

Engineering Design
(I-Advanced)

- **ALL Engineering Design students need access to this textbook**, except students who have taken Engineering Design (Applied Engineering) during the 2025-2026 school year.
- Please note, you may purchase **either** the physical access code card (**option #4**) or the print textbook (**option #1**). **Students do not need to purchase the student activity guide.**
    - You will be asked to create a Pearson account to make the purchase. This account should use a parent/guardian's contact information.
    - Please input "Miller School of Albemarle" when ordering. If you cannot find Miller School in the dropdown menu, you may select either "Albemarle County School District" or "my institution is not listed."
    - Please retain your order confirmation, as you will need your order number if there are any issues with the physical access code card or if that card is lost.

Title	Author	ISBN	Edition/Year	Publisher	Link to Purchase Site
Introduction to Engineering (1st edition)	David P. Reeping and Kenneth J. Reid	9780138042752 (*physical access code card -- option #4*) 9780138042868 (*print textbook - option #1)*	1st edition (Feb. 7, 2023)	Pearson	Pearson site
