

Item: ReductPro

Written by Kitteh6660

ReductPro is an item with an obvious purpose: To shrink down body parts. It works just like the Reducto in CoC except that you can shrink horns and you can target single or all cocks, single row or all rows of your breasts. You can also tighten your vagina and anus.

Thanks Jacques00!

Item Info

Important info: ReductPro cannot remove cock as it can only shrink down to 3 inches. If you're a Kui-tan and ReductPro is applied to balls, it can suppress the growth of your balls. If you're a Simii, the effects of ReductPro are reduced to 25%. Nothing biological can ever be immune to the effects of ReductPro however. There are no risks of overdosing at all.

Location: Possibly sold from Gene and Sera. Or crafted with 1x Uthra Sap and 1x Condensol if crafting were in the game. Also sold by Professor Azul, price is proportional to his affection.
