

Honors Industrialization through Progressivism Unit Syllabus

(American Domestic Issues 1877-1920)

Note: It is **IMPERATIVE** that **you complete your nightly readings**. We will only focus on certain aspects of your readings in class- it will not be “all inclusive”. However, **you are responsible for the content in each section/chapter**.

This unit is **very large** and covers a vast array of topics. It will go through the remaining weeks in 1st Quarter and a few days into 2nd Quarter. You will have two days of testing like your last unit; however, Day 1 will consist of all objective questions (matching, multiple choice, true/false). Your score on Day 1 will count toward your 1st Quarter grade. Day 2 will consist mostly of essay writing. Essay topics will span the **entire** unit. You will have a few objective questions on that day also which will address the content covered after the first test day. Your score for Day 2 of the exam will count toward your 2nd Quarter grade. We simply just do not have the time in 1st Quarter to cram everything in (cramming is bad).
