

EXECUTIVE REPORT

*Jennifer Yi, Director Student Affairs
2024 CMSC, Spring General Meeting
April 11-14, Vancouver, BC*

I. Description and Introduction:

The Canadian Federation of Medical Students (CFMS) is the representative voice of Canadian medical students to the national medical organizations, to the federal government, to the public, and to other external bodies. The CFMS represents over 8000 medical students at 15 Canadian medical schools from coast to coast. It is the mission of CFMS to represent, support, and connect its members. CFMS aims to communicate within its membership, as well as from its membership, to the world at large. As an ever-expanding organization, CFMS continually strives to meet the consistent and changing needs of Canadian medical students.

Brief Description of the Role

The Student Affairs Director is responsible for overseeing the CFMS Student Wellness portfolio, the CFMS-CPAMD Leadership Awards, CPAMD Humanitarian Awards and newly implemented CMA Leadership Awards. This position requires collaboration with the National Wellness Officer, Wellness Representatives from each school, and various external partners to promote wellness and resilience. The Student Affairs Director advocates for and supports members through the development of resources, including the launch of the Longitudinal Wellness Strategy, Safe Spaces, Culture Changers Campaign, Perspectives in Medicine Campaign and the National Wellness Challenge to promote wellness of medical students across the country.
