

Alicia Davis has taught eighth-grade mathematics at Scott Middle School since 2013. Alicia is known for her development of rich mathematical tasks, use of collaborative teams in the classroom, and the ability to connect with and inspire all levels of learners. She encourages her students to understand mathematics at a conceptual level, to make connections to the real world and to view themselves as mathematicians.

Alicia mentors many student teachers and leads professional development courses across the state. She is the secretary of the Nebraska Association of Teachers of Mathematics. She has presented on engaging all learners in meaningful mathematics tasks at several conferences and has published an article in *Mathematics Teacher*.

Alicia has a B.A. in mathematics and mathematics education from Hastings College, an M.A. in educational administration from the University of Nebraska-Kearney and a M.A.T. with an emphasis in mathematics from the University of Nebraska-Lincoln. Alicia is a National Board Certified Teacher in early adolescent mathematics. She also received the Presidential Award for Excellence in Mathematics and Science Teaching.
