

Social Tool Kit: How to Support DACA Renewals

Background

In June of 2017, Texas Attorney General Ken Paxton sent a letter to the Trump Administration threatening to sue if they did not end the Deferred Action for Childhood Arrivals (DACA) program. On September 5th, 2017, the Trump Administration decided to end the program and only allow one more month of renewals to be processed.

Thanks to the hard work of DACA recipients and litigators, in January of 2018 a preliminary injunction was granted in the Regents of UCal v. DHS case that forced the government to continue accepting DACA renewals due to the court finding wrongdoing in the way the Administration ended the program. Since the injunction, **131,320** individuals have applied to renew their DACA, and **102,440** of those renewal applications have been approved.

Unfortunately, in May Attorney General Ken Paxton moved ahead to sue the government in an attempt to end not just renewals but have the program declared unconstitutional, despite previous legal rulings affirming the legality of DACA. The case is now before Judge Andrew Hanen in Brownsville, Texas and will be heard on August 8th. A decision could be made any day throughout the month of August and this decision may impact the future of DACA renewals.

It is critical that in the face of uncertainty we encourage and empower DACA recipients who qualify to renew their DACA as soon as possible. There are two resources that make that possible: United We Dream's [RenewMyDACA.com](https://www.renewmydaca.com) website and Informed Immigrant's updated renewal guide which is available in [English](#) & [Spanish](#) and made in partnership with National Immigration Law Center.
