 - c. AVON links ([MS](#) and [HS](#))

- i. Proquest in partnership with Alexander St. Marketed as MS/HS product, so we purchased for all MS/HS. Call from Proquest about double checking content. Anticipating an issue or responding to one? Downstate, some schools have MS, and it has been fine. Proquest was suggesting that only teachers have access. Problems unlikely with students, but perhaps parent/advocacy groups? Proquest worked with Alexandria to create Beta site for MS (more limited). Pulled R rated for HS, MS more select.
- ii. Training available for both upcoming to show differences.
- iii. After training, please let Penny know what link you want on your Library.FYI.
