

Do you want help with your college essays?

Take the

VIRTUAL COLLEGE ESSAY WORKSHOP

August 11, 12, 13 & 14, 2025

The College Essay Workshop will help students understand what college admissions officers desire in a college essay. The workshop will focus on the principles of good writing, including the components of a compelling narrative. Students will plan, draft, write, share and receive feedback from multiple teachers and students. They will learn about creating an application with purpose and consistency through example essays and readings. This workshop is **for seniors only** and will happen via Google Meet and Canvas. Students will receive a quarter credit.

Students sign up for the College Essay Workshop on Skyward and will then be added to the Canvas course where they can view an hour-by-hour schedule.

More information can be found in the Summer School Course Guide. If you have any questions, please see Mrs. Carnell or Mrs. McCann.
