How to Get a Meal PIN

For SFUSD adults that are interested in participating in the meal program who cannot create an account in SchoolCafe due to:

- Assigned to multiple schools
- School site changed
- Central office leaders who are not assigned to a school
- Non SFUSD employee (ex. Contractors do not have an employee ID #)

Please take the following steps:

1. Email schoollunch@sfusd.edu and request for a SchoolCafe Staff account and include the following information:

First Name, Last Name

Employee ID (if available if not one will be provided)

Email address

Mailing address

Phone #

School site *(if multiple locations, please select the school you plan to participate in the most.)*

2. SNS will reply and provide an Employee ID (if applicable) and a Meal Pin #.
This reply may take a little while during busy times of the school year.
3. Staff will use the provided employee ID if applicable to [create the account in schoolcafe](#), load funds and use the meal pin # to pick up a delicious meal at any school site.

Staff that are assigned to a school and accurately reflected in the employee data system are able to create an account in [SchoolCafe.com](https://www.schoolcafe.com) using their SFUSD Google login.

Note: Students have their own unique meal PINs assigned, receive meals at no cost, and do not need to add money to their SchoolCafe accounts. A student who does not know their meal PIN should speak with the school office or lead dining staff at their school.
