- Card Stock 2: Basic White- 4" x 5 1/4" layer
- Card Stock 3: Basic White- 5" x 4" for stamping and 7/8" x 3" for sentiment

- Designer Series Paper: Rock & Roll- 3 3/4" x 5"

Instructions:

1. Score the Calypso Coral card base on the long side at 2 1/8" and 4 1/4". Fold the card base in half like a regular card base and then fold the front backwards on the 2 1/8" score line to create a "Z" fold. See image at the bottom.
2. Adhere the 4" x 5 1/4" Basic White cardstock to the left side of the front flap. Make sure to just add adhesive to the left side of the cardstock.
3. Use your light Calypso Coral Stampin' Blend marker and draw lines on the front of your Rock & Roll Designer Series Paper. Then, attach the DSP to the Basic White cardstock on the front of the card.
4. Stamp all your images on the 5" x 4" piece of Basic White cardstock. (Wagon in Sweet Sorbet, Handle in Memento Black, 2 wheels in Memento Black, 2 balloons in Sweet Sorbet, and Flowers in Memento Black.) Die cut all images using the matching dies.
5. Color the flowers using light and dark Calypso Coral and light Shaded Spruce.
6. Die cut 2 balloon strings using a scrap of Basic Black cardstock.
7. Put your card together as shown starting with the wagon. Add Stampin' Dimensionals to all pieces except the handle and the balloon strings. Those are placed using Multipurpose Liquid Glue.
8. Stamp your sentiment using Memento Black ink on the strip of Basic White cardstock.

Then, flag the end of the sentiment using your paper snips.

9. Add your sentiment to the card front as shown using Stampin' Dimensionals.
