

A Parent Letter with information will be sent out next week in the mail. I will begin contacting parents 2x per week (probably Mondays and Wednesdays) with information/activities/interventions for the kids starting on April 13th.

I already check my email a few times per day so will continue to do so. I will also begin setting up IEPs that were missed and future IEPs to be held in May, sometime. I will also be in contact with Gen Ed teachers to see what I can do to help them and if there is anything they need from me at this time.
