

Fresh Coast Counseling/Mona Shores Process

Note: Any and all referrals to Fresh Coast Counseling must be made by a parent/guardian. The school is a partner in doing what is best for each individual student. If the parent/guardian wants to utilize this resource, then the school will provide the time and space. All other pieces are between FCC and the family.

Process

1. In collaboration with the school, a parent/guardian requests counseling for their child.
2. The school provides the parent with resources, including FCC information and can let them know they would be available to meet the child at school during the school day.
 1. Fresh Coast Counseling Phone number: 616-319-4389
 2. FCC email: support@freshcoastcounseling.com
3. The parent/guardian calls or emails FCC and gets their student signed up for services.
4. FCC ensures all information is complete, obtains consent to exchange/release of information and sends a copy to the building Principal or counselor.
5. Initial session is scheduled (list of students scheduled to be provided each week).
6. Mona Shores is kept informed as needed if the exchange/release of information is on file.
