This channel is designed to facilitate communication between both Meiaquar and Fairview in light of recent events, and the IC conflict that is following. Considering that a number of OOC issues have cropped up from similar conflicts due to lack of OOC communication, this is something we're going to be trying in the hopes that it will, at the very least, make sure everyone is on the same page.

In particular, please discuss the following between yourselves;

- 1) Actions taken by Meiaquar in retaliation for the recent IC notice.
- 2) When a good date and time for any conflict is (for both parties).
- 3) The overall goal of the action. (Reclaim Fairview? Burn it to the ground? Etc.)
- 4) What will happen in the event that Meiaquar wins, and vice versa. This includes any specific fates of captured/defeated characters, if beyond the norm.

Please understand the following;

- 1) While NPCs are a consideration, their impact in the conflict will be minimal; they are likely going to be a defensive factor, not offensive, etc.
- 2) Fairview was an abandoned village that seceded from Meiaquar. It can't really expect anything much in regards to NPC support.
- 3) Actual 'strategic' details can be withheld for suspense and such. Consult with a GM privately if you want to know what is fine and what isn't.
- 4) Be respectful of each other and consider some compromises to lessen OOC gripes. We're all just here to have fun.

For starters, we're adding a small number of people to this chat, but if requested, more of those who will be involved can be given access to the channel at a GM's discretion.

Matron of Being Murdered — 10/13/2022

Right, so.

1- In response to the recent IC Notice made by Fairview, Meiaquar is gearing up to perform show of force toward them, by gathering some guards and heading over to Fairview.

2- Honestly, I hope Monday post 7pm est would be nice as just a day, if that works out for yall.

3- The overall goal is definitely to depose the current people claiming to rule over Fairview, as well as detain people that have signed the declaration. We do not want to burn it to the ground, as its still valuable property. And we do not want to kill the average citizen present. The goal itself is to reclaim it and remove the deemed troublemakers.

4- If we win, we're definitely going to be trying to execute both Ash and Yuri. No one else will be killed, they will be processed by Kro, our prisoner rehabilitation and management expert. Some will outright be let go afterwards.

NPC Guards will not be attacking Fairview, only player characters.

Билэг Р. Дорнод Сүм Н. Аке — 10/13/2022

I have seen the above and plan to give a response as soon as I've gone through what Fairview will likely do with those in Fairview should this happen, and then run it by an admin as to not waste time in here by posting terms that are seen as unfit.

BHL:R4DfSmN:Ake — 10/13/2022

I should be able to give a proper response by tomorrow from the looks of it.

Anarcho-mom — 10/13/2022

Just to warn, I don't know when our players will be available, we are trying to figure it out, bust most are working irl so I don't know if it will be possible to find a common ground in the week.

Matron of Being Murdered — 10/13/2022

Yes, its certainly going to be tough. My proposed day is Monday, but if you all can't make that, we can try to find another.

BHL:R4DfSmN:Ake — 10/14/2022

Yeah at first it was looking pretty good with about 3 people but then once others started pitching in I can see that there genuinely is no good date coming up for us. The best one currently would literally be tomorrow but even then after an hour some of us would have to leave, and on top of that wouldn't even be able to show up, possibly myself included there for that, so, yeah.

The current way I was doing it was anywhere between the 15th and 21st, mainly because I'm pretty sure after that, people are going to be busy with Halloween! I'll extend the possibility all the way up to the 30th and work from there on the off chance there is one.

Matron of Being Murdered — 10/14/2022

So just to check, Monday afternoon is a no-go?

For you and your people

Monday was the best for my planned group but if it doesn't work we can try for something else.

□ Dystopia □ — 10/14/2022

@Fairview

Did you guys get a solid plan to post here yet?

Matron of Being Murdered — 10/14/2022

We certainly can't wait for every single person to be available though, at a certain point we'll have to compromise

□ Dnstopia □ — 10/14/2022

That probably should have been done first, since Meiaquar did

BHLŦRŁDŦSmNŦŦAke — 10/14/2022

Yeah Monday there's only one person available

Matron of Being Murdered — 10/14/2022

Yikes, but okay

BHLŕRŁDŕSmNŕAke — 10/14/2022

and yeah we're pretty sure it's going to be impossible for us to get everyone we know that.

Matron of Being Murdered — 10/14/2022

Right, though, hit us up with that 1-4

BHLŦRŁDŦSmNŦAke — 10/14/2022

We had some prepared but it was brought up that I was keeping things too IC rather than just leveling OOCly with what we had prepared so I'm in the midst of hashing that out

Fairview acts as a whole, sorry that it's taking us a bit :<

Matron of Being Murdered — 10/14/2022

Yee yee

Matron of Being Murdered — 10/15/2022

Just, whenever you're able to really

Also, GM's. May I add my captain of the guards to this chat.

I feel like they have room in the discussion for what they intend and their views and stuff.

when we have things to start discussing.

Anarcho-mom — 10/15/2022

We reached a unanimous agreement over our end so we will post it tomorrow I believe

Matron of Being Murdered — 10/15/2022

Finished the recruitment drive then?

Anarcho-mom — 10/15/2022

recruitment drive ? =0

BHLIRLDRSMLNRLAKE — 10/15/2022

We've only discussed this with Fairview. There haven't been any new people who came to Fairview that were included, no need to be passive aggressive because we're trying to let everyone get as much RP as they can considering this is literally going to be RP death for a lot of people by the end of it depending on which way it goes. I think it's entirely fair for us to take our time and try to organize.

Anyway! We are still finding a schedule, but from the looks of it, it's looking like Wednesday the 26th anywhere between 12 PM and 8PM EST is our best bet. Not 100% still, but just trying to be transparent with you!

But either way, here's the response we came up with as everyone seems satisfied with it now.

Mother wants to add some things to take into account alongside it, so please wait until she does that to properly discuss it.

1- Fairview has been wary of Meiaquar since the declaration of independence, splitting their time between training in preparation, working on building up Fairview properly again, and repairing relations between other nations. Geladyne and Telegrad mostly as it stands. Recently, after some talks with outsiders, Fairview may begin focusing on defenses, however.

2- Still being decided

3- Should Meiaquar make an attack on Fairview, it should be expected that Fairview would like to retaliate the very same. Our representative and their partner is being focused out solely, and as such we will likely do the same, focusing on the Donna and any close to her such as Loki, Coal or Chiba. Should they not be present, depending on the IC, Fairview may march directly into Meiaquar to come after the Donna directly.

4- Should Fairview be victorious we expect equal retaliation. Meiaquar is seeking to eliminate those they see as problems, and as such Fairview will do the same. Any outside of that will likely just be questioned about motives before being released once everything has been settled. Should anyone outside of the problem makers for Fairview prove to seem as though they may create problems for Fairview similarly to the Donna in the future, they may get harsher treatment. That'll be dictated by IC.

Anarcho-mom — 10/15/2022

As for the part that Dev talked about. For Fairview this ... Isn't fun rp. This conflict isn't something we are interested in nor will enjoy but we understand if Meiaquar wants to have it.

Yet this is why we will always ask for a fair trade in return of what you ask from us. If you want to kill some of our character, then we will ask to kill some of yours. We understand why you want to force a lvl 4 conflict and again we won't refuse that you do that as it makes sense IC, but know that a defeat will expose you to the price you ask us to pay.

Conflict decided by mechanic fight isn't however the only solution and I personally believe it is far from the most fun one. We could instead work together to turn this conflict in a serie of events that would be more enjoyable for people as a whole, at least on Fairview side. The option is here and free for you to take.

Matron of Being Murdered — 10/15/2022

Ye, cool cool

Let me see if Wednesday is good

Anarcho-mom — 10/15/2022

Croakie please, make an effort to be polite at least. We never been rude toward you on a OOC level.

Matron of Being Murdered — 10/15/2022

Yee, im just sorting this out on my end

My friends do have lives so I wanna talk to all them and get it sorted

Bil̥̥̥R̥̥̥D̥̥̥S̥̥̥N̥̥̥Ake — 10/15/2022

And that's completely fair! Hopefully we can find a good time for everyone.

Matron of Being Murdered — 10/15/2022

Yee, anyways, my advisor is going to read up a bit
taps out with Moku

Anarcho-mom — 10/15/2022

On another subject, we do agree that if a main is present in the faction, you are not allowed to come with a alt to the battle. As it would end-up making everyone creating alt to never risk their main in a fight

Matron of Being Murdered — 10/15/2022

Thats perfectly valid

Im going personally as the Donna so

And none of my people will be alting

□ Dystopia □ — 10/15/2022

yeah, that's part of the rules of the game, so I'd hope nobody would

Anarcho-mom — 10/15/2022

We made sure that everyone on our side is on their main too

Matron of Being Murdered — 10/15/2022

Or, well, what constitutes a main and an alt

Because some people have multiple characters, though only one of which is involved here

□ Dystopia □ — 10/15/2022

the key is to bring one character per player, so long as nobody is alting during the fight, you're probably fine

Regisseur Bread — 10/15/2022

The character actually involved in the Conflict, is what I'd say.

□ Dystopia □ — 10/15/2022

Matron of Being Murdered — 10/15/2022

Matron of Being Murdered — 10/15/2022

So main isnt the main detail, just that, one per person

□ Dystopia □ — 10/15/2022

yes

Matron of Being Murdered — 10/15/2022

Cool

Also that days my birthday.

There was no earlier one?

Anarcho-mom — 10/15/2022

Sadly it's basically ... Our only day

Sure

Bhl̥ṛ̥R̥Ḃ̥Dr̥Sm̥N̥ṛ̥Ake — 10/15/2022

Aaaaa

Anarcho-mom — 10/15/2022

We can try to push it to the next wednesday ?

Matron of Being Murdered — 10/15/2022

Nah

No delaying this too much, its cool hun

I dont want to spend a month on something like this

Anarcho-mom — 10/15/2022

Well if it's what you want and you feel cool with that =o

Matron of Being Murdered — 10/15/2022

Though, thats like super far away.

Anarcho-mom — 10/15/2022

Reassure me, it isn't a way to leave leader or something like that right ? Because we could do far better storytelling than that

And we have no interest into governing Meiaquar, if the Don and Donna die we will dump the city to someone else, I don't even know who

Matron of Being Murdered — 10/15/2022

Lets stay on topic for now

Once moku drops his mic ill go off a bit too

Willy Wonka — 10/15/2022

Forgive me but I am a little confused. Why do you need eleven days?

Matron of Being Murdered — 10/15/2022

I thought they were training all yesterday so I was hoping finding a date wouldnt be difficult

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

Okay. I've read up on the chat. And I would like to start by saying this, and I apologize if anyone takes offense to what I have to say here.

Starting off, on the not fun for fairview. Its not fun for meiaquar either, conflict on this scale never is, there is never a case of we'll all be happy. I wish there was.

I do however feel this needs to be brought up, as much as I hate it.

Regarding this entire conflict. I have to point out that there has been 0 IC mention of anything regarding an offensive. And up until that point fairview had been completely focused on repairs to buildings, and reconstruction in general, even and I quote for the most part "now that the issues with meiaquar have been settled, we can finally return to rebuilding"

Not the words of someone wary of an impending attack...and then, this channel was created...and within the hour croakie had placed our plans for you to see, so we could come to an agreement. And within that same hour or the one shortly after. Your people had a sudden shift from repairs to relations with other nations, meeting with other leaders. Looking for support on how to handle "the impending attack"...not to mention it took several days for you to post your plan...I understand this is not fun, but I have to say (and please do correct me if I am wrong. I have been before) this feels like it is a bit of a stall to gain more support...

As for if fairview wins this conflict. You will have to remember, that in Devs own words NPC armies are defensive. Fairview would not be able to "march into meiaquar for the donna" there is an npc army, something fairview does not have...since at that point we'd be on the defensive

it would play a much bigger part. If meiaquar loses, the best you could likely hope for would be your freedom from meiaquar. But that will of course have its own issues arise down the line no doubt.

I apologize for the length, but please consider that we are also people, and we have just as much invested into this, we're all trying to be civil, but it does in my opinion feel as if some stalling was done. And while I hate this word, possible meta gaming due to the sudden shift in policy when the OOC channel was made..

That is all. Hopefully we can resolve this soon, sorry for any repeating points. Im at work, on mobile, and smoll screen.

BH1:R4DrSmN:Ake — 10/15/2022

You can look in the logs of this very server to see that before the Donna ever even posted her plans, Yuri was already trying to schedule a meeting with the Duke of Telegrad and Clement for the record. Yuri has been trying to do this ever since the whole debacle between him and Morcom and finally had time. This has been a long time coming IC with her, and of course she's going to talk about her worries with him. You can ask him yourself. She never said anything was going to happen for a definite, she was just spilling out worries.

The plans to meet with Duyuei (which we haven't done yet) and Geladyne have also been a long time coming as we've been trying to find a good time for Ash to apologize to them. This was being prepared weeks ago, but with all the Meiaquar drama we were never able to properly do so. We finally got time on our end icly with us dropping Meiaquar, so of course we're finally going to start doing all the things we've been trying to do.

Please don't try to push us taking time to properly plan out things oocly with everyone so we are all properly able to get on and get RP as to not have another Beggar's Hole situation specifically with those in Fairview who are involved as us attempting to find more support. Like I said prior, we are not including anyone who wasn't already involved.

It's not about if we could march into Meiaquar, it's about that we would try because that is most likely where our IC would lead us. If we lost on the march, so be it. This is an ooc discussion about what oocly might happen.

We're trying to be respectable and not point fingers or complaints at any of you, we're just trying to handle things as respectfully as possible.

Anarcho-mom — 10/15/2022

I have to point out that there has been 0 IC mention of anything regarding an offensive. Your Don left clearly indicating that things weren't going to stay like this. The Donna made clear that she would never stop chasing after Ash and you posted an announce to recruit more guards despite the fact that there is enough to handle the level of crime currently in Meiaquar. As much as there is 0 mention IC of an offensive, there are signs that make Fairview scared. We believed since the second we posted the Declaration of Independance that Meiaquar would

attack and even if Everyone in Fairview hope it will never happen, they also do not trust Meiaquar one single second to allow Fairview to live in peace.

And it seems they are right to believe so.

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

These are pings taken from the fairview notice board.

This is not what I would do if I expected an attack from a major nation I just split from. Just saying.

Image

Image

Matron of Being Murdered — 10/15/2022

As for this taking multiple events, or this being settled in other, lengthier ways.

No, what happened was a handful of people living in the slums declared independence on a nation of korvara, threatened them, took their land.

Meiaquar has zero IC reason not to just settle things as quickly as possible, the only hold up being ooc terms.

The issue isn't Fairview or its existence. It's the independence without any benefit to Meiaquar and the people running it have no intention to compromise. The folk? alright. The leaders, instigators.

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

Again. I am trying to find out everything I can. But it seems ICly the leadership thought they'd stopped all the drama with Meiaquar.

Anarcho-mom — 10/15/2022

Not the words of someone wary of an impending attack...and then, this channel was created...and within the hour Croakie had placed our plans for you to see, so we could come to an agreement. And within that same hour or the one shortly after. Your people had a sudden shift from repairs to relations with other nations, meeting with other leaders. Looking for support on how to handle "the impending attack"...not to mention it took several days for you to post your plan...I understand this is not fun, but I have to say (and please do correct me if I am wrong. I have been before) this feels like it is a bit of a stall to gain more support...

That's a nice accusation of metagaming however the demand of Yuri to see Sable precede this channel by hours and there is plenty of logs in-game of us talking about making sure we go well with Duyuei, Geladyne and Telegrad, we even formed diplomatic teams days before you do anything here.

The game is filled with logs of that.

Matron of Being Murdered — 10/15/2022

We have like 4

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

Some of which I could admit are just poorly timed coincidences.

Anarcho-mom — 10/15/2022

As for if fairview wins this conflict. You will have to remember, that in Devs own words NPC armies are defensive. Fairview would not be able to "march into meiaquar for the donna" there is an npc army, something fairview does not have...since at that point we'd be on the defensive it would play a much bigger part. If meiaquar loses, the best you could likely hope for would be your freedom from meiaquar. But that will of course have its own issues arise down the line no doubt.

Then I am sorry but we won't accept to be forced in a level 4 fight we don't want if you desire to kill us but stay safe.

Matron of Being Murdered — 10/15/2022

Thats why gms are here thankfully

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

Oh no. We will allow death and injuries. My point was you cant march into a major nation and kill a leader against an army. If the donna dies in battle. She dies. But not after the fact.

Matron of Being Murdered — 10/15/2022

To do the decision for us

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

Several of our fighters are willing to give lvl 4

Anarcho-mom — 10/15/2022

I apologize for the length, but please consider that we are also people, and we have just as much invested into this, we're all trying to be civil, but it does in my opinion feel as if some stalling was done. And while I hate this word, possible meta gaming due to the sudden shift in policy when the OOC channel was made..

You have invested nothing in Fairview, please do not make this attack justified on a OOC level and do not start meta-gaming accusations.

It feels like inviting you to this channel was a mistake as discussion were polite and cordials without random accusations before you came in.

BH17RzDrSmN7Ake — 10/15/2022

We're still doing all that, what about it? It's not as though we're preparing any proper defenses as we still have no ic proof to do so, it's just worries. Hence why it's not our main focus. The most we've done, as stated in the above, is prepare ourselves with fighting and talk of tactics on the off chance Meiaquar shows up at our doorsteps at some point.

Anarcho-mom — 10/15/2022

I will repeat our condition. If you ask for the head of Yuri and Ash, we will ask for the head of the Donna and the Don. Fairness is important.

Matron of Being Murdered — 10/15/2022

No, it was needed because discussions arent just everyone agreeing with eachother

□ Dystopia □ — 10/15/2022

Please remember that those are win conditions, not an exchange

Matron of Being Murdered — 10/15/2022

Its to discuss different views

□ Dystopia □ — 10/15/2022

Both are unlikely in a single conflict resolution

Retaliation attempts can come later, but either way someone will win and someone will lose, here

Matron of Being Murdered — 10/15/2022

I think its entirely silly to wait 11 days for something that'll take an afternoon, as it just lets for more prep time when Meiaquar has no reason to wait

Anarcho-mom — 10/15/2022

Then just leave us alone ?

Matron of Being Murdered — 10/15/2022

no?

Anarcho-mom — 10/15/2022

It's not like you were using the slum.

Matron of Being Murdered — 10/15/2022

IC actions have IC consequences

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

Thats not the point.

□ Dystopia □ — 10/15/2022

I'm sorry but you can't secede from a nation and then demand that the nation does nothing about it

Anarcho-mom — 10/15/2022

Then if you want to force us into a conflict, do at least when we are around.

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

Thank you dyst.

□ Dystopia □ — 10/15/2022

Claiming territory brought the conflict

Anarcho-mom — 10/15/2022

That's a IC reflection, we are talking currently on a OOC level.

BhlꞤRꞤDrSmNꞤAke — 10/15/2022

Why is it silly to give everyone a chance to participate in the climax of something they've spent the past 2 months dealing with?

This isn't Eternia! This is RP meant to be as enjoyable as possible, a game.

The whole reason Dev did this was to avoid another Beggar's Hole situation and it seems like you want one.

Matron of Being Murdered — 10/15/2022

Not only secede, stealing a large portion of land, levied threats, and talks with other nations

Anarcho-mom — 10/15/2022

I believe Dev asked us to keep in mind that it was a game and as such supposed to be fun

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

As for accusing of metagaming. I call what I see. I offered you to correct me if wrong. But all you did was insult me.

Anarcho-mom — 10/15/2022

Yet we are planning the death of characters in a way no one as fun with

Matron of Being Murdered — 10/15/2022

Which was brought upon by their actions

Bil̥ṛ̥R̥Ḃ̥Dr̥Sm̥N̥ṛ̥Ake — 10/15/2022

I gave you all the info about everything you said, I never insulted you

Willy Wonka — 10/15/2022

Alright so clearly things are getting a bit tense here let all take a breath.

Meiaquar leaving faireview alone is literally going against IC, and waiting eleven days to resolve this is pretty frustrating because it takes away from other stuff everyone wants to do.

Let's take a step back and reevaluate the situation.

Matron of Being Murdered — 10/15/2022

And no one is to blame but that

Anarcho-mom — 10/15/2022

Moku, you have no proof. All you have are accusations but on our side we do have proof we didn't metagame. So you are wrong, end of the talk.

And yes I feel insulted that your first message here is an accusation of metagaming. It shows your spirit approaching this encounter.

Anarcho-mom — 10/15/2022

Well we could also simply sit and talk about the resolution and play the scene rather than try to make it become a mechanical conflict

Matron of Being Murdered — 10/15/2022

I'll wait for dyst before continuing

□ Dystopia □ — 10/15/2022

There are consequences for IC actions, so if you didn't think the conflict would be very fun and weren't prepared for conflict when you did it....

It's too late to back out now and ideally everyone could still enjoy themselves here, moving forward with the conflict that's now going to occur

This isn't meant to be 'well if I'm not having fun then I'm not doing it', you can't grandstand that when you've already made the bed and started the spark of the conflict ICly

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

You have to understand how I see it mother, you were obviously unaware that anything would happen. And you were not preparing for an obvious attack, then it became ooc knowledge. And suddenly all hands are on deck. I have to use my common sense. Please correct me if I am wrong. Do not just call me an accuser.

□ Dystopia □ — 10/15/2022

And yes, please everyone take a step back and chill

This was also never meant to be so hostile

Anarcho-mom — 10/15/2022

Oh but trust me Dystopia. We are. I don't think a single second that Meiaquar stands a chance against us.

Doesn't make it fun still. Only painful.

Also I do not appreciate your view of the event Dystopia. As if we were the one to spark the conflict. You are trying to put all the blame on Fairview which isn't neutral and as an admin your stance should be to be neutral.

□ Dystopia □ — 10/15/2022

Secession was the spark of the conflict. This conflict.

That's the focus here

Matron of Being Murdered — 10/15/2022

They were given like 20-30 ic chances for this not to happen

Willy Wonka — 10/15/2022

I really don't think trying to guilt trip the admin is going to do you favors, lets focus on the task at hand.

Matron of Being Murdered — 10/15/2022

Now its going to

Anarcho-mom — 10/15/2022

No. The Don coming and trying to force Ash exiled sparked this conflict. But this happened because the older Don left. Which happened because of trouble with you and Croakie. Which happened ... etc etc

Matron of Being Murdered — 10/15/2022

You have been sparking the conflict for ages and it was pardoned repeatedly

Willy Wonka — 10/15/2022

The Exile that was already placed upon Ash.

Bil̸R̸Dr̸Sm̸N̸Ake — 10/15/2022

This isn't a chat meant for you all to jump in and attack the two people trying to be respectable and fair, just asking for the same thing we've been giving you the whole time.

This isn't a chat meant to point fingers and accusations that are literally untrue.

This isn't a chat to be paranoid and throw insults in. That one goes to everyone.

This is a chat meant to discuss OOC agreements and schedule something that is supposed to be at least attempted to be fun. Not forced into another Beggar's Hole situation, not to bully or pressure. We're being transparent and giving you the best date we've had so far.

IC Conflict in a game is not meant to be handled as if you are attacking the people OOCly, it is not meant to be taken personally.

This has spiraled out of control.

Willy Wonka — 10/15/2022

□ Dystopia □ — 10/15/2022

Not really, it has no bearing on the conflict here. This isn't about why they seceded.

They chose that, and that choice has consequences. This OOC discussion is meant to focus on resolving the conflict that came from that choice in particular.

Matron of Being Murdered — 10/15/2022

I do have a proposal though, once dev posts that should fix all of this

Devourer Of Souls — 10/15/2022

Well, since I've been pinged I'll give my general thoughts on what's been shared recently.

First of all, the concerns of metagaming. I'm not sure if it really benefits the discussion, even though I understand the concerns are due to the timing. I don't think it's unrealistic for a group who seceded from a town to seek foreign aid and such, and maybe the timeframe for it was pushed up knowing that this is coming OOC. Sorta on the fence here, but like I said, I don't think it's actually important or beneficial to throw it around. Just my opinion.

Second of all, the idea that Fairview doesn't want this and that this is somehow unwarranted by Meiaquar isn't really valid. You don't really try and pull a whole section of ruled land away from the authorities and expect nothing to happen in response. The exile was the result of IC actions.

Seceding from Meiaquar is also an IC action, and it's definitely what I would consider the spark of the conflict.

Thirdly, regarding Fairview's response; On #3, I don't think it's wise to discuss potential fates of people who aren't in the chat. I'd also like it to be clear what actions Fairview plan to take with them if they get the chance. Also, as I mentioned in private GM channels (with the intention to mention it here once it came up), but while NPCs don't have much role in this conflict offensively, they do defensively. Trying to march into Meiaquar is basically suicide because of it and if it's done, I wouldn't expect anything else other than going out in a blaze of glory.

Matron of Being Murdered — 10/15/2022

Right, if its okay, i'll propose my solution

i didn't think of this myself, one of my friends did

Билэг Р. Дорж С. Н. Агва — 10/15/2022

Go ahead

Matron of Being Murdered — 10/15/2022

but i think its the most fair.

Right, so

Starting what I want to say, Monday. Meiaquar will put Fairview under siege.

Our armies will entirely surround Fairview, and leaving the area will be impossible. This is taking mother's multiple event long thing, but just moving it to starting now.

When you have groups of people available, we can do a fight with a few of my people, and we can spread these fights out over a few ooc days until everyone gets a go, then we call it there. Instead of trying to find a single day where you can fit everyone find days where you can make parties.

that way we're not waiting for 12 days

and since party size is limited to 4, its not like having multiple fights at the same time does anything.

Anarcho-mom — 10/15/2022

If we want to just make it simple, we can just make the Don + The Donna + 2 others vs Yuri + Ash + 2 others

and around make a big event of fight etc

as the army attack

a few hours and it's all over

And I'm glad we returned to just trying a way to make everyone happy. Since no one will take any pleasure in that, let's deal with it in the quickest possible way

Also Dev. I never said that I did not expected retaliation over Fairview IC. My talk was and is always OOC. If neither of the side take pleasure in this, it is in our interest to find a quick solution or a compromise, rather than going for anything complicated that nobody wants.

BHLIRLDRSMLAKE — 10/15/2022

I'm honestly okay with either of these things. The long fight thing genuinely sounds fair, and we could probably get it finished in 2-3 days.

Mother's proposition seems like it could be really great for IC if we did that amidst the whole event thing going along

Anarcho-mom — 10/15/2022

Be it a quick fight or just saying "okay that happen, it's like this"

BhlꞤꞤRꞤDrSmNꞤꞤAke — 10/15/2022

the only problem I see with it is people will be locked out of IC

Until it's over I mean

Anarcho-mom — 10/15/2022

As for the defensive army, as much as I understand it. What it will encourage is that basically the Don and the Donna could sit in Meiaquar, send vague after vague of guards to kill Yuri and Ash

Matron of Being Murdered — 10/15/2022

oh im bringing everybody

BhlꞤꞤRꞤDrSmNꞤꞤAke — 10/15/2022

But if everyone is okay with that, it sounds solid

Anarcho-mom — 10/15/2022

and each time the guards die, they make a new char and come back

Matron of Being Murdered — 10/15/2022

but like, im fine with this taking a few days

Anarcho-mom — 10/15/2022

I don't say they will do that

I just say "be careful with giving invulnerability to place"

That can easily be abused

What makes me fear over the "few days" stuff is that. We basically ... Put in prison during a few days people. I would at least make sure the people getting closed in agree to such thing.

Regisseur Bread — 10/15/2022

The GMs wouldn't allow throw away mooks, and I don't think it's something that'd happen at all in the first place.

Matron of Being Murdered — 10/15/2022

it was specified that no offensive npcs

so my army is comprised of players

but yes, there is also no reason to risk myself when im the leader of a nation, with people at my disposal to fight battles for me, but the donna will also be present during all the battles, because of ego

Anarcho-mom — 10/15/2022

Then what is the point of making that in the first place ? The Donna and the Don send their guards outside. They die and then they spend the rest of their life inside the city unable to leave to not be killed but unable to re-attack because it wouldn't be allowed ?

BhlꞤꞤRꞤDrSmNꞤꞤAke — 10/15/2022

I appreciate that as it leads to better IC

Matron of Being Murdered — 10/15/2022

yee, ill be present during the fights dw

Anarcho-mom — 10/15/2022

(once more I don't say they do that, I'm just saying that it could create weird situations)

Anarcho-mom — 10/15/2022

I mean to be fair I think it would be the best somehow ... As it's supposed to be a player driven narration and we lack way to really measure or influence NPC population for now. Or even really measure the damages they would do.

Bhl̥ṛ̥R̥Ḍ̥S̥m̥N̥ṛ̥Ake — 10/15/2022

Also, as to elaborate about speaking about the other PCs, that's why I included a may in terms of what we'd do to them as they aren't here. We would just talk it over with them in the game at the time and see if they were okay with it. If not, we'd just treat them like everyone else.

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

@Bhl̥ṛ̥R̥Ḍ̥S̥m̥N̥ṛ̥Ake i want to apologize for anything that came off as accusatory. I was going on what I had personally seen. Which is why i wanted to bring it up, so it could be aired out instead of just assuming.

Devourer Of Souls — 10/15/2022

I generally err on the side of common sense. While I'm reasonably confident if I got into a fight with a bunch of babies, I'd win. If it were a couple thousand babies, I'd probably lose. This is of course assuming that an NPC guard is as strong as a baby compared to a PC, which is a generous estimation in the PC's favor.

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

I still want to apologize to you regardless.

Bhl̥ṛ̥R̥Ḍ̥S̥m̥N̥ṛ̥Ake — 10/15/2022

That's perfectly fine, but I do think it would've been better handled in DMs personally.

Anarcho-mom — 10/15/2022

Well. My advise. Put volcanic on your sword. And suddenly you will defeat the thousand babies. But yeah I see the point

It's just that yeah common sense, is never common sense. It is a subjective value that will fluctuate between each player and create frustrations. And we know how Byonders react to frustration sadly.

Matron of Being Murdered — 10/15/2022

i imagine guards are like
the ones you can grab from telegrad or dormenho
but fully leveled
while also not adhereing to the party size limit

Bhl̥ṛ̥R̥Ḍ̥S̥m̥N̥ṛ̥Ake — 10/15/2022

I'm going to go bring up this topic to the others in Fairview about the whole multi-day war thing so everyone can properly get a chance. I think I'm personally for it though.

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

THIS HAS BEEN PROVEN TO BE A MISCOMMUNICATION ON MY PART, DO NOT ACCEPT AS TRUE

Also. Can I just say one more thing. Conflict can be avoided in this, meiaquar is not unreasonable. We are going to offer them a chance to surrender before open warfare.

Surrendering would likely see them paying heavy trade tariffs to meiaquar, and still being a part of the country. But they would likely be allowed to continue to exist. As long as negotiations don't break down. The main reason for the attack is the theft of territory.

Anarcho-mom — 10/15/2022

Mechanically, the more they are, the better it is. A good old stack + crit + volcanic + explosion and you get soup but I sidetrack.

Matron of Being Murdered — 10/15/2022

lets uh

hang on there.

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

Sorry about that.

Bhl:RzDrSmN:Ake — 10/15/2022

If this is what actually happens, I do appreciate you bringing that up. This is an OOC talk.

Matron of Being Murdered — 10/15/2022

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

Wasnt it. Then i apologize.

Willy Wonka — 10/15/2022

Yeah, that was still being talked about

Matron of Being Murdered — 10/15/2022

ye it scool

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

Recend that.

Matron of Being Murdered — 10/15/2022

ill fill you in what i intend in the chat

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

Ignore what I just said. It was a miscommunication on my part.

Anarcho-mom — 10/15/2022

Sadly, Fairview will never surrender. The entirety of the player chose to rise due to IC reasons of added grudge over grudge that I believe everyone know here.

Matron of Being Murdered — 10/15/2022

but also, just to note: I don't intend to kill anyone during the attack

and I don't intend to execute the average citizen

Anarcho-mom — 10/15/2022

The Don coming after we obeyed him and trying to make things worst for them was the last straw for everyone.

So we are going straight for the battle.

Matron of Being Murdered — 10/15/2022

right

lets start monday then.

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

Sounds good to me.

Matron of Being Murdered — 10/15/2022

we don't have to start fighting

but we're starting the siege

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

This makes it work for more people with several small scale battles.

Anarcho-mom — 10/15/2022

Also it's not an accusation. Just an explanation of what happened. Revolt been brewing for irl weeks at this point

So to recap

You guys come and surround Fairview, closing everyone in.

Then we form our spear ? And each spear fight another spear when they are both available ?

Or do we just do a Leaders + escorts fight ?

Matron of Being Murdered — 10/15/2022

honestly

yeah we'll plan here

when you can form a party that wants to fight

ill send in a party that will meet them

Anarcho-mom — 10/15/2022

Okay. And each people can only fight once, and they decide of the fate of the other party ?

Matron of Being Murdered — 10/15/2022

we'll make sure that everyone that wants to fight, fights at least once

if you can't form a full party

ill allow some repeat people

but only if like

only 2 or 3 people haven't fought yet

Anarcho-mom — 10/15/2022

I believe we have more troops than you

Matron of Being Murdered — 10/15/2022

lol

anyways

ye this sounds good

Anarcho-mom — 10/15/2022

scratch her head

Devourer Of Souls — 10/15/2022

I have an unrelated question if this is the route you're going.

Bil̥ṣ̥R̥D̥S̥N̥Ṣ̥Ake — 10/15/2022

I was on the assumption that it would just be anyone who loses would be unable to continue

Devourer Of Souls — 10/15/2022

Which is mainly regarding non-involved foot traffic.

IE, through Meiaquar Outskirts to Telegrad-Meiaquar Highway

Matron of Being Murdered — 10/15/2022

meiaquar is blocking anyone from going near fairview

regardless

as long as they dont get close to the town, i think they can just kinda, weasel past?

Devourer Of Souls — 10/15/2022

Just want that to be clear so I know if people can ICly walk around the siege or if we're gonna be taking the long way around for a while.

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

Forgive me if this is wrong. But the way the map is. It would be possible to go around from telegrad no?

Matron of Being Murdered — 10/15/2022

like i dont want to block anyone from spending like 7 minutes walking around korvara but ic im not letting anybody just walk next to fairview

Anarcho-mom — 10/15/2022

I mean to be fair you just need to turn left at the top of the hill rather than walk down the stairs

the detour is huh

non-existent

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

From the south then west you can skirt past fairview.

Matron of Being Murdered — 10/15/2022

Image

Anarcho-mom — 10/15/2022

Yeah

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

Yeah that.

Brl̥ꞤR̥ꞤDr̥Sm̥N̥ꞤAke — 10/15/2022

Image

you can actually go in on top of the cliff

Anarcho-mom — 10/15/2022

Or you can just take left where the blue line start

Matron of Being Murdered — 10/15/2022

oh

Brl̥ꞤR̥ꞤDr̥Sm̥N̥ꞤAke — 10/15/2022

you don't even need to go all th at way

Anarcho-mom — 10/15/2022

you can go down from the cliff

Matron of Being Murdered — 10/15/2022

then the cliff will be hte only route

if thats fine

i dont wanna block people hard

Devourer Of Souls — 10/15/2022

Alright. I'd mention that whenever this siege starts then.

Anarcho-mom — 10/15/2022

that block the ice palace tho

Devourer Of Souls — 10/15/2022

I would also recommend that

□ Dystopia □ — 10/15/2022

I think a scene lock would probably help too, in general

Bhl̥ṛR̥D̥S̥m̥N̥ṛAke — 10/15/2022

As long as everyone involved in Fairview is immune to that scene lock I don't mind personally
Devourer Of Souls — 10/15/2022

Anyone from Fairview who is intending to take part should probably be in Fairview beforehand, or at least allowed to slip in (though you're gonna wanna mention who is actually there here I think, if you go that route)

Matron of Being Murdered — 10/15/2022

yeah, uh, the army is blocking anyone from icly leaving

Anarcho-mom — 10/15/2022

I don't know personnaly upon the scene lock, depend if it's a siege or a battle

Matron of Being Murdered — 10/15/2022

its a siege for a reason

Bhl̥ṛR̥D̥S̥m̥N̥ṛAke — 10/15/2022

Reminder that the whole point of this is for people to be able to actually be in the battle that is a climax to their character's story in Fairview and Meiaquar

□ D̥ṽstopia □ — 10/15/2022

The scene lock would only be to keep people unrelated to the conflict out

Bhl̥ṛR̥D̥S̥m̥N̥ṛAke — 10/15/2022

That's fine if they're completely unrelated I don't mind

□ D̥ṽstopia □ — 10/15/2022

But ideally with the multiple day siege format, there'd be sign up sheets of some kind so everyone has a set role on each day

Anarcho-mom — 10/15/2022

I mean the problem is, who is related or unrelated

□ D̥ṽstopia □ — 10/15/2022

to better keep track of things

Anarcho-mom — 10/15/2022

Is a civilian of Meiaquar unrelated ?

Devourer Of Souls — 10/15/2022

I just mean in the event that someone might be logged off right now outside of Fairview but would logically be there for the battle/siege.

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

Yes.

I assume

Anarcho-mom — 10/15/2022

What about someone that wants to help Fairview from an outside position ? As we do have a bunch of people all around that like us but don't live there

Bhl̥ṛR̥D̥S̥m̥N̥ṛAke — 10/15/2022

I would imagine anyone who isn't in Fairview at the time and doesn't live in Fairview would be considered locked out

Matron of Being Murdered — 10/15/2022

oh yeah thats fair

but i dont want them running to like across the island

BhlꞤꞤRꞤDrSmNꞤꞤAke — 10/15/2022

But possibly allowed in as it is spanning over days

Matron of Being Murdered — 10/15/2022

to ask for help

Anarcho-mom — 10/15/2022

Well. How long would the siege last IC talking

□ Dystopia □ — 10/15/2022

Anarcho-mom — 10/15/2022

Moku, you have no proof. All you have are accusations but on our side we do have proof we didn't metagame. So you are wrong, end of the talk.

And yes I feel insulted that your first message here is an accusation of metagaming. It show your spirit approaching this encounter.

Anarcho-mom — 10/15/2022

Well we could also simply sit and talk about the resolution and play the scene rather than try to make it become a mechanical conflict

Matron of Being Murdered — 10/15/2022

Ill wait for dyst before continuing

□ Dystopia □ — 10/15/2022

There are consequences for IC actions, so if you didn't think the conflict would be very fun and weren't prepared for conflict when you did it...

It's too late to back out now and ideally everyone could still enjoy themselves here, moving forward with the conflict that's now going to occur

This isn't meant to be 'well if I'm not having fun then I'm not doing it', you can't grandstand that when you've already made the bed and started the spark of the conflict ICly

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

You have to understand how I see it mother, you were oocly unaware that anything would happen. And you were not preparing for an obvious attack, then it became ooc knowledge. And suddenly all hands are on deck. I have to use my common sense. Please correct me if i am wrong. Do not just call me an accuser.

□ Dystopia □ — 10/15/2022

And yes, please everyone take a step back and chill

This was also never meant to be so hostile

Anarcho-mom — 10/15/2022

Oh but trust me Dystopia. We are. I don't think a single second that Meiaquar stand a chance against us.

Doesn't make it fun still. Only painful.

Also I do not appreciate your view of the event Dystopia. As if we were the one to spark the conflict. You are trying to put all the blame on Fairview which isn't neutral and as an admin your stance should be to be neutral.

□ Dystopia □ — 10/15/2022

Secession was the spark of the conflict. This conflict.

That's the focus here

Matron of Being Murdered — 10/15/2022

They were given like 20-30 ic chances for this not to happen

Willy Wonka — 10/15/2022

I really don't think trying to guilt trip the admin is going to do you favors, lets focus on the task at hand.

Matron of Being Murdered — 10/15/2022

Now its going to

Anarcho-mom — 10/15/2022

No. The Don coming and trying to force Ash exiled sparked this conflict. But this happened because the older Don left. Which happened because of trouble with you and Croakie. Which happened ... etc etc

Matron of Being Murdered — 10/15/2022

You have been sparking the conflict for ages and it was pardoned repeatedly

Willy Wonka — 10/15/2022

The Exile that was already placed upon Ash.

BHlRzDrSmNjAke — 10/15/2022

This isn't a chat meant for you all to jump in and attack the two people trying to be respectable and fair, just asking for the same thing we've been giving you the whole time.

This isn't a chat meant to point fingers and accusations that are literally untrue.

This isn't a chat to be paranoid and throw insults in. That one goes to everyone.

This is a chat meant to discuss OOC agreements and schedule something that is supposed to be at least attempted to be fun. Not forced into another Beggar's Hole situation, not to bully or pressure. We're being transparent and giving you the best date we've had so far.

IC Conflict in a game is not meant to be handled as if you are attacking the people OOCly, it is not meant to be taken personally.

it depends on how long it takes for us to fight you

which is dependent on fairview.

Anarcho-mom — 10/15/2022

Because I believe if it's over a few days people will have time to come

No no I mean

BhlꞤꞤRꞤDrSmNꞤꞤAke — 10/15/2022

I don't think a sign up sheet is a good way to do it if I'm being perfectly honest.

Matron of Being Murdered — 10/15/2022

yes, if anyone decides to help, they will discuss

□ Dystopia □ — 10/15/2022

If the goal is to let everyone have a chance to fight, why would it not be?

Anarcho-mom — 10/15/2022

Well I guess if it's a siege, it doesn't make sense that the scene is locked

BhlꞤRꞤDrSmNꞤAke — 10/15/2022

Because this is happening on Monday, not everyone will be available by that time

Matron of Being Murdered — 10/15/2022

i mean, thats the purpose of a siege.

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

It begins on monday. But will go over several ooc days.

□ Dystopia □ — 10/15/2022

Yes, the sign up would be just....to keep track of who is fighting on what day, not anything else

Anarcho-mom — 10/15/2022

People should be able to come around, delegation try to negotiate, that kind of stuff, in order to involve the other nations

Matron of Being Murdered — 10/15/2022

it completely blocks out everything

if people show up, thats fine

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

From what i ubderstand.

Matron of Being Murdered — 10/15/2022

but no one can just enter fairview

unless ooc they logged off outside of it

BhlꞤRꞤDrSmNꞤAke — 10/15/2022

I'm just making sure the sign up sheet isn't something like anyone who hasn't signed up by Monday is not allowed!

Anarcho-mom — 10/15/2022

Yeah not unless they have a real way to breach the npc army

Matron of Being Murdered — 10/15/2022

no, literally

□ Dystopia □ — 10/15/2022

Nah, it's to keep track

Matron of Being Murdered — 10/15/2022

just make your parties

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

No. I doubt that would be the case.

Matron of Being Murdered — 10/15/2022

and we'll fight them

and then event over lol

Anarcho-mom — 10/15/2022

Okay so about the win and loss of each fight then

□ Dystopia □ — 10/15/2022

having the list of names ahead of time would be ideal

Anarcho-mom — 10/15/2022

How do we do that

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

I think to avoid ooc anger. Gms should delegate.

Then its a more netural party.

□ Dystopia □ — 10/15/2022

Yeah, that's on us

Anarcho-mom — 10/15/2022

Like what does the winner team do, what the loser team do etc

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

Likely loser pulls back. And points go to one side.

Until conflict is concluded.

Anarcho-mom — 10/15/2022

Is each team allowed one fight. Or like Yuri suggested, if you win you can move to fight more ?

Matron of Being Murdered — 10/15/2022

honestly, going until you run dry of fighters might be fun

Anarcho-mom — 10/15/2022

And it's the last standing who win the siege ?

Bil:RzDrSmN:Ake — 10/15/2022

I think that'd be preferable honestly

mainly just because it makes sense

Matron of Being Murdered — 10/15/2022

lets discuss it tho, cause i dont wanna decide for my whole side

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

I can work with that. And stretching the conflict over days allows more people to be oocly able to make it.

Due to work and time zone.

Bil:RzDrSmN:Ake — 10/15/2022

go ahead, we're already discussing it in Fairview

Anarcho-mom — 10/15/2022

Maybe every big conflict should be stretched over days from now on

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

Could work.

Anarcho-mom — 10/15/2022

it seem to be a format working better than the rest

because the side picking the date had an advantage

Willy Wonka — 10/15/2022

Well let's see how this goes first though, It's still untested

Anarcho-mom — 10/15/2022

Also there is a problem

We don't have a inn inside Fairview

Willy Wonka — 10/15/2022

If we are fighting til we run dry, do we need an inn?

Bil:RzDrSmN:Ake — 10/15/2022

So in terms of healing between fights. Fairview doesn't have an Innkeeper even though we icly have stocks of medicine.

Are we allowed to leave and go heal between fights?

Willy Wonka — 10/15/2022

I'm down either way just trying to figure out the minoot details I guess

Bil:RzDrSmN:Ake — 10/15/2022

I love how we both had the same idea at the same time
all three of us actually

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

Im okay with the fighting until running dry.

But also part of me wants to allow more fighting so people are notnleft out....actually.

Anarcho-mom — 10/15/2022

Well, it's not like we are going to chain the fight, I guess we could just eat a sushi and wait but ...

Bil:RzDrSmN:Ake — 10/15/2022

true-

Anarcho-mom — 10/15/2022

If someone wants to chain fight it will be a bit sad to wait that much

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

What about events of regular soilder mobs so people can have moments of cutting down mooks.

Anarcho-mom — 10/15/2022

It would be nice tbf

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

And just generally look cool.

Anarcho-mom — 10/15/2022

Also allowing fight that aren't like
official

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

Also gives validation to npc.

Anarcho-mom — 10/15/2022

For the people getting defeated too quick

But we don't have mook to offer tho

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

Eventmins can spawn mobs.

PvE for less developed builds to offer help.

So they dont feel useless if they get nuked.

Matron of Being Murdered — 10/15/2022

well, meiaquar does have mooks

Willy Wonka — 10/15/2022

Another question

I think I know the answer but I will ask anyways

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

I dont think it will be an issue. Both sides have a lot of fighters I assume.

Willy Wonka — 10/15/2022

When you say "Lose a PVP does that mean if one person gets knocked out but the team wins that one person can't be apart of the next fight? Or is it just if the team loses the team can't participate?

BhlꞤRꞤDrSmNꞤAke — 10/15/2022

No I mean team loses

Willy Wonka — 10/15/2022

I figured

BhlꞤRꞤDrSmNꞤAke — 10/15/2022

Mhm

Willy Wonka — 10/15/2022

But I want it to be as clear as possible

BhlꞤRꞤDrSmNꞤAke — 10/15/2022

Fair enough!

Moku (Serenity/Kiki/Anastasia) — 10/15/2022

I will say, maybe if they go down. They gain a debuff? Worn out lvl x for each time they go down. To make them less useful in the next fight? To prevent nuke builds who can wipe someone without caring much.

□ Dystopia □ — 10/15/2022

Whatever terms you guys decide upon, maybe write them up and we'll pin them after the discussion?

Anarcho-mom — 10/15/2022

Yeah better team because the knock down thingy with hard die and all would be a headache

Devourer Of Souls — 10/15/2022

Just to throw in my two cents, and you're free to disregard it if you all come up with something that you like more, but my personal opinion is just that people fighting once is simplest (unless there's some kind of imbalance near the end, like it'd be a 2v4 or whatever).

Anarcho-mom — 10/15/2022

We make the team before the siege and aren't allowed to change them mid way I believe ?

Anarcho-mom — 10/15/2022

And then the team scoring the most win ?

Devourer Of Souls — 10/15/2022

That's up to you guys but generally the score would influence the IC to follow I imagine, yes.

BhlꞤRꞤDrSmNꞤAke — 10/15/2022

I still like the whole last one standing idea more personally. Sounds way cooler for IC

Anarcho-mom — 10/15/2022

Hmmm ... What I don't like with that is the fact that your character can die despite never losing it's kinda sad

I ... Do prefer the "if you win you continue" too as it ... Make you put less pressure over your comrades.

I don't want some friends feeling guilty over the death of Yuri for example because they didn't pvp well enough

that would be a good way to make them leave the game

BhlꞤꞤRꞤDrSmNꞤꞤAke — 10/15/2022

that's true yeah

Matron of Being Murdered — 10/15/2022

well

thats the horrors of war

if an army loses, some people will feel guilty

Anarcho-mom — 10/15/2022

I mean yeah. But how to explain that winning every fight, your char still lost you know ?

And I really fear the level of toxicity it could create.

Matron of Being Murdered — 10/15/2022

Well, we also have to be realistic

any victory fairview gets is a victory, but meiaquar is a giant nation

if the fight ends with defeat, they just have to accept that

but i also like the stock system.

BhlꞤꞤRꞤDrSmNꞤꞤAke — 10/15/2022

Well of course, but we're speaking oocly not icly

Matron of Being Murdered — 10/15/2022

oocly accept it too lol

BhlꞤꞤRꞤDrSmNꞤꞤAke — 10/15/2022

Yes but we should aim for people to have fun in the IC. It's not as though it doesn't make sense for someone to continue fighting if they are still able in a war.

Matron of Being Murdered — 10/15/2022

im confused as to the point youre trying to make

can you restate it

Anarcho-mom — 10/15/2022

I still do have trouble with the idea that the nations are giant

when they likely are just towns

Matron of Being Murdered — 10/15/2022

fullstop

fairview doesn't compare to meiaquar.

Anarcho-mom — 10/15/2022

I never said that

Matron of Being Murdered — 10/15/2022

the difference is measurable.

Devourer Of Souls — 10/15/2022

However you want to quantify it, one side is small compared to the other, is the salient point.

Anarcho-mom — 10/15/2022

Yeah that part I agree

It's just "giant nation"

I'm more like "it's a town"

Matron of Being Murdered — 10/15/2022

its a merchant nation

Anarcho-mom — 10/15/2022

and Fairview is like. A cottage ?

Bil̥ɹ̥R̥ɹ̥Dr̥Sm̥N̥ɹ̥Ake — 10/15/2022

we're just arguing semantics at this point

Matron of Being Murdered — 10/15/2022

yeah

i fail to see the point

Anarcho-mom — 10/15/2022

There is none other than saying I don't feel like "giant nation" is the term. It is semantic owo
Semantic is important too. It's important to agree on the terms we use to understand each
others.

Bil̥ɹ̥R̥ɹ̥Dr̥Sm̥N̥ɹ̥Ake — 10/15/2022

My point was just that we should aim to have fun oocly, but you said you're fine with the stock
system we were talking about prior so it was more just me stating my opinion after you said that.

Devourer Of Souls — 10/15/2022

In any event, you're all welcome to figure out whatever system works for you both. I'll just
mention that the one thing that concerns me personally with the 'continue to fight' system is just
that exhaustion is a thing and it might not make a bunch of sense for someone to continue to
fight every battle just because mechanically their HP/FP is getting restored due to food regen or
whatnot.

But like I said. Whatever you guys wanna do and agree upon is what you'll do.

Bil̥ɹ̥R̥ɹ̥Dr̥Sm̥N̥ɹ̥Ake — 10/15/2022

I suppose we could add something along the lines of when you fight a battle you have to sit out
the next battle that happens unless there's no one left.

as to make it seem as though there's some rest inbetween at least

Matron of Being Murdered — 10/15/2022

honestly, having it so, winners can just fill in a party that can't form a full one should be fine
like if we're near the end and only 3 people in fairview haven't fought

i can see one of its winners joining in to round it out

how about we just do one off fights to start

and see how that works

so the first two fights are just people who haven't fought at all

Anarcho-mom — 10/15/2022

For a battle I would agree that exhaustion is a thing. For a siege ... Far less

Because healing spell and Ki healing exist and over the span of a few days you have time for
that

All you need is a way to gather focus or Ki

Matron of Being Murdered — 10/15/2022

there's also food and goods

Devourer Of Souls — 10/15/2022

The energy of healers isn't limitless and I wouldn't call a siege a very restful environment either.

Anarcho-mom — 10/15/2022

it isn't restfull, but it isn't exhausting neither

Matron of Being Murdered — 10/15/2022

The Siege of Fairview

Starting Monday, October 17th, around 6-7PM est, Meiaquar's military will completely surround the district of Fairview, blocking off any entrance or exit to the area from anyone outside of Meiaquar's military. Other nations, trade and imports will be blocked, and they will remain sieged until the conflict has been resolved.

The players in charge of Fairview will then see which days their players will be able to make, and will propose parties and times. Meiaquar's players will respond by offering their own parties to fight them.

This will continue until at least everyone has fought once, and the wins and losses will be recorded. If one side does not have enough people to form a full party but close to, either 2/4 or 3/4, but still has fighters that haven't gone yet, players that won a previous fight may round out their party to make it full.

The fights will continue, at least, until everyone has fought once, then further discussion might be had if there is a want or need to continue.

During these initial fights, no one will be captured, or maimed horribly. It is expected that after a battle, win or lose, both parties retreat to their respective sides.

Meiaquar's NPC Army will prevent anyone from leaving fairview, and any attempt to do so will have to be spoken with to GMs to see how it will go.

am i forgetting anything.

□ Dystopia □ — 10/15/2022

When is the siege planned to end?

Matron of Being Murdered — 10/15/2022

well, first we're going to have everyone fight once

the siege will last until one of the sides wins i guess

if we beat fairview well enough, and it can be seen that its our victory then

□ Dystopia □ — 10/15/2022

an OOC day should probably be decided upon in advance, just to ensure this isn't like... a two-week long thing

Matron of Being Murdered — 10/15/2022

hopefully before my birthday

on the 26th.

□ Dystopia □ — 10/15/2022

maybe a week, tops?

Matron of Being Murdered — 10/15/2022

sure

□ Dystopia □ — 10/15/2022

17th to 24th? That good with everyone?

and if it ends sooner, then sure, but bare minimum you'd get 4 days, I'd imagine?
just throwing out numbers here, it's up to you all to decide that
but I think a hard limit should be a week

Matron of Being Murdered — 10/15/2022

fair

honestly, we could start the siege earlier
since its not required to start fighting immediately when the siege starts

□ Dystopia □ — 10/15/2022

The GM team probably needs time to come up with win conditions for each side

Matron of Being Murdered — 10/15/2022

fair

□ Dystopia □ — 10/15/2022

So that it's fair, and time to inform you guys of those too

Matron of Being Murdered — 10/15/2022

then a week is fine?

i can do tuesday too

but i doubt this will take longer than a week

BH17R2DrSmN7Ake — 10/15/2022

There is one thing I'd like to propose as to avoid either side counter choosing

And that would be that we simply decide on a team and say that we are ready rather than
announcing the team and who.

Matron of Being Murdered — 10/15/2022

well

i do have people that have personal beef with some of you

Matron of Being Murdered — Today at 3:35 PM

Can you not build another 4 person party this week

Karidan — Today at 3:36 PM

Depends entirely on who you have left in your roster, I don't believe anyone is trying to force a
death by default

Moku (Serenity/Kiki/Anastasia) — Today at 3:37 PM

I'm willing to say since it was a draw, both parties can fight again.

I'm not trying to be unreasonable.

Pandos — Today at 3:37 PM

I am unsure why Fairview has to have a new team ready even?

Anarcho-mom — Today at 3:37 PM

You are unreasonable right now

Matron of Being Murdered — Today at 3:37 PM

Im willing to say the party on our side can sit the rest of this out

Anarcho-mom — Today at 3:37 PM

And we don't have another team ready

Matron of Being Murdered — Today at 3:37 PM

We have more

Pandos — Today at 3:37 PM

Ah carry on

Anarcho-mom — Today at 3:37 PM

And I'm pretty sure that once I announce them that you are forcing a draw on us we are just going to leave this game

And not come back

We don't want to deal with this anymore. I don't know how many time you will need people leaving the game to understand that you are doing things wrong

But guess we will just be another pile of corpse in the bodybags

Karidan — Today at 3:38 PM

Let's have a moment of reason here. Let's talk logistics, because up to this point

Anarcho-mom — Today at 3:39 PM

No Karidan, no

Karidan — Today at 3:39 PM

I have snapped my spine over and over to try to be fair with this situation.

Anarcho-mom — Today at 3:39 PM

We have fought from 1 am to 5 am

Doing our best despite having 15 persons being quite awful in IC and OOC despite being 4 vs how many

Karidan — Today at 3:39 PM

That quite literally is the point.

Pandos — Today at 3:40 PM

No Mother you pause and listen.

Karidan — Today at 3:40 PM

Most of your people deserted before the start of the fight.

Anarcho-mom — Today at 3:40 PM

We still have a chance of winning, and by winning I mean saving our characters from DEATH that is forced on us

Karidan — Today at 3:40 PM

If I was going off of pure IC, you just lost the fight.

There is no possible way you could have stood up and beaten everyone they had gathered.

That's the bottom line of what you were facing. Giving a stalemate and having both sides back off, gives you that chance to figure something out

I already told Kyratio that this was a chance to try to work something out with Meiaquar.

Anarcho-mom — Today at 3:41 PM

Karidan, we aren't getting more people

we are under siege and Meiaquar want ONE thing, our character dead

Pandos — Today at 3:41 PM

It's not about getting more bodies Mother.

Anarcho-mom — Today at 3:41 PM

There is no other choice for us that keeping fighting and making more draw or getting kill by default

and if I go down to my friend and tell them you decided that we lose everytime because they played IC and put their char in safety

They will heavily regret it
And feel guilty for having actually tried to rp the game
you are basically telling them "you should have stayed"

Karidan — Today at 3:42 PM

I don't really see what the OOC has to do with them playing their character
I'm not telling them they should or should not have. It is not their fault, or anyones fault that a
small village decided to stand up to a nation
If people did that shit in real life they'd get obliterated, without even a small portion of the leeway
we've been trying to give.

Anarcho-mom — Today at 3:42 PM

I don't understand what you want from us, we even offered to leave Fairview to Meiaquar and it
wasn't allowed

What do you want us to do Karidan ?

□ Dystopia □ — Today at 3:43 PM

Not only that, but since it was a stalemate, it means that it's not been won or lost yet.

The odds are not in your favor, but maybe with a discussion, things could be worked out

Karidan — Today at 3:43 PM

^ ^ ^

Anarcho-mom — Today at 3:43 PM

We already discussed

Karidan — Today at 3:43 PM

That's what I've been saying this whole time.

Anarcho-mom — Today at 3:43 PM

We proposed to leave
they refused

@Matron of Being Murdered @Willy Wonka anyway we can get out without having Ash and Yuri
killed ?

□ Dystopia □ — Today at 3:43 PM

If you mean the flying over the ocean thing, that was refused over different grounds

Anarcho-mom — Today at 3:44 PM

Flying over ocean ?

What is that ?

Pandos — Today at 3:45 PM

This was a solution Yuri tendered to us in private iirc

Karidan — Today at 3:45 PM

Yessir.

Pandos — Today at 3:45 PM

I am surprised you are unaware.

□ Dystopia □ — Today at 3:45 PM

me too

Karidan — Today at 3:45 PM

As for the "We already discussed"

That was before the stalemate was called and another meeting was supposed to happen in here.

□ Dystopia □ — Today at 3:46 PM

^

Karidan — Today at 3:46 PM

If they make the IC call that Yuri and Ash go down, then.. I really don't know what else you want me to do here.

Anarcho-mom — Today at 3:46 PM

Yuri's player doesn't say everything to me

□ Dystopia □ — Today at 3:46 PM

Things changed when a stalemate happened and you lost all your support, that means another discussion needs to be had to resolve things

Anarcho-mom — Today at 3:46 PM

All I'm asking is, what solution do you offer us to play Karidan ?

Pandos — Today at 3:47 PM

If they make that IC decision your IC in response is to keep fighting until your blood dries or meiaquar gives up

Anarcho-mom — Today at 3:47 PM

Because for now I see that we are allowed to die, or talk and die

Pandos — Today at 3:47 PM

I don't understand the fuss.

Anarcho-mom — Today at 3:47 PM

Okay so we keep fighting them

again and again

always making draw

And hope that they will abandon

That is your definition of fun?

Pandos — Today at 3:47 PM

That's the consequences of your actions I'm sorry.

Karidan — Today at 3:48 PM

It's a narrative that got written into being. That's pretty much the bottom line.

Anarcho-mom — Today at 3:48 PM

Consequences of my action Pandos ? Do you want to talk about why Ash ended with the Donna on her back ?

Do you want me to pull out the accusations on her and see if they are true or not

Pandos — Today at 3:48 PM

No I don't particularly care

Anarcho-mom — Today at 3:48 PM

You are giving white card to a leader to do everything they want

Pandos — Today at 3:48 PM

Only that in light of her exile

You chose to stay put and raise a flag in rebellion

Anarcho-mom — Today at 3:48 PM

and after that you are surprised when people flee the game by dozen

It will just keep happening

Pandos — Today at 3:48 PM

And then continued to stay put.

Matron of Being Murdered — Today at 3:49 PM

That is their choice to make

This isn't a job

Anarcho-mom — Today at 3:49 PM

I chose ? Everyone choose. The don came in asking for an exile, asking to take away our right and making our characters

Matron of Being Murdered — Today at 3:49 PM

It's a game

Anarcho-mom — Today at 3:49 PM

You are taking sides

Matron of Being Murdered — Today at 3:49 PM

Leaders are fully justified to enforce an exile

Anarcho-mom — Today at 3:49 PM

And are treating this as if the fact of doing an indepance was supposed to be met with a execution

Matron of Being Murdered — Today at 3:49 PM

That doesn't even kill your character

Anarcho-mom — Today at 3:50 PM

You know you are exiling Ash over bs and probably OOC reasons

Anarcho-mom — Today at 3:50 PM

Oh so right now Ash and Yuri can walk away ?

Matron of Being Murdered — Today at 3:50 PM

I am insulted you pinged me for that

Pandos — Today at 3:50 PM

No actually Croakie is justified in their exile.

Now stop reducing this to ad hominem

☐ Dystopia ☐ — Today at 3:50 PM

If everyone could chill, that'd be great. Please let's not start bickering here again

Matron of Being Murdered — Today at 3:50 PM

Not everything against your character is ooc

Anarcho-mom — Today at 3:50 PM

Really, tell me how then

Anarcho-mom — Today at 3:51 PM

Then tell me the IC reason of the exile, I'm listening

☐ Dystopia ☐ — Today at 3:51 PM

The back and forth isn't helpful to anyone, and throwing around accusations doesn't help either

Anarcho-mom — Today at 3:51 PM

Tell me they are true reasons

Matron of Being Murdered — Today at 3:51 PM

I have

Many a time

But right this channel is pointless

Karidan — Today at 3:51 PM

Alright, last call to keep it chill.

I will literally put a fucking timer on here so it can't be spammed.

Anarcho-mom — Today at 3:51 PM

You actually never talked about it with me

So here I am Croakie

The gms are hearing

Let's talk about the reason for the exile

Let's show them what this is truly about

If you don't I will myself take the IC accusation, copy them and explain them to the gms

All what Fairview want, is a place to stay to have fun rp between us and enjoy some nice moments. At not a single point we planned to have to fight or flee or rebel or anything

It's all we ever wanted from the start. And you are telling us that this is the result of our actions.

What actions exactly? What Ash, Yuri and all Fairview did to deserve that ? You say it is because we declared independance but do you know why we declared independance all together and signed the paper ?

People are rational actors and so are characters, they didn't do that with pleasure and fun, they were forced into it because there was no other solution after what the Don and the Donna did many time. Yet despite the fact that both parties are as guilty as the other in the current situation, you chose to not even allow us the chance to simply flee

Pandos — Today at 3:56 PM

Why on earth would a place that wanted fun rp that never intended to plan to fight/flee/rebel/"anything" (a word I will choose to interpret as planning major political actions)

Be the main perpetrators of a prison breakout in Geladyne

Karidan — Today at 3:58 PM

If we're dissecting this based on that thought process for secession then that means the Don and Donna are fully within their rights to crack down on Fairview. Leaders don't have to be fair, they don't have to be nice.

Especially not in a country that's supposed to be run like the Mafia

You paint a target on your back by seceding from people like that within land they are fully able to take back without repercussions from another nation and you're asking to get lit up over it.

Anarcho-mom — Today at 3:59 PM

Because Mana was going to be executed and we planned a perfect plan that would not allow a single proof to be found of the culpability of anyone.

Yet it was decided that culpability wasn't needed, nor proofs and that anyone could simply make a "trial" were they assume things and declare you guilty of a crime.

What is fun is the fact that actually it was Taron and Karidan that broke out Mana from the jail, Ash herself was away and her only implication in the plan was to scout a bit and make the plan in cooperation with the Don and Yuri.

From the start this was a terrible RP, answering a perfect jailbreak by playing the "it must have benefited you, so you are the coupable" was really terrible and poor writting.

Moku (Serenity/Kiki/Anastasia) — Today at 3:59 PM

I told myself I would stop responding...but I really can't I have to say something.

You claim that you're being rational actors in this situation, yet so are we, you declared independence from our nation, stole our land, threatened to kidnap one of our leaders, to kill another, and you expected us to sit back, and offer nothing? and are suprised when we came at you with the full might of a nation?

We have been nothing but fair with you this entire event line, when you said you needed sleep and I called back our forces to end the fighting for the night so you could do so, you said I am wrong for worrying about your RL self over this GAME!? that because I wanted a draw since it was sometihng out of game that was causing an issue, knowing that my side could have stalled for way more time, but would hurt you OOCly that I am unfair?

Anarcho-mom — Today at 4:02 PM

But let's just stop all this, this is going nowhere. Let's agree on something else then because I'm done wasting my time.

I ask for the remnant of the force of Fairview both outside and inside to be allowed to make a breakthrough of the encirclement and flee toward Telegrad.

We were winning the fight, despite all you must agree that WE WERE and that you have no right to force a retreat on us to call it a draw, so take Fairview and turn it back into an empty place I don't care, put allow our group of friend to go and have our fun elsewhere, we are enough for that, our char are strong enough for that in npc, Meiaquar get their land, we get our char, everybody is happy and move on

Because honestly, killing our char by forcing us into some sort of weird arena were we fight ennemies after ennemies until they kill us is terribly weird as we would be able to do other things during a real siege, as trying to flee and leave, especially since we are so little and magic exist

Let's just find an agreement all together and move away from this horrible stuff and I promise that I won't ever try to do any pvp large scale in Korvara because this is awfull and the reverse of what fun should be. And I really really understand right now why Wasgow gtfo of the game after getting treated this way. We were already sturggling so hard to keep our player in Fairview because of how the Donna was allowed so many actions during the ban but right now you are killing any willingness to play on this game over our little group of friend.

☐ Dystopia ☐ — Today at 4:05 PM

You understand that it can be a stalemate and you could still try to flee, right?

You don't have to win to be able to flee, that's what the purpose of having a discussion was....to come up with a solution like that. A compromise.

But arguing gets nowhere.

Karidan — Today at 4:06 PM

Let's keep the pot shots at how we're ruining everything off the board. I'm tired of hearing it when I've done everything in my power to not make it so.

Keep this strictly to coming to a resolution between the two nations. My patience is at an end.

Regisseur Bread — Today at 4:06 PM

I was going to type something long winded. But, Karidan has the right of it.

Clearly words are going nowhere, so its best to keep it succinct.

Anarcho-mom — Today at 4:06 PM

Karidan. Listen to me. You are maybe trying your best, but you understand that people taking four hours of their time and winning a fight only to be told "it is a draw because you could never win from the start" is maddening

Imagine playing dark souls, beating a boss after one hour of fight and the game tell you "Hey, it's a draw, the boss respawn now"

Bhl̥ṛ̥R̥Ḃ̥Dr̥Sm̥N̥ṛ̥Ake — Today at 4:07 PM

I feel like everyone here minus Kairdan and Dev as they have been staying neutral, have a genuine OOC problem with either Fairview, or Mother personally, and the fact that this is being allowed to happen when we have stated again and again that we are not having fun, this IC has not been fun or pushed by IC ever since Henrik was banned and the Donna literally broke the same rules Henrik did, ever since Mana was used as a political pawn and told she was going to either die or have her character mentally die, given no other option as a NEW PLAYER, and ever since various people have been pushing OOC hate towards Fairview and myself when I have done nothing but try to be understanding and fair as much as I can, shows that there is a problem here.

□ Dystopia □ — Today at 4:07 PM

But you didn't win the fight, it was stopped for you.

Pandos — Today at 4:07 PM

And consider how frustrating this is for the counterparties too.

□ Dystopia □ — Today at 4:07 PM

For the sake of everyone going to sleep.

Bhl̥ṛ̥R̥Ḃ̥Dr̥Sm̥N̥ṛ̥Ake — Today at 4:07 PM

If you consider it frustrating, meet us halfway instead of pushing ultimatums

□ Dystopia □ — Today at 4:07 PM

If you had won the fight, this wouldn't be a conversation we're having.

Willy Wonka — Today at 4:08 PM

I literally had no reason to have an Issue with Mother until last night, and even then I have been as respectful as I can be

Anarcho-mom — Today at 4:08 PM

Then they should have told it to US and we would have agreed to stop it. Why weren't we consulted on this? And you cannot deny that the fight Was in a bad position for them all along it.

BhlꞤꞤRꞤDrSmNꞤꞤAke — Today at 4:08 PM

Your issue last night where you literally went and complained to various people in LOOC over something Mother actively said she didn't mean as you took it AND apologized for, was uncalled for.

Anarcho-mom — Today at 4:08 PM

It is like a game of box, they don't always beat the other to comas, but the jury can agree that one side dominated another and give the win

□ Dystopia □ — Today at 4:09 PM

It wasn't ended to call a winner. It was ended because it was dragging on too long and things weren't coming to a clean close.

Willy Wonka — Today at 4:09 PM

I indeed repeated what she said yes, But my point is your claim that everyone has had ooc beef with her is basless and irrelevant to the task at hand

BhlꞤꞤRꞤDrSmNꞤꞤAke — Today at 4:09 PM

Don't make me grab the looc logs please.

Willy Wonka — Today at 4:10 PM

So let's stop the bickering, and figure out if and how we are doing this next fight

Moku (Serenity/Kiki/Anastasia) — Today at 4:10 PM

I will just go on record as saying, that a halfway was offered ICLY, in that Yuri and Ash surrender themselves, which was refused, you said "we can just go" But Ash, The Character has proven time and time again that she gives 0 shits about being exiled, and she would likely just come back again, and do it again

Willy Wonka — Today at 4:10 PM

Please do I have them to

BhlꞤꞤRꞤDrSmNꞤꞤAke — Today at 4:10 PM

That is not halfway. That's us being executed. Halfway was us offering to leave

Willy Wonka — Today at 4:10 PM

I will gladly share the logs

Anarcho-mom — Today at 4:10 PM

Seriously, all we did to deserve all this is break Mana free of jail. All come from this despite the fact that it was a success that left no doubt over our victory and no proof.

All this is undeserved from the start and as always I regret that I did not trash more over the people attempting to pretend they knew it was Ash.

Karidan — Today at 4:10 PM

And I took four hours of my time to try to make things fair, away from my friends, away from relaxing, away from getting my shit done that I wanted to do to mediate this for both parties. Don't pull that card on me.

I've been pushing this entire time for Meiaquar and Fairview to meet halfway and come to a decision that benefits both parties. I'm really not sure where you're getting the idea that I haven't been, but I'm only going to say this one more time.

Keep it succinct to the problem at hand so we can reach that halfway and get on with our lives.

Moku (Serenity/Kiki/Anastasia) — Today at 4:10 PM

No you assumed it was. based on OOC knowledge, for all you know ICly a peaceful resolution would have ended in imprisonment, and then exile.

Anarcho-mom — Today at 4:11 PM

Alright. @Willy Wonka what do you want and what do you allow us to keep ?

Bil̥̥R̥̥D̥̥S̥̥N̥̥Ḁ̥ke — Today at 4:11 PM

It's not ooc assumptions. I'm sorry that you don't know that. The Donna openly intends to execute us. It was even said many times in IC yesterday.

Willy Wonka — Today at 4:12 PM

Well if we are going by IC as it is, Y'all keeping fairview is out of the question

Anarcho-mom — Today at 4:12 PM

I'm sorry Karidan. We were never allowed to have anything. We are currently losing Fairview despite them having no use for it, we are losing our two characters life. Tell me what do I get in this deal for now ?

Karidan — Today at 4:12 PM

Don't ask me. This conversation is to be had between you and Meiaquar. I am not dictating what they are supposed to do.

Anarcho-mom — Today at 4:12 PM

In death. The donna stated she wanted to execute us. Please. No misinformation at least.

Willy Wonka — Today at 4:13 PM

Everyone stop

Bil̥̥R̥̥D̥̥S̥̥N̥̥Ḁ̥ke — Today at 4:13 PM

That's the problem Karidan. This whole conflict since Henrik was banned, the only times admins have been involved and actually dealt punishment, was to openly influence the IC towards the Donna's favor.

Regisseur Bread — Today at 4:13 PM

Uh.

What.

Anarcho-mom — Today at 4:13 PM

Then force them to meet us halfway if they don't do it. If it has been done since the start there would have been so much less problem. It is just like Ash being taken to Geladyne, there was NOTHING for me in the deal.

Regisseur Bread — Today at 4:14 PM

We aren't 'forcing' ICs.--And why should there have been something for Ashcath, in her arrival to Geladyne?

What sort of half way should there have been?

Anarcho-mom — Today at 4:15 PM

There were several attempts to force IC. I remember especially Pandos and Dystopia forcing a cabinet meeting to be changed in a only Don meeting despite the IC telling otherwise. We had to beg Dev for the thing to finally return to the normal despite providing to the two evidences under the form of screens.

Regisseur Bread — Today at 4:15 PM

That is. A very large claim to a make to a team that communicated every action we make, to one another.

□ Dystopia □ — Today at 4:16 PM

That's a really skewed version of the facts

Bil̥̥R̥̥D̥̥S̥̥N̥̥Ake — Today at 4:16 PM

If the ban on the Don hadn't happened, this would've never happened.

If Dystopia and Pandos hadn't consistently moved to aid the Donna either by literally omitting IC by Fairview (Which yes, I understand the first time on my part as it was late and I never intended it to become a jailbreak) but the second time where Dev had to step in because they were actively trying to stop a simple MEETING, then again, this wouldn't have happened.

If it didn't feel like the admins were choosing sides with Croakie, Henrik wouldn't have left, this wouldn't have happened.

If the above didn't happen, Wasgow wouldn't be dead, the people who made Beggar's Hole would still be here, it wouldn't have happened.

Anarcho-mom — Today at 4:16 PM

And it isn't the only time problem have been present. I can talk how Ashvath wasn't allowed to be rescued from prison. Or how she was deported despite the Don refusing that only because the Don was banned, turning HIS ban into OUR punishment. The amount of OOC leaking in IC is really problematic

Matron of Being Murdered — Today at 4:16 PM

Cause this is going no where. Im going to clear something up.

Regisseur Bread — Today at 4:17 PM

Dev had to step in because they were actively trying to stop a simple MEETING, then again, this wouldn't have happened

Is that, what you think happened? Dev came in, slapped our wrists and went 'bad gms'?

Bil̥̥R̥̥D̥̥S̥̥N̥̥Ake — Today at 4:17 PM

no, I think he realized that if he sided with them that we would've been very unhappy because I DMed literal logs of proof of that everyone knew what was supposed to happen and explained the situation.

Anarcho-mom — Today at 4:18 PM

No. But Dev had to come in and rectify things because clearly there was confusion and Pandos and Dystopia refused to listen to us despite giving evidences of what we claimed

□ Dystopia □ — Today at 4:18 PM

Yeah, that's not what happened either

Anarcho-mom — Today at 4:18 PM

I mean we are the one that asked for this meeting we are aware if it is the cabinet or not that is asked since it was to talk over the thing we wanted to talk

Willy Wonka — Today at 4:19 PM

In the end all of this is Irrelevant, Are we going to figure out the next step or are we gonna just sit here and bash GMs? Cause I could be making Candy right now.

Anarcho-mom — Today at 4:19 PM

We are finally able to talk about all the problems we had over and over again with the GM team. So sorry for you Gawd, but since it is ALL linked yes we are talking about it too

□ Dystopia □ — Today at 4:20 PM

I know it's hard to know what happens on the backend of things because the GM team is kind of secretive in that, but at no point in any of what I said or did, was the team (including Dev) unaware, nor were they not in agreement with it.

If they had been, I wouldn't have done it
BilfridSrnake — Today at 4:20 PM
Let me put it this way.

To what I know, that's all that happened.

Regardless of what I know, various people have quit because of this whole situation, you are focusing one of three situations, and more people are about to quit because it's continuing.
Matron of Being Murdered — Today at 4:20 PM
This is the most disingenuous shit i have read in my entire life.
Pandos — Today at 4:20 PM
These arent relevant to the discussion.

If you have complaints regarding administration that's dev's purview.
Matron of Being Murdered — Today at 4:21 PM
Here's the way it's going forward

□ Dystopia □ — Today at 4:21 PM

Blade's ban was earned and the fact that his character was the key component of many a thing ICly isn't really a factor here. He chose to break the rules, he chose time and time again to do what he did, and thus had consequences for it.

After months of wrongdoing and gatekeeping, it's really hard to unwind all the problems that were made ICly during that time.

That's why things fell apart as they did.

BilfridSrnake — Today at 4:21 PM

Korvara had only existed for like a month at the time of his ban

□ Dystopia □ — Today at 4:22 PM

And the entire time, he managed to bungle up a whole lot, didn't he

Matron of Being Murdered — Today at 4:22 PM

Donna is going to capture Ash and Yuri. They can try a suicide run into the army, but that'll just be another Pvp with one of my agreed upon parties.

Pandos — Today at 4:22 PM

And if they succeed?

BilfridSrnake — Today at 4:22 PM

Give me legitimate proof and logs that Henrik did what he did, show me when he did anything that he was accused of, please.

Matron of Being Murdered — Today at 4:23 PM

Then that means they beat the army and navy I wasn't allowed to use
Anarcho-mom — Today at 4:23 PM

Then Ash and Yuri will have escaped before you try anything because apparently we can just decide whatever we want.

Matron of Being Murdered — Today at 4:23 PM

As well as my next party. And no. The army physically makes that chance unlikely

Anarcho-mom — Today at 4:23 PM

Oh yeah, nice, playing a game over numbers of npcs, that's really "player driven" universe. So nice, that way if anyone disagree with you, you can just butcher them with npc.

That's some really smart and pleasant gameplay here.

□ Dystopia □ — Today at 4:24 PM

That's not anything a GM is going to give you, no matter who they are. We try to act in the best interests of everyone, and that would open up people to potential harassment.

The evidence is there and the entire GM team and Dev all agreed upon the ban after seeing it. It's not like I swung a hammer without telling or showing anyone why.

Matron of Being Murdered — Today at 4:24 PM

Its called not being fair, because it isnt

Anarcho-mom — Today at 4:24 PM

Despite the fact that Meiaquar now as less people in it than Fairview because how toxic you managed to make the place, you shield yourself behind your npcs to try to justify your every action. Hope one day the same happen to you honestly.

Matron of Being Murdered — Today at 4:25 PM

The gms are forcing it to be far more fair than ic deserves. And less people? Half of yours quit

Bhl̥ṛ̥R̥Ḃ̥Dr̥Sm̥N̥ṛ̥Ake — Today at 4:25 PM

And that's the problem. No one is providing evidence. Everyone involved with him has no idea what he did. Even people closely involved with him. And right after he was banned?

Croakie did the SAME stuff he was banned for. I was told she got a slap on the wrist by an admin, but guess what? Croakie said otherwise.

Matron of Being Murdered — Today at 4:26 PM

I did not do the same stuff he was banned for. Youre contradicting yourself because youre saying you dont know what he did

□ Dystopia □ — Today at 4:26 PM

I don't know what to tell you, here. Nobody is entitled to information that would leave other players vulnerable, bottom line.

Anarcho-mom — Today at 4:26 PM

Half of mine didn't quit, they decided to step away from the fight, they are still member of Fairview. Don't think that because you forced them to walk out by taking Kira with you that you changed anything between the char or our OOC friendship

Moku (Serenity/Kiki/Anastasia) — Today at 4:26 PM

No evidence is being provided because it opens those who came forward to harassment, which Hated and Blade proved they are not above, so yes, the GM's are protecting people from backlash for speaking out against people harassing them.

BhlꞑRꞑDꞑSꞑNꞑꞑAke — Today at 4:26 PM

You're right, my bad. The stuff he was accused of.

Image

Matron of Being Murdered — Today at 4:26 PM

Yes, and i have done none of those

You having a harem town doesnt make you immune to ic consequences.

Moku (Serenity/Kiki/Anastasia) — Today at 4:27 PM

Okay, lets back up a bit though, insults get us no where.

Anarcho-mom — Today at 4:27 PM

Yeah, all the actions of the Donna are IC justified. This is totally not you harrassing my character over and over again because of whatever you are thinking

□ Dystopia □ — Today at 4:28 PM

Can we try something new and fun where we're civil and courteous to each other instead?

The comments back and forth don't help. Let's not try to sling any more mud in this mud puddle if we can help it.

BhlꝥRꝘDꝑSmNꝥAke — Today at 4:28 PM

Look, I'm mad. I admit I'm mad. I'm sorry, but the stuff I'm mad about is being given no conclusions, the stuff we're complaining about is being rerouted or ignored, I don't know what any of you expect. For us to just accept the lack of information we have?

Anarcho-mom — Today at 4:29 PM

All we want. Is to be allowed to walk out of this and never get anywhere close to Meiaquar again as long as Croakie is in charge of anything. They are a toxic player with terrible behaviour and I promise that they are going to be the best repellant you can have.

Matron of Being Murdered — Today at 4:29 PM

Okay Heres me being civil

There is no world where the characters ic walk away from this. Accept it. Its how ic is playing out.

Anarcho-mom — Today at 4:29 PM

Okay, IC, we are being stronger than you. So we kick your ass according to mechanics, then what do you do ? You keep retreating each fight and calling it a draw ?

Regisseur Bread — Today at 4:30 PM

If we're all going to react w/ high tension reactions. Then we'll just have to postpone this.

Pandos — Today at 4:30 PM

Or worse

Anarcho-mom — Today at 4:30 PM

Ah yes. Your army of invisible npc is going to kill us all, that's true. The best mechanic and player driven content

Pandos — Today at 4:30 PM

The gms will just pick a solution in your stead.

☐ Dystopia ☐ — Today at 4:30 PM

Not a single soul would like that solution

Rocks fall, everyone dies

BhlꞤRꞤDrSmNꞤAke — Today at 4:30 PM

Please do that. Because after yesterday I know for a fact no one in Fairview wants to deal with this right now. Maybe we will in the future.

□ Dystopia □ — Today at 4:30 PM

Meiaquar ceases to exist

Regisseur Bread — Today at 4:31 PM

Correct. Because unlike base sl2 this can't be something --not the war.

This talk.

Anarcho-mom — Today at 4:31 PM

I mean. I'm ready to kill Ashvath if it means the Donna die at this point since I'm going to make the game actually better this way.

□ Dystopia □ — Today at 4:31 PM

inexplicably floats off to sea

Regisseur Bread — Today at 4:31 PM

As in a day or a few hours

Matron of Being Murdered — Today at 4:31 PM

Disappointing.

Anarcho-mom — Today at 4:32 PM

Croakie. Answer this. What does killing Ashvath and Yuri will give to you except personal satisfaction ?

Regisseur Bread — Today at 4:32 PM

Because the results of a war no matter how big or small; affect the 'world-plot' and can't just be left backburnered

□ Dystopia □ — Today at 4:32 PM

The exchange of deaths is probably not going to happen.

Moku (Serenity/Kiki/Anastasia) — Today at 4:32 PM

I would once again like to point out that I called that retreat because you were LOOC complaining about how late it was running, and that we were stalling, and your response was to tell me not to make that choice for you. and that I was wrong for caring about your OOC health.

had you won that fight, we had 3 more parties prepared to fight you, but you demanded a single battle per day, because more than half of your force quit your side, you claim it was because of Kira, but from the IC posts it seemed to be sense had been seen.

Anarcho-mom — Today at 4:33 PM

Don't worry, it was more or less a sad joke Dystopia, I wasn't serious. We literally ask for nothing else than be allowed to have fun with our friends. And that mean leaving this place and going elsewhere to do our things.

Now I ask you all that, what does killing Ash and Yuri will bring to Croakie and the others ? In what way this will make the game better for anyone ?

had you won that fight, we had 3 more parties prepared to fight you, but you demanded a single battle per day, because more than half of your force quit your side, you claim it was because of Kira, but from the IC posts it seemed to be sense had been seen.

This is a self-made problem.

And you can keep circling back to the ban if you want to, but it's not really helping your argument.

It's just going in circles because you don't agree with the facts and that's fine, nobody is trying all that hard to spoonfeed you them because you obviously don't want facts.

All I'm personally asking for, is a nice neat conversation where nobody throws around shitty comments to each other and people keep the discussion flowing properly. In a way that's solution-based, not circular.

Anarcho-mom — Today at 4:38 PM

This ISN'T a simulation this is a game. We incarnate people stronger than the norm. We can break through the rank of the guards and try to fly and blink away. There are possibilities. BUT

If you don't bring anything to us at the table of negotiation then how do you expect us to have a deal?

BilfrzDrSmNfrAke — Today at 4:39 PM

What are we supposed to say, okay? Yes. Our characters die. Event over.

How is that fun?

□ Dystopia □ — Today at 4:39 PM

You're fixated on this 'we have to die' thing, and haven't considered that there are options.

It's possible to negotiate some kind of compromise where Yuri and Ash escape to Telegrad.

If you'd take a moment to discuss, maybe we could resolve this.

BilfrzDrSmNfrAke — Today at 4:40 PM

We literally asked Croakie what happens if we get captured and were given no answer

□ Dystopia □ — Today at 4:40 PM

And the GMs are here to mediate

so talk with us, help us come up with a solution

BilfrzDrSmNfrAke — Today at 4:40 PM

man has a chocolate factory now

Willy Wonka — Today at 4:40 PM

To be fair, there hasn't been a chance to answer, because this argument broke out

□ Dystopia □ — Today at 4:41 PM

Everyone's here to talk and we're not getting anywhere by bickering, so let's stop the bickering and move forward. If possible.

Anarcho-mom — Today at 4:41 PM

Ah yes we return to the "No but you didn't need to become independant". But if we do that then you are exiled. "But you deserve to be exiled." Because Ash wasn't executed in Meiaquar. "But you deserve to be arrested in Meiaquar" Because Ash clearly did the jailbreak and Oh wait

Ash didn't do the jailbreak. None of that make sense from the start. Ash didn't do anything and yet was imprisoned. And despite the Don supporting her, she was deported to Geladyne without any intervention allowed from the people present or the Don that was banned.

So no, we didn't become independant on a whim. There were reasons for that and part of those reasons are things that your decisions as GM stirred, making them unrealistic and weird based on OOC events.

So please tell me what you bring to the table of the negotiation for us to accept a deal.

Bhl̥ꞤRꞤDrSmNꞤꞤAke — Today at 4:42 PM
Fact is

We offered halfway. We've been trying to deal with it ICly by proposing solutions that have been hurtful to us and Fairview since the whole thing started. We tried to leave it alone, every single instance of us ever trying to meet anything halfway has been met with

"No, this happens."

Regisseur Bread — Today at 4:42 PM
Don't say her decision if you say that
Team decision

Because all of us, Dev included, have been reading and seeing the going ons
Willy Wonka — Today at 4:43 PM

Wait...Ash didn't do the Jail break?

Bhl̥ꞤRꞤDrSmNꞤꞤAke — Today at 4:43 PM

No, regardless of what you all came to the conclusion of oocly

□ Dystopia □ — Today at 4:43 PM

Yeah, this is what I meant by the shitty comments. They're super fun to read but like, don't really get anywhere.

Anarcho-mom — Today at 4:44 PM

No she didn't, she just came by and looked if there were guards and LEFT I'm saying it ALL
THE TIME

□ Dystopia □ — Today at 4:44 PM

Is there a filter you can turn on for like two minutes, to get through this one discussion?

Pandos — Today at 4:44 PM

The reason slow mode is on was in part to try and promote more
Level headed thinking

Willy Wonka — Today at 4:44 PM

But you just said that you guys broke her out of jail like 10 mins ago...

Anarcho-mom — Today at 4:44 PM

Karidan and Taron did not Ash (sorry for the maj)

Karidan — Today at 4:45 PM

Alright, so Fairview wants to find a way for Ash and Yuri to escape, right?

Anarcho-mom — Today at 4:45 PM

Ash role was to look if there were guards and did the planning helped by Yuri and the Don.

Bhl̥ꞤRꞤDrSmNꞤꞤAke — Today at 4:45 PM

Anyway, I'm just going to leave this here

@Matron of Being Murdered What do you want to happen when Ash and Yuri get captured? That can be our starting point for an actual discussion.

Please include as much detail as you can. Don't be vague.

Karidan — Today at 4:45 PM

Thank you.

Anarcho-mom — Today at 4:46 PM

Yes. That's fine with us. It's not like killing Ash and Yuri that only wish to be left in peace will bring anything more to the story.

Karidan — Today at 4:46 PM

Alright, we're gonna take a chill pill until Croakie can respond.

BhlꞤRꞤDrSmNꞤAke — Today at 4:46 PM

But yeah if we even have a chance to escape during this, that'd be preferable

Anarcho-mom — Today at 4:50 PM

And I think we should really learn from this experience as how to not do any resolution of problem by pvp and else.

For big pvp event, the aim should be always the fun and the game rather than realism or revenge or else. A compromise should always be find so both party can partially have their fun and walk away, if possible agreeing on a narration, a story, to tell and write together.

Trying to do things realistically in a fantasy universe will only lead to GM taking arbitrary decisions that will anger players as not everyone share the same perception of the universe and the rules inside of it.

Trying to do things mechanically will only lead to an escalate of violence and meta were the biggest group of player with the best build can steam roll every other and where any fun build being not optimal is not played anymore.

I'm talking to you right now with my knowledge of game designer. If you want to make a rp game, when there is events that will impact the whole word.

You need to make it a shared narration act. Not a competition.

otherwise you will always get this problem. Always. I tried to speak about it before, to Dev, to others, I'm serious. This happened with Wasgow, with Ash once, with Shivania, with every conflict IC before. You need to make the people cooperate and not compete.

We aren't on league of legend, we are in a narrative environnement with characters and players behind. And in any rp led by characters the rules that maintain the players together is the rule of consent. Aka, if everyone consent, things go well, as soon as one is forced into play things turn sour and violent

Bhl̥ꞤRꞤDr̥Sm̥NꞤꞤAke — Today at 4:51 PM

I do agree on this since Zerg very clearly had no idea what was going on as the event runner

And I'm not saying that was his mistake. Things weren't explained to them well.

Anarcho-mom — Today at 4:55 PM

Really, I know I may look like just a french girl that know nothing to nothing, but I've actually written my phd over roleplaying games, I'm passionate about the subject and I think we can all agree regarding the experience of the last conflicts in Korvara that I got proofs of what is happening. Just give me a chance to explain to you the mechanism behind those clash and I will make the game better and you as GM won't have to get into that kind of talk again, since you will be acting as mediators instead.

I'm sorry @Devourer Of Souls for the ping, but if I want one thing to get out of the conversation today, more than the rest, it's that. Please. Do not try to solve big confrontations between players by competition, try to make it a cooperative experience. You will se far better result and in addition, no other byond game does it.

Moku (Serenity/Kiki/Anastasia) — Today at 4:59 PM

@Matron of Being Murdered What do you want to happen when Ash and Yuri get captured? That can be our starting point for an actual discussion.

Please include as much detail as you can. Don't be vague.

Putting this here since it is slowly being buried, and the point of this is the message above this one.

Willy Wonka — Today at 4:59 PM

Dragon Ball Universe

Eternia

Any Naruto Game

Pokemon Wisteria

Just a few that do...but okay.

Karidan — Today at 5:01 PM

Maybe I wasn't super clear when I said we need to take a chill pill until Croakie can respond

Anarcho-mom — Today at 5:01 PM

No they don't, they solve it by competition and conflict and that's why those game are actually saw as terrible with a team of gms and dev being totally biased.

Karidan — Today at 5:01 PM

But let me spell it out. Don't fucking clog the chat to the point where people can't see the damn message they're supposed to be responding to.

Anarcho-mom — Today at 5:02 PM

I'm trying to solve the situation too Karidan, just instead on focusing on the current event, I try to unearth the mechanics behind it.

Bhl̥ꞤRꞤDr̥Sm̥NꞤꞤAke — Today at 5:02 PM

DM it to Dev and talk with him there.

Karidan — Today at 5:02 PM

Can we focus on that after we find a resolution to this?

BhlꞤRꞤDrSmNꞤAke — Today at 5:04 PM

Okay there we go, for Croakie.

Karidan — Today at 5:04 PM

I'm not going to say that the way the situation was handled couldn't be handled a better way, large scale conflict is something that we haven't done in the past, but this particular situation that was the stem and cause of all of this needs to be handled first

Devourer Of Souls — Today at 5:55 PM

Once again I was pinged, so once again I'm giving my two cents.

Ashvath walked into the Austung's office. They had an IC conversation about Mana and that Ashvath wanted to visit her; very shortly afterwards, Mana is broken out of jail. One of the guards gave a description to a PC of one of the perpetrators having huge gauntlets; said PC suggested it might have been a Shaitan, and there was a well known one associated with Fairview. There were other things passed on about IC events.

The idea that there was no provable culpability is false, and even if it weren't, this is a fantasy setting with political intrigue baked in; if the leader of another nation says they think you did something, then even if you didn't do it, it's going to be played out.

The situation lead to relatively interesting RP with the tribunal. I'm not sure what you're complaining about beyond that you got caught, nor do I feel you have any ground to legitimately criticize the RP. You were given a ton of leeway to let it happen IC, so I really don't want to hear you complain about it after the fact.

You had every opportunity in this very channel to discuss that. If you wanted to pack your bags and leave Fairview to go to Telegrad or somewhere else, you could have. Instead, your side wanted to fight back, in full view of the intentions of Meiaquar to execute two of you.

Rather than keep your head down in Fairview, even in light of the exile, you decided to escalate the situation IC by trying to secede from the nation who owns it. ICly, Meiaquar's response is perfectly logical. Generally, insurrectionists are not treated kindly, least of all those who have been problems for the nation before, or are on bad terms with the leader of said nation IC.

No one has a problem with Fairview existing. I have no problem with Mother personally. But hostile IC actions have consequences.

Croakie didn't break the same rules as TCBlade. TCBlade repeatedly ghosted someone IC, pretending they weren't there, not responding to their posts, etc. The reason I allowed the meeting to continue as planned wasn't because I necessarily disagreed with the GMs on the matter. I allowed it because I wanted to see if Blade had improved after his ban.

To my expectations, he hadn't. He didn't even acknowledge the Donna once in that meeting. He continued to act more in LOOC than he did IC and had to leave because he was upset, and was convinced that the GMs were trying to ban him again for some reason.

As far as I understand, Wasgow's leaders decided to bail because of Hated's ban. Unless you're going to try and argue that wasn't justified, then I'd prefer you stop bringing them up as if they have anything to do with this situation.

But make no mistake, both Blade and Hated got banned for very legitimate reasons. It wasn't OOCly motivated or targeted to try and allow someone to run free IC because the GM team likes them. I was very much aware of the details of both and as time has gone on, I only feel more that it was the correct call. You're not doing yourself any favors trying to defend him in my eyes.

No, I didn't do it to give my own character an IC edge either, which should be obvious because I've done nothing related to Wasgow or Meiaquar ever since the bans happened. The OOC drama somewhat killed my motivation to continue it, and I imagine right now Meiaquar is feeling the same way.

I'm really tired of seeing this from you. Nations have armies. Meiaquar's has been very much reigned in despite it being entirely appropriate for them to be more heavy handed, and the only reason for that is out of consideration for Fairview, to try and make the situation more fun for them. It's like thrusting your character's head under the water and complaining that they drowned.

The armies are not there to enforce the status quo or deny people from doing things, however they are absolutely an IC consideration that must be accounted for. You can't just say 'I am so strong IC that I will beat them all', because you won't, not even mechanically.

And sadly, to my disappointment, there have been far more cries of OOC unfairness and accusation throwing than any sort of mutual discussion. It doesn't matter how much you've studied game design if you don't understand that throwing around bile in a cooperative storytelling environment isn't going to lead to anything positive.

The problem with this situation isn't that it was done mechanically. The problem is that, from my point of view, you have been combative with the other party OOCly while also downplaying the seriousness of your IC actions and desperately trying to avoid the consequences of such, and constantly played the part of victim when people react in ways that do not benefit you.

BH17R4DrSmN7Ake — Today at 6:05 PM

Okay I guess this continues.

The reason I stated this is because how it feels. It feels this way. Are you really going to claim that the actions of the Donna during that whole week of the Don being banned would've been possible if the Don and Hated weren't banned? If everyone leading Beggar's Hole hadn't left as a literal protest because of what happened?

I'm not sure which meeting you mean, but if you mean the same one I did, he literally got sick and had to dip, that's why we had to pause it, yeah.

I'm not defending Hated, there's a reason I never brought him up, they left because of the Don's ban too.

Regardless of the reasons, someone was allowed to take advantage of a situation that OOCly and ICly gave them rights to do things that they wouldn't have been allowed to do otherwise.

I never was claiming that anything that happened to Mana was on purpose or in ill-intent, I was just making it clear she was a new player and was never given any other options.

Motivations die when people start feeling it's unfair and they have no control or fun. So I don't blame you. We've literally thrown out options time and time again for Fairview and Meiaquar to have this settled and over with but we are, as I stated before, always met with

"No, this is what's going to happen."

I'm only responding to my own ping here, nothing else.

Devourer Of Souls — Today at 6:11 PM

I can't account for how something feels, only the reality behind it. I'm sorry you felt that way.

But I'm pretty sure the Donna is an autonomous individual and half of the ruling power in Meiaquar, so she can do what she wants, with or without the Don around, much like Henrik took many, many actions while she was around. If you want to argue that there may have been a discussion or IC situation around it if the Don were IC, then maybe. But considering he was banned for not RPing with the Donna repeatedly, I don't know for sure.

Mana's situation was discussed with them OOC, and they gave consent. I'm not sure what it has to do with anything though.

And if you've thrown out options now that things have already started rolling and they've been denied, then I'm sorry. That was the point of this channel - so that you could discuss what was

going to happen before it happened and therefore could continue the RP with as few OOC problems as possible.

Bil:RzDrSmN:Ake — Today at 6:14 PM

Because the whole Mana situation was another spiraling of this whole thing, really. And maybe they were and they misunderstood, but to my knowledge all they knew was that they were in jail, they didn't think they could leave jail beyond just dying or having their character mentally die by brainwashing.

I'm not trying to change anything, I'm just trying to help give a better understanding why everyone in Fairview feels things are so unfair right now. It's not about what's happening, or avoiding the situation, it's the fact that we aren't being met halfway, we aren't being given an option that is fun for anyone.

The only options currently is just Fairview being screwed over, or us continuing to fight and protest until we're eventually screwed over.

That's the only options we've been given since Fairview started getting backlash for the whole Mana controversy. And yes you can argue that we could leave, but why? The whole point of Fairview is that it's supposed to be a haven for people who have been ically wronged and don't have anywhere else to go.

Beyond just pulling the same thing those in Beggar's Hole did and just sailing into the ocean to presumably die I suppose.

Devourer Of Souls — Today at 6:29 PM

Again, that was the point of the discussion channel, but the opportunity wasn't being used. Instead, one day after the event started, we're back here and people are throwing OOC accusations at others, both the GM team and the opposing side.

It should not be a surprise to you that no one is really willing to extend another olive branch right after being told that they're biased, that they're acting purely out of OOC malice, and so on.

Bil:RzDrSmN:Ake — Today at 6:39 PM

This channel didn't exist until far beyond the problem had already escalated beyond proper IC repair. Yes, I admit that I was angry and threw out accusations. I know I was wrong to do that, I handled it badly. I apologized earlier, I'll apologize again.

But we don't have anything to go off of other than us just being told to accept how things are. When we bring back info that we know, we're just told time and time again "yeah well that's just how it is"

I get you're not going to give solid proof in everything, I get not everything can even be given solid proof to, but it's not like this is just me. It's not just Mother, there are a lot of people sharing in this sentiment of feeling wronged and like this whole thing is just a byproduct of OOC intentions and anger. There's so much great IC that has come out of it, and there's so much that could've but it's come down to a resolution that isn't good for IC or the game.

I understand that from your position, you can only go off what people have told you, as spending time delving into all this is just a waste of your time really.

I don't know what olive branches has been extended to us beyond Karidan and you. I know he's been sticking his neck out and being a fantastic admin. Kudos to him. I know you've been dealing with the fallout each time and having to step in when you should've never had to.

But please realize that it's not really fair to say it like that when we haven't been the ones starting a single one of these situations.

Beggar's Hole started it with Geladyne which led to the first instance.

Loki and the Donna made a plan to lure Ash into Meiaquar and arrest her which led to the second instance

The Don and Donna refused to meet us halfway whatsoever in regards to Ash's exile which led to this third and final instance.

If it's a matter of we could've handled it better, so could everyone else.

Devourer Of Souls — Today at 6:42 PM

It doesn't really matter what you define as the start of the situation. The Geladyne prison did not attack Fairview. The paper didn't attack Ashvath and force her to write a declaration of independence. It's not even about whose fault it is, only the IC actions that have followed and lead here.

Bil̥ʔR̥D̥S̥m̥N̥ʔAke — Today at 6:43 PM

I'd be willing to see it that way if there weren't so many OOC influences. Rights, wrongs, intentions, don't matter. There have been influences on an OOC level that very much so changed the IC of all this.

Devourer Of Souls — Today at 6:46 PM

Do you disagree with the statement that everything that has occurred in regards to Fairview has had IC reasoning behind it?

And what I'm saying about olive branches is that there has been exceptional consideration made to Fairview already. When you both seemed to agree on what was going to happen before the event, coming back here and trying to change course was a little strange, but I'm sure it was something that Croakie and Satoshi would have entertained had there not been so much OOC venom thrown their way.

Asking them and everyone else to bend the bars just a little more so you can have a happier resolution while simultaneously attacking them isn't how it works. I understand you've apologized for some of it, and I appreciate it. But I also can't really fault them if they feel done with the situation and just want to resolve it as agreed.

Anarcho-mom — Today at 6:52 PM

Ashvath walked into the Austung's office...

I never complained about the tribunal, I always complained about the fact that Ash got deported only because of a ban of another player. This is turning the punishment of one player into the punishment of several players.

I do not understand why I am the one that need to pay for Blade being banned. Nor why you keep treating that as fair.

You had every opportunity in this very channel to discuss that...

We tried to ask them to discuss. I asked them if we could talk do find a common ground, everything was answered each time by refusal. I do not know why you believe our side wanted to fight when I literally started by saying that it was not fun rp for us and we didn't want that.

Rather than keep your head down in Fairview...

So you are trying to tell me that if Ashvath decided to stay in Fairview despite her exile being enforced everything would have been fine. I'm sure you can't believe yourself that Dev, they made clear they went in to enforce the exile.

No one has a problem with Fairview existing. I have no problem with Mother personally. But hostile IC actions have consequences....

Only for some apparently since the fact of taking Ash into custody without justification and despite bringing over 20 players around the jail didn't allow us anything. This is really one sided.

As far as I understand, Wasgow's leaders decided to bail because of Hated's ban....

They left because they felt that the team was taking side as the ban of blade and hated lead to the ban of their leader for a moment. It was the last straw of a serie of events that pushed them to believe that you as Dev was just tilting the balance on your side as well as the moderation team. I know you apologied but the bad was still done.

And sadly, to my disappointment, there have been far more cries of OOC unfairness and accusation throwing than any sort of mutual discussion...

Once again I TRIED to find a common ground at the start of all this, you just have to look up and read my messages they are there. As far as I'm concerned there was even an agreement that we pinged about how things should have been going with different fights happening.

This agreement in the end wasn't respected and the gms stepped in, deciding to change the rule, denying us any possibility of victory. If you want to go that way with the IC army of Meiaquar just kill us and go over it, I'm sure everyone will be really happy to hear that invisible npcs armies are what govern your vision of "player driven narratives" where a group of players more numerous wanting only to rp the life of a village in peace can lose to another one that for some reason can't leave them alone.

desperately trying to avoid the consequences of such...

Ah yes, the big talk of "actions have consequences" once again as if we had been given any other choice from the start. A leader player can decide to just pick a fight with a player non-leader and crush them with all the BS they want, since they are leader then it's alright.

If this is your idea of what a fun game should be then indeed I should probably stop to play this one.

I can't believe that you are actually not even giving a single interest in the "reasons" of the ban of Ash and how all this started. Because if you do and we could talk about it, maybe you would

realise that they are a bunch of lies and that I'm tired of needing to move my character each time because a leader decided to try to use it as a doormat and got pissy when I answered.

Bil̸R̸Dr̸Sm̸N̸Ake — Today at 6:54 PM

Beyond the fact that a lot of ooc changes influenced a lot of what would've happened with Fairview, I don't believe so?

Mana being found out prior to my mistake is a bit odd, but a lot of people were being very scummy with the whole pets thing around that time so I just boil it down to that.

Ash being targeted so hard makes sense as your character literally saw them, but the fact that there was literally no evidence beyond the coincidence there when she genuinely didn't partake in the breaking out of Mana yet everyone oocly came to that conclusion which translated to IC is kinda eh, but, again, not beyond belief for IC.

But as for the next comment, Zerg wasn't given all the details of our agreement, the event did not go as we agreed. There was a scene lock even though the Donna outwardly said people would be allowed to come help, it would be a boon if they did even though she didn't expect anyone to.

This one is my fault, but I assumed based on what was discussed that we agreed to do our best to only bring people involved, yet Meiaquar came with about 4 people who were actually involved out of the like, 20.

Zerg didn't know about our agreement for the Siege and how it would be lasting for some time, so on and so forth.

Anarcho-mom — Today at 6:56 PM

We are forced again and again in rp situation we don't want as cascading consequences of a jailbreak that despite being perfect was treated as "Ash is guilty because I decided to and I'm a leader and that's how it works in a fantasy setting" and yet every single time we are treated as if we were the ones continuing to look for troubles.

□ Dystopia □ — Today at 6:58 PM

Zerg was given the snippets that were pinned here.

Don't try to pin the blame on an eventmin that was doing as we asked him to, please.

Bil̸R̸Dr̸Sm̸N̸Ake — Today at 6:58 PM

I said time and time again I'm not blaming Zerg. I'm blaming the lack of communication.

Anarcho-mom — Today at 6:59 PM

Is this how you think you should treat people investing themselves, finding smart plan rather than going for a frontal confrontation, asking gms to participate to be sure it's fair and even eventmin ?

That's the kind of message you want to give to everyone "If you try to do something that can lead to interesting rp, we are going to harass your char until you just want to leave the game" ?

Don't treat me as the one that tried to look for problems when I only been pushed AGAIN and AGAIN in situations I never desired because the only thing I did with a character is a goddamn jailbreak that was fun rp and didn't hurt anyone

Anarcho-mom — Today at 6:59 PM

They literally said they weren't blaming them Dystopia, it's written in their message !!

□ Dystopia □ — Today at 7:00 PM

At no point was he out of the loop, we were very upfront with what we asked him to do.

Matron of Being Murdered — Today at 7:00 PM

I do not understand why I am the one that need to pay for Blade being banned. Nor why you keep treating that as fair.

So because he got banned I'm supposed to be punished by.. not being allowed to act as a leader? Even though I have just as much power and authority as he did, and ash more than earned that exile. It was agreed upon by like 10 different people, and even then, i almost didnt post it because i felt so bad for you, but ic trumps ooc feelings.

We tried to ask them to discuss. I asked them if we could talk do find a common ground, everything was answered each time by refusal. I do not know why you belive our side wanted to fight when I litteraly started by saying that it was not fun rp for us and we didn't want that.

We are forced again and again in rp situation we don't want as cascading consequences of a jailbreak that despite being perfect was treated as "Ash is guilty because I decided to and I'm a leader and that's how it works in a fantasy setting" and yet every single time we are treated as if we were the ones continuing to look for troubles.

You are forced to accept the ic consequences of your ic actions. Stop trying to say ic is forced when its IC. Everything that was done was deserved, and saying otherwise just because you do not like it doesn't help things.

Stop claiming ooc bias when none exists, and if it does exist, point it out, because rest assured I can gurantee everythign that was done had ic reasoning.

You can't just claim everyone's ganging up against you oocly when you do something nobody cares for, and everyone is against icly. Its not just me. If it was just me, I wouldn't have 20 people backing me during the conflict, including other leaders, and I wouldn't have the full backing from other nations, and bystanders. Its not just be because what happened isn't just a leader kicking a single person for no reason. Its the entire continent seeing it as foolish.

BhlꞤRꞤDrSmNꞤAke — Today at 7:00 PM

Either way I'm going to step back unless the discussion is properly continued as it's no longer between Dev and I.

BhlꞤRꞤDrSmNꞤAke — Today at 7:00 PM

The discussion, being this.

Anarcho-mom — Today at 7:01 PM

So because he got banned I'm supposed to be punished by.. not being allowed to act as a leader?

So because you can't do something that you would usually be unable to do anyway in a fair situation you take that as a punishment ??

You are forced to accept the ic consequences of your ic actions. Stop trying to say ic is forced when its IC.

Okay, so once again, I'm trying to discuss with you of the accusations toward Ash. Do that in front of the gm so we can show them what is truly this "ic" of yours =)

Matron of Being Murdered — Today at 7:01 PM

So you are trying to tell me that if Ashvath decided to stay in Fairview despite her exile being enforced everything would have been fine. I'm sure you can't believe yourself that Dev, they made clear they went in to enforce the exile.

No, everything would have been fine if she literally just left, instead of just continuing on with the fuck the donna stigma from balde's time in the seat

I have talked to gms for so long, regarding your character. They know fully well how ic it is. I know they back me because i went to them with every action i took against you

Anarcho-mom — Today at 7:02 PM

Oh yeah, then let's talk about here, let's bring every accusations to see why you so much want to exile Ashvath

Devourer Of Souls — Today at 7:04 PM

I never complained about the tribunal,

That would have happened with or without Blade getting banned. Blade wasn't the king of Meiaquar. I already responded to this above, but to reiterate my point, the Donna has just as much power as he did.

I do not know why you belive our side wanted to fight when I litteraly started by saying that it was not fun rp for us and we didn't want that.

Mostly because you kept taking the options that would lead to a fight, and then when this all began, you wouldn't even consider any options that would avoid a fight. If you wanted to have your cake and eat it to by seceding from Fairview and not getting a reprisal IC, that was never going to happen and it's frankly ridiculous for you to expect otherwise.

So you are trying to tell me that if Ashvath decided to stay in Fairview despite her exile being enforced everything would have been fine.

I'm saying if you hadn't taken all of those hostile actions IC, like the jail break and so on, which lead to the exile. Yes, you wouldn't have been exiled, in all likelihood.

I can't believe that you are actually not even giving a single interest in the "reasons" of the ban of Ash and how all this started. Because if you do and we could talk about it, maybe you would realise that they are a bunch of lies and that I'm tired of needing to move my character each time because a leader decided to try to use it as a doormat and got pissy when I answered.

If having to move your character around so much bothers you then stop having your character do things that will get them exiled. I'm not sure what you expect here.

Matron of Being Murdered — Today at 7:04 PM

This one is my fault, but I assumed based on what was discussed that we agreed to do our best to only bring people involved, yet Meiaquar came with about 4 people who were actually involved out of the like, 20.

Everyone that came had a stake in this. They were involved, because surprise, ashvath has made enemies with the entire continent.

It keeps being brought up that everyone likes fairview, but like, sorry, most of the ic feelings toward it is negative regardless. This isn't just my sole campaign

Anarcho-mom — Today at 7:07 PM

That would have happened with or without Blade getting banned. Blade wasn't the king of Meiaquar. I already responded to this above, but to reiterate my point, the Donna has just as much power as he did.

It wouldn't have happened because with the presence of the Don Dystopia couldn't have not allowed us to act during the 7 hours the people waited in front of the prison for nothing.

Mostly because you kept taking the options that would lead to a fight, and then when this all began, you wouldn't even consider any options that would avoid a fight. If you wanted to have your cake and eat it to by seceding from Fairview and not getting a reprisal IC, that was never going to happen and it's frankly ridiculous for you to expect otherwise.

We were given no option to negotiate, we tried to ask for a discussion but despite our side being the only one doing that you try to pin ON US the desire to fight ? We literally never wanted this, we are damn annoyed by it and meanwhile Croakie only went to ask again and again for the death of our characters. Don't try to pretend we are the one looking for a fight here.

Matron of Being Murdered — Today at 7:08 PM

Yes, it was for nothing, because you are not entitled for everything going exactly as you want all the time.

Nobody asked your group to gather everyone in front of the prison, it was done of your own accord, and we are not forced to humor everything that is wanted to happen

Pandos — Today at 7:09 PM

If I might chime in:

Anarcho-mom — Today at 7:09 PM

I'm saying if you hadn't taken all of those hostile actions IC, like the jail break and so on, which lead to the exile. Yes, you wouldn't have been exiled, in all likelihood.

Yeah that's what I understood so. Your way of rewarding a fun rp like a jailbreak is to destroy a character. Congrats, you are making an incredibly fun game. I'm sure nothing wrong will happen with that kind of mentality.

If having to move your character around so much bothers you then stop having your character do things that will get them exiled. I'm not sure what you expect here.

Ash participated in planning the break-out of a friend and the result in the exile of TWO nations.

Doesn't it seem a bit too much for you ? That's what you believe is fair?

Devourer Of Souls — Today at 7:09 PM

If you didn't want to fight, Ashvath could have left Fairview. Why didn't Ashvath leave Fairview if she didn't want to fight?

Please explain.

Matron of Being Murdered — Today at 7:09 PM

She 100% could have, she had an ooc month to do it despite the exile being posted, she got an entire month to leave

Devourer Of Souls — Today at 7:10 PM

Because that seems like an action that would lead to a fight, which seems contradictory to your desire not to fight.

Anarcho-mom — Today at 7:10 PM

Funny thing to say for the one that yelled at me in DM because I refused to metagame for you and leave the bedroom where my character was sleeping.

Matron of Being Murdered — Today at 7:10 PM

i wasn't told that you had snuck into my bedroom and hid in the closet, i didn't approve of that.

Bhl̥ṛ̥R̥ḂDr̥Sm̥N̥ṛ̥Ake — Today at 7:11 PM

If the Donna didn't want us dead from the beginning, why hasn't she dropped it? If she didn't direly want us dead even though we've done nothing to warrant death, like seriously, everyone is treating Fairview worse than Felhart, why didn't she accept our proposition to leave.

Devourer Of Souls — Today at 7:11 PM

And no, no it doesn't seem unfair, that an individual who goes against the rule of law and performs an aggressive action against such a nation would be exiled from it.

Matron of Being Murdered — Today at 7:11 PM

Why should I drop it when ic dictates I shouldn't. Why should I drop it at all, just so you can have the happy ending and ignore consequences.

Anarcho-mom — Today at 7:11 PM

If you didn't want to fight, Ashvath could have left Fairview. Why didn't Ashvath leave Fairview if she didn't want to fight?

Because I stupidly believed that you would maybe realise that the punishment wasn't at all at the high of the crime and make in sort that things chill a bit rather that harass a character as much as you can.

Clearly, my fait in you was misplaced. I truely believed you wanted to make a game fun.

What part of all this looks fun to you, who do you think had any fun in this whole mess?

Moku (Serenity/Kiki/Anastasia) — Today at 7:11 PM

Because you stole a ton of land and threatened to Kidnap bruno and kill the Donna?

Matron of Being Murdered — Today at 7:12 PM

We literally posted a notice telling her to leave. There is no excuse.

Anarcho-mom — Today at 7:12 PM

Aggressive action against Meiaquar ? Which aggressive action did Ash performed against Meiaquar before the independance ?

Matron of Being Murdered — Today at 7:12 PM

Your own actions are whats making it unfun. How you cannot see that, I cannot fathom.

Bhl̥ṛ̥R̥ḂDr̥Sm̥N̥ṛ̥Ake — Today at 7:13 PM

And the Donna actively tried to have Ash executed and told people to kill Yuri. We weren't even given an option to pay taxes on the land, we weren't given any IC tell until literally an hour or so before the attack was going to happen.

We even offered to leave while they were there at our doorstep.

Pandos — Today at 7:13 PM

Lets tone it back some.

Anarcho-mom — Today at 7:13 PM

What the heck are you talking about. Ash was sleeping in the Donna bed because she was her lover, I told you that IC but your forgot about it and instead invited another player to do a masturbation rp in your goddamn bedroom.

□ Dystopia □ — Today at 7:13 PM

If you don't schedule things properly, you can't force things to happen while the people that you're trying to engage with are at work.

It's not something I did because I felt like it, it's because the Conflict Rules state that you need to schedule things.

If you can't be bothered, we can't help you.

Matron of Being Murdered — Today at 7:13 PM

Its like if i got a gang of 3 and attacked cellvisch trying to kill the ruler, and then freak out when I'm not allowed to walk out of the capital after fighting guards.

Anarcho-mom — Today at 7:13 PM

I know the other player, they can witness what I just said as true by the way.

Croakie just proven at this instant that she is openly lying about what happened. I'm just ... I'm just so much tired of this BS.

Devourer Of Souls — Today at 7:14 PM

Mana being found out prior to my mistake is a bit odd, but a lot of people were being very scummy with the whole pets thing around that time so I just boil it down to that.

Also just to reply to this, there was IC related to it. I know because it was brought to my character directly.

Matron of Being Murdered — Today at 7:14 PM

She was sick wtf? Are you even saying?? I let her use the room because she was feeling weird so i told her to just hang out in there while I talked with other people.

Balthie — Today at 7:14 PM

Oi.

If you lot can't keep it at least halfway civil, I'm not going to be half as gentle as the rest of the staff. You don't even fathom the level of patience the staff handling this has had for you, and it's not patience I share.

BilŕRŁDrSmNŕAke — Today at 7:14 PM

Please tell me about it because literally everything everyone else has told me has been openly fake

Anarcho-mom — Today at 7:15 PM

Permission to invite the player in question to prove that Croakie is lying ?

Devourer Of Souls — Today at 7:15 PM

Mainly that a new person showed up in Fairview right after Mana was broken out, and that the Don mistakenly called her by her old name.

According to someone who informed the Austung IC.

Matron of Being Murdered — Today at 7:16 PM

literally several people called her by her old name.

Bhl̥ṣ̥R̥D̥S̥m̥N̥ṣ̥Ake — Today at 7:16 PM

Mana was never in Fairview under her alias, and if the Don did that I have no knowledge of that so neat. I know at least half of that is a lie.

Matron of Being Murdered — Today at 7:16 PM

but it isn't, claiming things that don't fit your viewpoint as lies isn't constructive.

Devourer Of Souls — Today at 7:16 PM

I mean it could very well have been an IC lie, but the fact that it happened isn't a lie.

Bhl̥ṣ̥R̥D̥S̥m̥N̥ṣ̥Ake — Today at 7:17 PM

That's not my point Dev. My point is people were openly lying and coming up with random reasons that were literally majority lies to spread info that shouldn't have been icly known by any of their characters just to expose something because they OOCly were angry about it.

Devourer Of Souls — Today at 7:18 PM

I dunno, I have my doubts that people made up things that didn't actually happen. But it's not really important.

Bhl̥ṣ̥R̥D̥S̥m̥N̥ṣ̥Ake — Today at 7:19 PM

From what I heard they were. But maybe the Don did screw up. I know I did later on. You're the first person to actually say something that could've actually happened

Anarcho-mom — Today at 7:21 PM

Mana wasn't in fairview with her pseudonyme that's a fact Croakie. Just as much as what happened is a fact.

You want other fact, I have other fact.

Your accusation of Ashvath being banned from other nation ? True, doesn't know why it deserve an exile still.

Your accusation of Asvhath infiltrating the Donna's house ?

A lie, as much as you lie all the time pretending nothing happened between them, lying at a OOC level even.

Your accusation of Ashvath beating minors ?

That's a lie, it was a spar and it is Kip that almost killed Ashvath by shooting her in the back after Nickel wounded her.

Your accusation of Ashvath attacking guests ?

That's a lie, Ashvath was the one attacked by Hollow that wanted to kill her and she just knocked her out with the back of her hand without hurting her.

All the goddamns accusation you made IC are either IC or OOC lies. I have NO CLUE why you are targeting Ash this much and why you find so much pleasant to try to ruin my fun on the game but Fairview just wanted to be left in peace and have fun rp, but you can't allow us that for whatever reason you have.

Devourer Of Souls — Today at 7:21 PM

The salient point about the whole Mana situation and the jailbreak is that Mother isn't being punished for what was a fun RP event that lead to interesting IC stuff. Ashvath, however, was punished for her part in the jail break, and was assumed to have been active participant in it due to IC. Whether or not that's true IC or not, doesn't really matter.

It doesn't matter if no one was hurt, or the RP was fun, or whatever. IC, someone attacked a prison. IC, someone was persecuted because Ashvath was suspected to be that person, or to have a heavy hand in it.

Anarcho-mom — Today at 7:22 PM

I'm just so tired of all this BS. Yeah you are a leader Croakie. As a leader you have the responsibility to make the game fun for others. All you manage to do is the opposite, persecuting characters and using your positions to erp as much as you want. It is a shame and I don't understand that you are allowed to continue to do that after the number of player you drove off the game and/or Meiaquar

Devourer Of Souls — Today at 7:22 PM

I don't really understand how anyone could argue that exile wasn't justified. Hell, it wouldn't have been out of line to have the Premier execute her for it, but again. OOC considerations were being made.

Matron of Being Murdered — Today at 7:22 PM

I am tired of the bs being slung constantly yes

BilfRzDrSmNfAke — Today at 7:22 PM

With literally no evidence beyond she was seen prior to it happening.

Devourer Of Souls — Today at 7:22 PM

That's plenty of evidence.

If the second in command of Geladyne is basically an eyewitness, that's gonna have some weight.

Matron of Being Murdered — Today at 7:23 PM

We literally have executed people for less, see johnny's character.

Anarcho-mom — Today at 7:23 PM

That's not an evidence. Especially when she left the city by the main gate in front of the NPC

Devourer Of Souls — Today at 7:23 PM

Okay? It's plenty of evidence as far as IC is concerned.

No one's gonna dust for fingerprints or look up the security camera footage.

Anarcho-mom — Today at 7:23 PM

How did she manage to left the city before anything happen, be witnessed by NPC doing so and yet accused of being the one doing it, I don't understand. Especially when she as witness she was at Fairview after that then at Beggar's Hole.

Devourer Of Souls — Today at 7:23 PM

There was reason to suspect her.

Matron of Being Murdered — Today at 7:23 PM

either way we got our response I guess

Devourer Of Souls — Today at 7:26 PM

It's really hard to take your side when, like, you are not listening to a word that's being said, taking no responsibility, and constantly attacking people OOC.

Matron of Being Murdered — Today at 7:26 PM

^ ^ ^ ^ ^

Anarcho-mom — Today at 7:27 PM

What did I do to deserve to be treated this way in the end ? Really ? Just because I planned a jail break I need to have all my fun taken away from me in the game ? That's what you think is good rp ? Please understand that there is a limit you can inflict over a character for unfair reasons

Balthie — Today at 7:27 PM

Random ERP drama doesn't sound fuck all related to this.

Matron of Being Murdered — Today at 7:27 PM

The way you carry yourself and your characters resulted in this. There are no unfair reasons. We have been fair.

Anarcho-mom — Today at 7:27 PM

Well that's one of the accusation of the Donna for the exile so it is.

Devourer Of Souls — Today at 7:27 PM

At the very least, Kyratio, I appreciate you trying to be level headed through most of this discussion.

Even if we disagree on a few points.

Bil̥ʁ̥R̥D̥r̥S̥m̥N̥ʁ̥Ḁke — Today at 7:28 PM

To be fair, Mother was trying to have the same discussion with you as I was, but everyone jumped on the train to attack her like always.

□ Dystopia □ — Today at 7:29 PM

Incendiary remarks have a tendency to make people not want to listen to or humor you. Better behavior would probably help.

Devourer Of Souls — Today at 7:29 PM

Well, her replies to my statements specifically didn't really acknowledge what was being said or accept much responsibility, unfortunately.

In addition to everything else.

Anarcho-mom — Today at 7:30 PM

It's been so long that I try to defend my case and nobody wanted to listen to it once. Since the start of the deportation to Meiaquar I tried everything I could to make my plea

So yeah I'm tired and make incendiary remark, I'm sorry I'm ... I'm beyond exhaustion

□ Dystopia □ — Today at 7:30 PM

There's not really an excuse for stuff like that. Not to this level.

Balthie — Today at 7:31 PM

I'm sure that if the apology is genuine, she won't do it again.

□ Dystopia □ — Today at 7:31 PM

We're all tired, but we're not dissolving to knee-jerk reactions and incendiary remarks. That should indicate that you probably shouldn't either.

BhlꝚRꝚDꝚSꝚNꝚAke — Today at 7:31 PM

I think she's made plenty of points that do just genuinely go ignored because everyone chooses to believe she's lying when she really isn't.

She doesn't argue that well, she makes people angry, understandably, but I'll state this again.

It's about the intent. Mother has never intended anything malicious with her statements. She isn't trying to offend. Just like with mister Willy Wonka over there. English isn't her first language and she has a tendency to sound a bit aggressive.

A little understanding can go a long way on both sides.

October 18, 2022

□ Dystopia □ — Today at 7:33 PM

I think that's a big reach.

She's shown she's competent and understands what she's saying.

Thus she knows that what she's saying is aggressive. Thus maybe she should remedy that.

@Devourer Of Souls

Well, her replies to my statements specifically didn't really acknowledge what was being said or accept much responsibility, unfortunately.

Anarcho-mom — Today at 7:33 PM

I conter-argumented every single of your statements, it isn't not listening to you if I defend my point of view. You aren't right and I am wrong, that is not how a dicussion goes Dev. I could say that you are refusing to take responsability yourself as you allowed this to happen, still allow it and taken part of it.

We disagree, that's the end of it. I think that the amount of punishment for planning a jailbreak is too huge. You think it isn't. But you aren't in my stead, you aren't going throught that all day along, you aren't losing all the time and rp invested in your character.

I said everything I could, I feel still that I'm not heard, instead I'm just being blamed more and more. Like if you all really believed that breaking someone out of jail with a smart plan deserved an exile from two nations and the loss of over a month of rp if not worst

Devourer Of Souls — Today at 7:34 PM

As I stated. They do not seem keen on accepting any responsibility for the IC actions, and are now trying to blame me.

[7:35 PM]

Whether or not you believe it's a fair IC punishment, you must acknowledge that it came from IC actions that you chose to take. That's the whole thing I'm trying to get across here.

@☐ Dystopia ☐

I think that's a big reach. She's shown she's competent and understands what she's saying. Thus she knows that what she's saying is aggressive. Thus maybe she should remedy that.

BHlꝛRŁDrSmNꝛAke — Today at 7:35 PM

It's not about competence in understanding, it's about grammar and difference in culture. Like Duyuei and Meiaquar.

Calling someone a gorilla in Duyuei would probably be seen as a compliment, calling them strong. Calling someone a gorilla in Meiaquar would be seen as an insult, like you're calling them stupid.

People get upset when they aren't heard or feel ignored. Imagine trying to tell someone you didn't do something for 2 months straight but punishments keep piling on and on when you genuinely didn't do it. (edited)

Matron of Being Murdered — Today at 7:36 PM

I dont think we can get anywhere, dev.

Whether or not you believe it's a fair IC punishment, you must acknowledge that it came from IC actions that you chose to take. That's the whole thing I'm trying to get across here.

Anarcho-mom — Today at 7:37 PM

I had no way to know that by making a plan that give no proofs it would to two exiles. Even if I was aware we had an agreement with the Don that it would protect Ash he would just get her out of jail immediatly. Whish he wasn't allowed to do since he was banned.

☐ Dystopia ☐ — Today at 7:37 PM

Yes, with how much mud is being slung on my name over the entirety of Blade's and Hated's bans and everything that came from them. I don't really have to imagine.

Devourer Of Souls — Today at 7:37 PM

Did you assume that there would be no consequences IC? Because, I don't know what you tell you if that's the case.

Anarcho-mom — Today at 7:39 PM

Your logic is that leaders can execute other players over suspicions. That's not something sane to do in a roleplay game, it will never be. That's the best way to kill any attempt to do anything else that be a good citizen.

Devourer Of Souls — Today at 7:39 PM

Instead you are complaining that the treatment you have gotten, which was nicer than it should have been, was not nice enough. That nothing should have happened in reply because you were not caught red handed.

Or are you trying to tell me that your world of rp is supposed to be based over a realistic medieval country where you get killed because you didn't hail the king ? If it's the case then you will not create a fun place to rp. It wasn't fun to live during the medieval times.

Fairview is Meiaquar land, as proven by your succession attempt, to say she didn't ignore the Meiaquar exile is false, please stop saying that.

And what would be the circumstances when exile would be acceptable, in your eyes?

Fairview is Meiaquar land, as proven by your succession attempt, to say she didn't ignore the Meiaquar exile is false, please stop saying that.

The exile wasn't attempted to be given until the day Fairview declared independence.

She was exiled because she has caused numerous problems and is an international and domestic liability.

So you exiled Ash because she caused problems in the past in other countries and for lies (because the domestic problems we both know they are lies)

We gave it a month before what are you talking about.

The exile wasn't attempted to be given until the day Fairview declared independence.

It has been over a month since she was exiled, when Mana was broken out and nearly sparked a war between Meiaquar and Geldyne.

We gave it a month before what are you talking about.

No, we went to have a cabinet meeting, the Don got IRL sick and we had to pause, and you guys NEVER GOT BACK TO US.

Then suddenly the Don is on our doorstep ready to affirm it.

So you exiled Ash because she caused problems in the past in other countries and for lies (because the domestic problems we both know they are lies)

They literally arent from an ooc standpoint. Every issue she has caused was 100% factual,

Anarcho-mom — Today at 7:49 PM

Dev. The part about the trial was fine. Ash believed she was going to be executed, she wasn't, I was grateful for that. Despite this I understand the exile as she was quite horrible during the trial since she believed she would be kill (even if the part about the regisseur being horrible to her was true)

But then she gets back to Meiaquar and Meiaquar decide to exile her because "she got in trouble with other countries" that's not how it should be done, otherwise once you get exiled from one country you get exiled from all.

Matron of Being Murdered — Today at 7:49 PM

Matron of Being Murdered — Today at 7:50 PM

you were given a month, and even when you failed to do it, we came by to inform you to get out. A real mafia person would just give the cement shoes.

@Bhl̥ṛ̥R̥ḶḶDr̥Sm̥N̥ṛ̥Ake

The first exile was by the Donna why the Don was still banned. We tried to have a cabinet discussion while the previous don was Still Don and then we had to pause. the Donna never got back to us on it and then suddenly you are at our doorstep. That is literally what happened.

Moku (Serenity/Kiki/Anastasia) — Today at 7:50 PM

Suddenly is 30+ days later?

Devourer Of Souls — Today at 7:51 PM

As far as I'm aware they attempted to set up another meeting with Blade and he never replied.

Willy Wonka — Today at 7:51 PM

You said we didn't enforce the exile until you seceded and thats is a lie

Anarcho-mom — Today at 7:51 PM

Go ask Lumi, Croakie. I don't even know why people would believe that Ash is a traitor and a spy. A traitor and a spy to who ? We have people from three country here ? Are you telling me that Ash was a spy from Telegrad ?

Devourer Of Souls — Today at 7:51 PM

Because he planned to leave the game.

Bhl̥ṛ̥R̥ḶḶDr̥Sm̥N̥ṛ̥Ake — Today at 7:51 PM

We were trying to have it the next day but the Don was still feeling bad, and Disiree needed a break, so I was waiting for them to tell us when they were feeling up to it. (edited)

Matron of Being Murdered — Today at 7:51 PM

yes, he was quitting so like, i showed up to the meeting, fully wanting to have it, but was told we have to stop because blade didn't want to have it anymore after 10 minutes of talking

@Anarcho-mom

Go ask Lumi, Croakie. I don't even know why people would believe that Ash is a traitor and a spy. A traitor and a spy to who ? We have people from three country here ? Are you telling me that Ash was a spy from Telegrad ?

Matron of Being Murdered — Today at 7:52 PM

do i have to run down the entire list to you again.

@Devourer Of Souls

I dunno, the Donna and Don agreed to exile you. They can do whatever they want with their nation's laws, and enforce them as they like. Whether or not it's unfair doesn't really matter.

Anarcho-mom — Today at 7:52 PM

You realise by doing that you are creating the exact way to create more drama like this one . There is a reason why the guards in sigro were locked behind so much rules. Because giving full power to players without restricting their capacities to make other players feel miserable is a very bad idea.

@Matron of Being Murdered

do i have to run down the entire list to you again.

Anarcho-mom — Today at 7:53 PM

Of course if you want. I can either prove which one were false and misinformation or which one she was already judged for.

Devourer Of Souls — Today at 7:53 PM

The number of people who have been exiled from three nations is only one, pretty much. I'm thinking this is not a system problem.

Matron of Being Murdered — Today at 7:53 PM

tbh sheeva was close.

□ Dystopia □ — Today at 7:53 PM

Okay but by the literal words of the new Don, Fairview should've had a say in the confirming of the exile of Ash.

We were still on hold expecting them to let us know when they weren't stressed out anymore.

Alright, let's go over this again.

The duke : She was judged and demoted for that, already paid the price.

Jeopardized Duyuei alliances : Same as above

Next line : Same as above

You can note that one crime is already treated as three different crime just to make the list bigger, for reminder what Ash did was bonk the head of the Duke when he talked to big with the back of her spear.

Leaked information : That's a lie, the one who did that was the grandfather of Valors' character, Ash was present at the forum to make a report to the Chief.

Brought ... : That's a lie, she was talking to the trainee when Lexaly lancaster went to wall to cross to the wastes.

Ignored and defied order multiple time : That part is true, she apologised for it and chose self-exile for a time to make penance

- SPoke : Same crime as above

- Blatant disregard ... : Same as above

- Disrespected and incited conflict ... : Turns out that is was because Ash took the command of a Squadrone of Galjager, despite the chief of her tribe not seeing a problem about that, the chief decided to make a crime out of it.

- Enlist ... : Yes, in a way that would not enter in conflict with her duty with Duyuei. Why was it considered as a crime, I do not know.

Spread misinformation : Never given any proof of that, she didn't do it.

Incited conflict : Same as above. I beleive it is another way to say she didn't follow order.

-Conspiracy and spying charge : For who ? No other nation ever hired her for that, she would have refused, that's just random accusations.

- Immediate hunting of an exile : That's no even a crime I wrote the law myself I know it
- International and domestic ability : Let's make the list longer by adding multiple time the same crime under different name (edited)

Mother made a comment in LOOC, the battle was going on for a long time, I ordered a retreat ICly to give the battle a rest, because it was NOT LOOKING TO END, so they could sleep, I asked for a draw because of this reason, and mother attacked me, saying I can't make that choice to end the battle because she needed sleep, and that it was our loss, I cared, and we lost for it, which seems a bit rude.

It was less blade and more Desiree, I already knew about Blade intending to leave because of the fact he was literally falling apart irl due to all the stress caused. Moku (Serenity/Kiki/Anastasia) — Today at 8:06 PM

That isn't an answer to my question, Desiree is not involved in this at all, why couldn't you make a meeting with Don Ferranto, Bruno, Evelyn is Croakies enforcer, not Bruno's....

And blade was not fallign apart IRL from the stress, he was falling apart because his IC and OOC actions CAME BACK ONTO HIM and he was too childish to take the responisbility, so he ran away.

Do not bring unrelated parties into this, especially ones Blade hated due to being on Croakies side.

I was in VC with blade during much of his reign as Don, the amount of hate that I felt coming from him, mainly to croakie, the fact he OOCly told Croakie that people hated them, my name being dropped in on that to which I confronted him, and he has lost many friends over this hill he has chosen to die on.

Do you agree that Moku was right to make the decision out of consideration?

Anarcho-mom — Today at 8:06 PM

I disagree, decisions shouldn't be taken without the consent to everyone. As much as I understand and thank Moku for it, it ended creating far more problem.

My night and mental health were already damaged anyway by what happened and the retreat sadly only made it worst as it took away the only chance I had to save my character

Again, I'm not even talking about the Don, are you even reading screams

Anarcho-mom — Today at 8:19 PM

Croakie is lying about what happened in the Donna house. Lying oocly. And using it lcly to exile Ashvath.

I cannot do anything about the lies lcly, you made that clear.

But at least, I can make my name clean OOCly. Because people shouldn't lie OOCly about what their character do, it's just not moral to do so.

Devourer Of Souls — Today at 8:19 PM

Let me rephrase what's being said.

By blackmailing someone?

Devourer Of Souls — Today at 8:19 PM
Why didn't you express your intent to set up another meeting with Willy Wonka/Satoshi after TCBlade quit?

Anarcho-mom — Today at 8:19 PM
Getting a witness of the event to prove that the other person is lying isn't blackmail

Devourer Of Souls — Today at 8:19 PM
I understand that one player was maybe taking a break at the time.
[8:19 PM]
But it would logically be something you should have contacted him about.

@Devourer Of Souls

Because I was waiting for Desiree to let us know she was okay to participate in it. I was trying to be considerate of them. One of the last messages I sent was for her to let us know when she feels better so we can continue. I'm not trying to treat Korvara like a race, I don't mind taking my time with things when it's helpful to people's betterment.

Once she was back in we would've all continued the chat and properly managed it. As I showed, Gawd was in that chat and able to see it. (edited)

@Anarcho-mom
On another note, I have confirmed with my witness the lies of Croakie regarding the situation with Ash "infiltrating" the house, they will transmute their testimony of what really happened so @Matron of Being Murdered last chance to say to everyone what really happened before you get exposed

Moku (Serenity/Kiki/Anastasia) — Today at 8:21 PM
the way you worded this, is blackmail you're saying "Say this or I expose you" that's blackmail

I believe this is language barrier, because no matter what Croakie do the witness already had transmitted their testimony to Karridan

Moku (Serenity/Kiki/Anastasia) — Today at 8:22 PM

That's not the point Mother.

Anarcho-mom — Today at 8:22 PM

What would I win in blackmailing Croakie over such stuff ?-? Blackmail is supposed to make you win something that's ... I'm just offering a chance to Croakie to admit that she did wrong before it is proven !

Balthie — Today at 8:23 PM

...What would you win? Alright nah, I'm pretty tired of this now.

Anarcho-mom — Today at 8:23 PM

because if she admits it, it's a bit less bad that if she still denies it until the last second. Since she shouldn't have lied from the start.

[8:24 PM]

I mean is all the admins alright with the fact that Croakie is lying to you and Dev ? Does't it seems like a bad thing to do ???

Devourer Of Souls — Today at 8:25 PM

Bud, I didn't even know what you were talking about.

Anarcho-mom — Today at 8:25 PM

About the fact that Croakie pretend that Ash infiltrated the Donna's home.

Devourer Of Souls — Today at 8:25 PM

I don't understand why it's really relevant to the discussion either.

Bil̥ṛR̥D̥S̥N̥ṛAke — Today at 8:26 PM

I think a lot of people are assuming Mother is going to go around and start telling everyone about whatever it was since I kinda got lost in the conversation since I was having one with Moku too

I'm pretty sure Mother just means in here

@Devourer Of Souls

I don't understand why it's really relevant to the discussion either.

Anarcho-mom — Today at 8:26 PM

Because I don't want her lying to you about me and my character ! It's normal to defend yourself when someone lies about you no ?-?

Balthie — Today at 8:26 PM

It's not. Enough of this.

BHlRzDrSmNtAke — Today at 8:26 PM

it's- not normal to defend yourself when you're being lied about?

Anarcho-mom — Today at 8:27 PM

... what ?

Anarcho-mom — Today at 8:36 PM

Let's just move on, I'm too tired to hear any justification over this. We are all probably tired and Balthie probably didn't understood well or didn't meant it that way, it happens.

@Willy Wonka we will tell you which day we can fight and count defeat and victory, that's all, see you in a few days.

Balthie — Today at 8:36 PM

Do not speak for me.

I'm still typing.

Regisseur Bread — Today at 8:46 PM

Oh this is despicable.

Balthie — Today at 8:47 PM

This isn't defense, this is offense.

"What would I win in blackmailing Croakie over such stuff ?-?"

Maybe you'd win just what you keep getting allowed to win, always at the detriment of others.

Maybe it's yet another effort to get away with another round of giving someone a right hook whilst acting like the punch was directed at you.

You need to learn some humility, Mother.

You need to stop casting stones at others for shit you're not innocent of.
And most of all, it'd be wise to stop acting like people are biased against you, when time and time again you get let off the hook. Mystifyingly.

Think back to every extra chance you've been given. Think back to every concession.
Do you think what you've been pulling is fun for the other side, when you're intent on claiming that they're killing yours?

So, let me first be clear on this "Defense";
Trying to leverage some ERP logs to bludgeon someone else into admitting shit you want them to isn't defending yourself, and never has been. No defense has ever begun with,
"Last chance before I expose you"

Secondly.
This chat is going absolutely nowhere. It's a vague background stream of topics that halfway makes sense, drowned out in rabid screaming, insults, and blame being shat out at anybody within radius.

The sheer patience Dev and my colleagues have had to read this, let alone participate, is beyond baffling to me. Where they have this saintlike ability to try to get you to see reason is a mystery, when it's clear that this chat is beyond it. At least as kindly as you've been treated.

Instead, whilst other options are being considered and worked on, this channel is on pause.
There will be no ultimatums or decisions made like this, "we will tell you which day we can fight and count defeat and victory, that's all, see you in a few days" until one of us otherwise says so.
If that happens, then you can reasonably speak with one another to make arrangements.

[8:47 PM]

To follow from that;

If I see a single insult, irrelevant accusation, blatant attempt to twist shit, or clear inflammatory remark from either side, it's a mute. You can sit in time out, and come back to working on things after. If it happens again, you can fuck off entirely for a while. I'm not going to be gentle, kind, or forgiving.

Tiredness has been used as an excuse numerous times in this short time that I've first had to look in here myself, so let me offer a word of advice.

Tiredness is not an excuse to not listen to one another. Tiredness is not an excuse to swing on one another. You're humans, not animals. If tiredness is preventing someone from acting reasonable, they should do the smart thing; take a single moment of self-reflection, realize they shouldn't be letting tiredness make every situation they're in worse, and come back with a level head after a long rest.

Balthie — Today at 8:54 PM

And for the record, Kyratio- I need you to consider something very important, because I think you're here from a good place in your heart.

Be very careful when you consider things to be simple cultural misunderstandings, missing context, or language barriers. Oftentimes, that is the case.

But if you don't yourself have a clear insight into the culture in question, know that you're just putting blinders on yourself to find a way to excuse behavior. It's a dangerous road to treating people by your own perceptions of their culture- namely, the built-in assumption that what you see comes from a monolith. And that isn't something that is done intentionally.

French people are not a monolith. None are. We're all different, so let me be clear. Do not pin the attitudes or actions of one individual on culture unnecessarily.

I just like to judge people based on their actions I see them take around myself and others kind to them and then the actions they take to those unkind to them rather than what I hear. Sure, I'll consider what I hear, but that isn't going to decide how I treat people.

That's why I still defend Mother, because she's surprisingly kind and understanding when you give her a proper chance.

I get not everyone is patient or willing to understand, some prefer to jump to conclusion or just get fed up when they realize there are misunderstandings, then it leads to something else and just blows up.

But regardless, I'm dying on my hill here.

Balthie — Today at 8:59 PM

I understand you here, Kyratio. Like I said, I think this comes from a good place. I appreciate that.

In regards to that; I just want you to consider that more people than you realize may have provided a more than fair chance too.

BhlꝥRꝘDꝑSmNꝥAke — Today at 9:01 PM

Yeah I can get that. But there's a server of 26 people or so that get along just fine with her and wholly accept her, so please consider that as well!

I'm not saying anyone here is wrong, or that we're right. I do think that we could come to a much better conclusion on both sides if we were willing to hear one another out properly.

Balthie — Today at 9:03 PM

I agree.

I think it would be possible, if you were. These past few hours have proved that the time for that is not right now, and that this channel can resume when it is. So, I'm callin' it here, for now. Channel's on pause.

Bh1ƚR4DfSmNƚAke — Today at 9:04 PM

Completely fair, I'd honestly prefer if it were locked from people being able to chat in it as to avoid any further arguments.

Everyone on both side is tired, grumpy and prone to say things they might regret just like I did at the start of this today.

Balthie — Today at 9:04 PM

I agree. Just getting consensus on the lock.

Anarcho-mom — Today at 9:06 PM

I still can't believe you are pushing the fact that I'm trying to blackmail Croakie when the testimony was already being given to Karidan when I said that. You didn't listen to a single word of what I said. I never said "Last chance before" I said "this is the last moment you can" because after this moment, it will be too late to pretend you weren't lying.

Just ask Karidan, ask him when he got the witness's testimony. No matter what you believe, I won't accept you pinning on me that I want to blackmail anyone. Because I didn't. Also if I would do that, which I would never, I would blackmail them in dms, not in the middle of a talk with all the gms and the dev of the game. I mean that's quite obvious.

Finally for all the time I've been left out of the hook, I can remember only one and it is when Ash was put out of Geladyne, I'm grateful for this one and never complained to anyone about it. What did it cost to people ? Not much. If you think that allowing a character behaving (from your point of view) as an antag to live rather than go full one to kill everyone (that you believe) to be doing bad things, you only kill the game by allowing no event to happen.

Other than that, I don't feel like I was let out of the hook often, if there are problems with me, feel free to talk to me about them, I always answered my dms, I try to be polite at the best of my abilities and respect your hard work when I don't blatantly disagree with the decisions around it.

And please, tell me where else I won, because right now I don't see it. Not after all the last weeks of rps. If you think my time on the game was pleasant lastly thanks to some divine gm protection, trust me, it was not. I helped a friendly new player that didn't want their character to die but were forced to and despite doing things correctly, working with a gm and a eventmin, I was given shit for it for a long long time and still am. Yet I doesn't regret it, because at least I allowed a player to enjoy the game by saving them from an unfair death that was going to ruin their drive for the game.

I have no shame in my actions nor what I said or did most of the time. And when I have I always apologise and recognise my mistake. I don't know if I'm humble, I won't pretend I am, but at least I'm at peace with myself. Hope it is the same for you.

You do not have permission to send messages in this channel.

Pandos — 10/20/2022

@BhlꝛꝛRꝛDrSmNꝛꝛAke @Anarcho-mom

We have obtained a consensus and a conclusion regarding the The Fairview-Meiaquar conflict. This was obtained through facilitating OOC discussion between Meiaquar and members of Fairview who proved to be far more receptive and constructive in discussion. Meiaquar will be formally receiving Fairview and instating their own leader of the town in return for allowing people who live in the town to leave as they so please. Yuri and Ashvath will not be executed but will be expected to leave. This means all of Meiaquar, including Fairview herself. These terms will be provided through IC negotiations some time after I post this message.

You can choose to participate in those discussions ICly or not, but dont expect your lack of attendance to derail the conclusion of this.

Now, moving onto more GM-related matters. Despite what you both may consider, there has been ample amounts of concessions made for your sakes in the pursuit of providing something enjoyable for all. These concessions have been made repeatedly and as Dev so handily put it, had those concessions not been made, then there would have been character death much earlier in this entire Saga. Geladyne to be exact. At this point, the GMs have no more interest in using an excuse of fairness to provide concessions for you all. However, I will mention that the decision of Meiaquar to allow Yuri and Ashvath to live was not because of your wants, but more-so because those we spoke to in Fairview very much wanted those two to survive.

If your characters end up in further complications, then whatever consequences they suffer will not disputed.
