Voices

Working in partnership to improve maternity services

[PlaceName] Maternity Voices Partnership is a team of women, midwives, doctors, health visitors and commissioners working together to review and contribute to the development of local maternity care

We want to hear your experiences of maternity care during pregnancy, birth and after:

- What was good?
- What wasn't good?
- How could we make it better?

Feedback is collected by a team of local women. You can get in touch with us by email, social media, talking to us when we walk the patch, attending a Mother's Voices event or completing our online survey.
