

SCOIR

SCOIR is a platform that students and parents will use to gain information about colleges and careers. SCOIR also provides parents with financial tools so that you can get a better sense of the cost of attendance at various colleges during the selection process.

We are excited to be able to provide SCOIR to our students and families, and we feel confident that you will find it helpful and easy to use. Before you get started, please take a few moments to review the helpful instructions in the Support Section of the main page. Simply click on the “Welcome” in the upper right corner of the main page, then click on Support, and there you will find a number of helpful articles. Look around the entire site and click on the various tabs and you will find a plethora of helpful information!

Enjoy!
