Sign-up sheet for SMWLV -TVS Hack Day 24   **2022-01-27**

Summary: We will be using Gathertown for the SMWLV-TVS Hack Days throughout the Summer. It will be helpful for us to have an idea of how many participants to expect. Therefore, please fill out your name below if you intend to attend, along with a quick (~few words) description of what you plan to work on. You are encouraged to attend as much or as little of the Hack Day as you wish: it is not required to attend both sessions.

2021 Summer Hack Days homepage | Schedule | Breakout rooms | Guide to Gathertown |

Notebooks, specifications, etc.: If you have code, or a specification, or a cadence note, that you have prepared (even if incomplete!) for your investigation, it will help if you can provide a link in the "Links" column below. Your materials may have the solution to problems that others are facing, and thus would help them make progress.
