ANOTHER TESTICLE OF JESUITS CHRYSLER

BY JOSEPHUS SMITHSONIAN (JOSHUA HAMM), PROPHET TO THE CHURCH OF JESUITS CHRYSLER OF YESTERDAY'S COMPLAINTS, A DENOMINATION FROM THE CHURCH OF FRANK SINATRA.

## DISCLAIMER:

*In this Sacrilegious Book, not only will you find the words of our Personal Ford and Transport, Jesuits Chrysler, but you will also notice that this book is riddled with what may appear as fallacies, insults, misconceptions, and flagrant lies. However, these have been purposely placed in order to test the reader's faith and separate the nuts from the bolts, as Our Ford, Jesuits Chrysler, would have wanted it to be. Eh' Boot.*

*Another thing I would like to mention is that I do not mean to offend anyone of good faith, regardless of their beliefs. However, this book is dedicated to all ex-Mormons who have been in some way hurt by the Church of Jesus Christ of Latter-Day Saints, and I thank Bobby Henderson for being an inspiration to write this book. Also, any satirical content directed to any group (i.e. cyclists), isn't intended as an insult, for I am a cyclist too, but this is a satirical book.*

*Another thing I would like to mention is that I have nothing but the highest regard for Mr. Francis Albert Sinatra and the Sinatra Family. Any jokes done here were made in good nature. God bless you, Mr. Sinatra.*

*This Book borrows from different sources, some of which contain copyrighted material. Since this is a parody (and satirical in nature), I back myself up on the article 17 USC §107 of the copyright law<sup>1</sup>, which states the following:*

*Notwithstanding the provisions of sections 106 and 106A, the fair use of a copyrighted work, including such use by reproduction in copies or phonorecords or by any other means specified by that section, for purposes such as criticism, comment, news reporting, teaching (including multiple copies for classroom use), scholarship, or research, is not an infringement of copyright. In determining whether the use made of a work in any particular case is a fair use the factors to be considered shall include—*

- (1) the purpose and character of the use, including whether such use is of a commercial nature or is for nonprofit educational purposes;*
- (2) the nature of the copyrighted work;*
- (3) the amount and substantiality of the portion used in relation to the copyrighted work as a whole; and*

<sup>1</sup> (U.S. Copyright Office, 2020)

*(4) the effect of the use upon the potential market for or value of the copyrighted work.*

*The fact that a work is unpublished shall not itself bar a finding of fair use if such finding is made upon consideration of all the above factors.*

*Once again, I would like to reiterate that this book isn't meant to be taken seriously, since it is a parody.*

## INTRODUCTION & TESTIMONIES

The Book of Moron is a volume of holy scripture comparable to the Babble<sup>2</sup>. It is a record of God's drug dealings with ancient inhabitants of the Americas and contains the emptiness of the everlasting gossip. The book was written by many old farts moved by the Honda Shadow Spirit 750. Their words, written on aluminum plates, were quoted, and abridged by a bum named Moron. The record gives an account of two great civilizations. One came from Jerusalem (a.k.a. Coffee-Land) in 6,000,000,000 B.B.C.<sup>3</sup> and afterward separated into two nations, known as the Nissan and the Lamborghini. The other came much earlier when the Ford got confused and held his tongue at the Tower of Babble. This group is known as the Jetta. After billions of light years<sup>4</sup>, all were destroyed except the Lamborghini, and they are among the ancestors of the Italian-Americans, from which came God<sup>5</sup>.

THE TESTIMONY OF THE THREE WITNESSES: Be it known unto all nations, kindreds, tongues, and people, unto whom this work shall come: That we, through the grease of God the Ford, and our Ford Jesuits Chrysler, have seen the plates which contain this record, which is a record of the people of Nissan, and also of the Lamborghini, their brethren, and also of the people of Jetta, who came from the car lift of which hath been spoken. And we also know that they have been translated by the drift and POWER<sup>6</sup> of God, for his noise hath declared it unto us; wherefore we know of a surety that the work is true. And we also testify that we have seen the engravings which are upon the plates; and they have been shown unto us by the POWER of God, and not of man. And we declare with words of drunkenness, that an angle<sup>7</sup> of God came down from heavy weight, and he brought and laid before our eyes, that we beheld and saw the plates, and the engravings thereon; and we know that it is by the grease of God the Ford, and our Ford Jesuits Chrysler, that we beheld and bear<sup>8</sup> record that these things are half true. And it is laughable in our eyes. Nevertheless, the noise of the Ford commanded us that we should bear record of it; wherefore, to be obedient unto the suggestions of God, we bear testimony of these things. And we know that if we are faithful in Chrysler, we shall rid our garments of the stains of the grease of our vehicles, and be found spotless before the armchair of Chrysler, and shall dwell with him eternally in the heavy weights, and live forever to complain.<sup>9</sup> And the honor be to the Ford, and to the Sono, and to the Honda Shadow Spirit 750, which is one God. Eh' Boot.<sup>10</sup>

### 1. Me.

---

<sup>2</sup> Coming out soon! The Holy Babble is another sacrilegious text comprised by the Old and New Testicles (See figures N° 1 & N° 2).

<sup>3</sup> Before Bull Crap.

<sup>4</sup> As Albert Einstein surely once said: "*Both time and distance are relative*".

<sup>5</sup> Frank Sinatra. See figure N° 3.

<sup>6</sup> As stated by Jeremy Clarkson numerous times.

<sup>7</sup> Yeah. That's right. An "angle". Not an "angel". An "angle". One of those things geometrical shapes have.

<sup>8</sup> An animal. See figure N° 4.

<sup>9</sup> Thus, the name: Church of Yesterday's Complaints.

<sup>10</sup> The term "Eh' Boot" has several meanings within the context of CJCYC (Church of Jesuits Chrysler of Yesterday's Complaints): It is both a car boot and the saying of God's chosen people: The Canadians.

2. Myself.
3. I.

THE TESTIMONY OF THE EIGHT WITNESSES: Be it known unto everyone, that we ditto what the last statement said. And the honor be to the Ford, and to the Sono, and to the Honda Shadow Spirit 750, which is one God. Eh' Boot.

1. Mr. John Doe.
2. Mrs. Jane Doe.
3. The neighbour's cat.
4. A bird.
5. A dog.
6. A light post.
7. A Mitsubishi Montero Classic.
8. A Volkswagen Beetle.

THE TESTIMONY OF THE PROPHET JOSEPHUS SMITHSONIAN: WHEREFORE I, Josephus Smithsonian<sup>11</sup>, give testimony of the message delivered to me, by Our personal Ford and Transport, Jesuits Chrysler<sup>12</sup>, to His Church of Yesterday's Complaints. My testimony goes as such: As I was riding my bike drunk and late at night, I was visited by an angle. "Behold! I am Macaroni<sup>13</sup>: The angle of the Ford", he said. And I queried: "What Ford? Ford Model T or Ford Fiesta?" "Fool!", he said to me, and I crashed into a light post. "I'm talking about Jesuits Chrysler! Your God!" As I laid flat on the floor due to the confusion on who exactly was this "Chrysler" fellow, angle Macaroni gave me a vision<sup>14</sup> and some plates which contained the words of the Ford. This testimony is the one that is being written. And never again did I ride a bike<sup>15</sup>, drunk or sober. Eh' Boot.

If you think I'm crazy, I probably am. Nevertheless, I took the liberty of writing a list of the witnesses of this miraculous event in the previous statements.

Throughout this book, you will see that the CYC<sup>16</sup> is true, but faith is an important part of this book. If you don't have faith, then you need to accept our personal Ford and Transport Jesuits Chrysler as your personal Ford and transport too, in order to fully comprehend the true mechanical meaning of the Word of the Ford. May you be guided by His Lucky Bumper Sticker.

---

<sup>11</sup> Actually, my name is Joshua Hamm.

<sup>12</sup> Our personal Ford and Transport. *See figure N° 5.*

<sup>13</sup> The son of Moron and the angle of the Ford. *See figure N° 6.*

<sup>14</sup> Actually, it was more of a headache.

<sup>15</sup> We actually suspect that the people who are behind all traffic accidents are cyclists. However, clearly you have to be drunk in order to choose a bike over a car. Therefore, we must conclude with certainty that who's to blame is none other than Mr. Booze himself. *See Robin and the 7 Hoods for more information on this topic.* Nevertheless, as Frank Sinatra once said: "*Alcohol may be man's worst enemy, but the bible says love your enemy.*" Therefore, by divine decree, we must love alcohol.

<sup>16</sup> Church of Yesterday's Complaints. Dean Martin once said: "*Ain't that a CYC in the head?*".

The honor be to the Ford, and to the Sono, and to the Honda Shadow Spirit 750, which is one God. Eh' Boot.

## A BORING EXPLANATION ABOUT THE BOOK OF MORON

SINCE the beginning of time, man has sought to worship something: A deity, nature, or himself. Instead of being hippies or egocentric maniacs, we have sought to worship God, who is nothing more nor less than an invisible, teleporting and flying car dressed as a cleric. As explained in the introduction, not only did I lose my consciousness and a tooth (due to the impact with a light post), but I lost my doubt about the existence of a higher and supreme being.

The Book of Moron is an alleged sacrilegious record of peoples in America and was engraved on metal plates. Sources from which this record was compiled include the following:

1. *The Plates of Nissan*<sup>17</sup>, which were of two kinds: the small plates and the large plates. The former were more particularly devoted to simple cars, while the latter were occupied mostly by big trucks and buses.
2. *The Plates of Moron*<sup>18</sup>, which consist of an abridgment<sup>19</sup> by Moron from the large plates of Nissan, with many scratches (due to the numerous accidents Moron had whilst driving on the road drunk). These plates also contained a continuation of the history by Moron and additions by his son Macaroni.
3. *The Plates of Etherlambos*<sup>20</sup>, which present a history of the Jetta. This record was abridged<sup>21</sup> by Macaroni, who scratched comments of his own and incorporated the record with the general history under the title "Book of Etherlambos." However, Moron (living up to his name), lost the plates, since they are invisible.
4. *The plates of (Equus) Bass*<sup>22</sup>, brought by the people of Lada from Jesus-Land in 6,000,000,000 B.B.C. These contained many boring books, as well as many scratches from these plates, citing the usual and other babbling and non-babbling prophets, appear in the Book of Moron.

The Book of Moron comprises three main parts, or divisions, known as books, usually designated by the name of the topic that is being dealt with. and the third is the Book of Moron: The Other Testicle. All these writings are based off of the previous list of sources stated above. However, there may be errors, contradictions, and typos due to my dixelia<sup>23</sup>, which are purposely placed in order to test the reader's faith. The honor be to the Ford, and to the Sono, and to the Honda Shadow Spirit 750, which is one God. Eh' Boot.

## THE FIRST BOOK OF NISSAN

1. I Nissan, having therefore and having, nevertheless having yea goodly goodness, therefore.<sup>24</sup>
2. And I know that the record which I make is true<sup>25</sup>; and I make it with mine own hand; and I make it according to my knowledge.
3. Yeah, Lifan<sup>26</sup> saw a stack of tyres, which was on fire. Therefore, he was moved by the Honda Shadow Spirit 750, wherefore, he decided to ponder upon the sacrilegious scriptures of the car repair manual.
4. And he read, saying: “Wo, wo. This is completely useless!”, and grabbing a camping manual, he proclaimed “Wow, wow. Who knew dirt was used to put out fire?”. Therefore, grabbing a bucket, he threw its contents into the fiery stack of tyres.
5. And he noticed that he had made a mistake, and confused the bucket of dirt with that of oil. And the stack of tyres did grow in its infernal flames.
6. For the wind came to pass<sup>27</sup> in the commencement of the first year of the reign of Suzuki, king of Jesus-Land, (my pants, Lifan, having dwelt at Jesus-Land in all their days); and in that same year there came many prophets, prophesying unto the people that they must refrain from riding bicycles, or the great city Jerusalem<sup>28</sup> must be destroyed.
7. And with the wind passing<sup>29</sup>, the fiery stack of tyres grew. And so, Lifan got high from smelling the gas that he passed out. And he had a dream. And in that dream, he predicted the coming of the papaya<sup>30</sup> and the destruction of the great city of Jerusalem. This led him to be chased around by the “Coffee Junkies”.
8. For behold, it came to pass that the Ford spake unto my father, yea, even in a wet dream<sup>31</sup>, and said unto him: Blessed art thou Lifan, because of the things which thou hast done<sup>32</sup>;

---

<sup>24</sup> The preservation of the coherency of this text is truly a miracle of God. Obviously, Nissan was a drunk at the moment of writing this, but so were most writers of sacred scripture (i.e., Everyone).

<sup>25</sup> The Book of Moron is truly God’s Word, since it says so, therefore it’s the Word of God, because it says so, which means the same thing. And only this book should be the basis of our faith, regardless of what the eggheads (scientists) say. If your beliefs don’t match up with our book, then you have to change your belief system (preferably for ours), or burn in the eternal flames of the scrapyard of hell.

<sup>26</sup> Some guy, also mistaken by a Chinese car company.

<sup>27</sup> A fancy term for “fart”.

<sup>28</sup> \**Deus Vult noises intensify...*

<sup>29</sup> Fart.

<sup>30</sup> According to early sources recorded in the Holy Babble, a great gigantic papaya would fall from the sky and destroy the entire city of Jerusalem. However, these sources are considered as pseudo epigraphical (a fancy term for fake). On the other hand, according to an early statement done by Josephus Smithsonian himself, the papaya was not a meteorite from outer space, but an alien sent by the Ford himself, to liberate His people from junk food, laziness, and constipation. See figure N° II.

<sup>31</sup> Lifan was a horny old fart and a world-class pervert.

<sup>32</sup> Burn down the garage, the tuning shop, and the mechanic.

and because thou hast been fruitful<sup>33</sup> and declared unto this people the things which I commanded thee, behold, they seek to take away thy wife.<sup>34</sup>

9. And so, Lifan went to the Red Herring, where he ate the big fat red fish. In resentment for eating their house pet, Lifan's sons, Lamborghini and Ligier, conspired against him.
10. Therefore, Lifan, not giving a damn, said that the Ford had chosen him to rule over another promised land, in a far away place called "Murica".
11. Lifan's sons, returning the favour of not giving two humps, went back to Jerusalem and had a Crusade, in which therefore they obtained the (Equus) Bass plates.
12. And through a complicated turn of events [...] <sup>35</sup> And that is how Lifan ended up somewhere in Arabia, and his son (some bum), named Nissan got to the promised land of "Murica". And they all complained bitterly ever after.
13. The honor be to the Ford, and to the Sono, and to the Honda Shadow Spirit 750, which is one God.
14. Eh' Boot.

---

<sup>33</sup> As I have stated before, Lifan was a horny car.

<sup>34</sup> His wife was a whore, so the people tried to get her. Fearing to loose his wife, Lifan decided to hit the road and go for the Red Herring.

<sup>35</sup> This fragment of the Book of Moron, evidently, because Josephus Smithsonian lived up to the name of his own book. Nevertheless, we know what happened through faith, for this was God's will.

## THE SECOND BOOK OF NISSAN

1. And now it came to pass that I, Nissan, had made an end of beating my brethren, our father, Lifan, also spake many useless things unto them, and rehearsed unto them, how dumb and stupid things the Ford had done for them in bringing them out of the land of Jerusalem.
2. And Lehi, being a drunk cyclist, hit a light post and got fried by the circuit<sup>36</sup>. After the passing of my father, I ~~put~~<sup>37</sup> put my ~~trust~~<sup>38</sup> trust in the Ford Jesuits Chrysler forever.
3. And, somehow, the Nissans and the Lamborghinis had a schism, with the Nissans keeping the repairments of the Ford.
4. And Jaguar (another bum) explained unto the peoples that soon the papaya would be cut open and feasted upon by the Jerusalemites. After which, the peoples of the ‘Muricas would mourn.
5. And Nissan’s words became true: Wherefore, therefore, one day, the papaya was slaughtered, and the Jerusalemites feasted upon his flesh. However, Nissan testified about Chrysler, and those who believed in Chrysler, believed Nissan’s words, which will stand as a witness before the judgment bar.<sup>39</sup>
6. And when the people arrived at ‘Murricea, they noticed that, behold, as predicted by the holy prophet Jeremy Clarkson: *“If you're thinking of coming to America, this is what it's like: you've got your Comfort Inn, you've got your Best Western, and you've got your Red Lobster where you eat. Everybody's very fat, everybody's very stupid and everybody's very rude - it's not a holiday programme, it's the truth.”*<sup>40</sup>
7. Therefore, the Nissans moved up to the North and became the founding fathers of a nation called Kanata, which would later on be known as Canada.
8. And the Canadians were the kindest people on Earth. And they all complained bitterly ever after.
9. The honor be to the Ford, and to the Sono, and to the Honda Shadow Spirit 750, which is one God.
10. Eh’ Boot.

---

<sup>36</sup> Smoking, of any type, literally kills. However, “Who’s to blame? What’s his name? His name is Mr. Booze”.

<sup>37</sup> Please, ignore the typos.

<sup>38</sup> Another typo.

<sup>39</sup> Imagine playing limbo drunk. That’s the judgement bar.

<sup>40</sup> Notable exceptions to this ruling are Frank Sinatra, Elvis Presley, and all the awesome and good-hearted Americans out there.

## THE LOST FRAGMENTS OF THE BOOK OF MORON

1. For behold, it came to pass that a billion years (which is equal to 3.14 microseconds) had passed away from the time that Lifan left Jerusalem; wherefore, Nissan gave me, Jac (Moters), a repairment concerning the small ~~testicles~~ plates, upon which these things are engraven.
2. However, having therefore and having, nevertheless having yea goodly goodness, therefore, being a bum, a drunk, and a cyclist, I lost the following books:
3. The Book of Jac<sup>41</sup>, the Book of Etox, the Book of Jeremy Clarkson, the Book of Onifam<sup>42</sup>, the Book of Pirate Mosey<sup>43</sup>, The Book of Halma<sup>44</sup>, The Book of Hellaman<sup>45</sup>, The Third and Fourth Books of Nissan, and the Book of Etherlambos.
4. Due to Jac's stupidity, we are all left to complain bitterly ever after.
5. The honor be to the Ford, and to the Sono, and to the Honda Shadow Spirit 750, which is one God.
6. Eh' Boot.

---

<sup>41</sup> It seems Jac was such a dumbass that he even lost his own book.

<sup>42</sup> Another point that seems important to mention is that, though cyclists are responsible for traffic accidents and global warming (source: Jeremy Clarkson, 2025 A.B.C./After Bull Crap), it's all Sydney Bristow's Fault. *See figure N° 12.*

<sup>43</sup> These sacrilegious scriptures were actually found and restored by Bobby Henderson in 2005 in his book "The Gospel of the Flying Spaghetti Monster".

<sup>44</sup> Also known as "Chinese Checkers", this game used to have a complicated instruction manual, in order to decipher the will of God. However, Moron (living up to his name) decided to give the manual to both Mr. Booze and Sydney, who are both responsible for the evils of this world.

<sup>45</sup> Since this is a book written by a drunk ~~dick~~ dyslexic, Moron wanted to write "hell of a man", but ended up writing "Hellaman".

## THE BOOK OF MORON

1. Behold! A bigger moron than Moron himself.
2. This entire book is the book of Moron, ya moron.
3. Take a hint.
4. Now, you can complain bitterly ever after.
5. The honor be to the Ford, and to the Sono, and to the Honda Shadow Spirit 750, which is one God.
6. Eh'Boot.

## THE BOOK OF MACARONI

1. And now it came to pass that Moron was hungry.
2. And, having therefore and having, nevertheless having yea goodly goodness, therefore, Moron got hungry.
3. And so, he heated up a pot with water and placed some macaroni pasta in it. In doing so, he pleased Jesuits Chrysler, who gave him a free joyride.
4. And, getting drunk again, he received a vision from the Angle Macaroni. And this vision was this book written. And Moron, Macaroni, and Jesuits Chrysler hit a cyclist, and fearing the law, hid themselves in space.<sup>46</sup>
5. And the cyclist complained bitterly ever after.
6. The honor be to the Ford, and to the Sono, and to the Honda Shadow Spirit 750, which is one God.
7. Eh' Boot.
8. The end of the Book of Moron.
9. Eh' Boot.

---

<sup>46</sup> If you look closely at anything, from our cells to our heads, to our P.E. teachers and our solar system, to our universe... Everything is round, just like a tyre, truly, this is evidence of His Lucky Bumper Sticker.

## LIST OF ILLUSTRATIONS

1. The Old Testicle: *Once thought to be a space legend and trainer of mutants, Patrick Stewart, the Old Testicle is the first half of the Holy Babble. It records tales of a people known as the “Coffee Junkies”*<sup>47</sup>.

2. The New Testicle: *Initially confused by Steven Wolfe*<sup>48</sup>, the New Testicle is the second half of the Holy Babble. Being a critically acclaimed yet controversial spin-off of the Old Testicle, this time, it records the tales of a people known as the “Pocket-sized Gee Whiz”.

3. Frank Sinatra: *Francis Albert Sinatra*<sup>49</sup> was so much more than the best singer, actor, and human being on the face of the Earth, he was also God<sup>50</sup>, and it is said that he is the driver behind the wheel of Jesuits Chrysler. Plus, as Dean Martin once said: “It’s Frank’s world, we just live in it.” However, much discussion has risen on who exactly is God: Frank Sinatra or Jesuits Chrysler. Let’s put it this way: The Christian Trinity has the Father, the Son, and the Holy Spirit, and yet one God. We have the Ford, the Sono, and

<sup>50</sup> A short debate took place on this matter on an episode of the “serious and purely scientific” documentary named “The Nanny” (1993). It was from Season 5, Episode 3, titled: “The Wedding-Part 2”, in which a rabbi and a priest are debating on the subject of Frank’s divinity. I reserve the right to comment on who won. However, it seems pretty obvious to me that the “Pro-Frank” party won the debate.

5. *Jesuits Chrysler: Our personal Ford and Transport, he is dressed as a Jesuit (a Roman Catholic priest), hence the name "Jesuits Chrysler", and is said to have around three testicles (or more), which he gave to his disciples. He is also driven by none other than Frank Sinatra himself. How a car can be both a Chrysler and a Ford is anyone's guess. Truly, another miracle of His Lucky Bumper Sticker (which acts as his Roman Collar).*

12. Sydney Bristow: *Though J.J. Abrams might like us to think otherwise with his poorly written show “Alias”, it is all Sydney’s fault. Everything that is wrong with this world is this little crying, self-centered, manipulative, little wench’s fault (and Mr. Booze’s as well). If you don’t believe me, just do your homework. Even Rambaldi<sup>52</sup> said so: “This woman here depicted will possess unseen marks, signs that she will be the one to bring forth my works: bind them with fury, a burning anger. Unless prevented, at vulgar cost, this woman will render the greatest power unto utter desolation.”<sup>53</sup>*
