a free agent and try to get onto a team that is looking for players. In some cases, if there are enough free agent players and space in the league we will create a team entirely of free agents.

1. Go to the league page of what sport/activity you want to participate in.
2. Click "join as a free agent" on the sign up page.

3. Fill out your player profile so players looking for free agents can get an idea of what you are and what you can add to their team!
4. You are able to message captains looking for players (and captains can message you through IMLeagues).
5. We will try to hold a free agent and small group registration meeting to organize players into and form teams.

### **How to register as a small group (2-4 players) for Intramural Sports**

Have a few players but not enough to create a full team? You can sign up as a small group to try and combine with other small groups or free agents to build a full team. You cannot do this process straight through IMLeagues, but we have a separate sign up form for players who have small groups but not full teams.

1. Go to the league page of the sport/activity your small group wants to participate in.
2. Click the link in the league description "Sign up a small group"
3. You will fill out a form identifying who you and your players are.
4. [The form can also be found by clicking this link.](#)
5. Our office will work with you and other small groups and free agents to put teams together.
6. Please note: filling out this form is not a firm registration to the league, but a vehicle for us to put together small groups and free agents to create teams.
