Experienced Quality Assurance Engineer dedicated to delivering the highest quality software through support of the software development life cycle.

Skills:

Java	Selenium	C#	JSON	BrowserStack	DataDog
JavaScript	Bootstrap	Python	Gatling	Sauce Labs	AWS
SQL	jQuery	HTML5	SCSS	TeamCity	
MySQL	Git	ASP.NET	Jira	Sumo Logic	

Experience:

Team Lead, QAQC

Jama Software - *Remote*

January 2024 - Present

- o Oversee monthly cloud releases by hosting release planning meetings with stakeholders, verifying manifest checks for the release, and cutting the release branch to begin regression testing.
- o Responsible for signing off on monthly AWS spending and efforts in cost reduction efforts.
- o AWS cloud practitioner course? Certification?
- o Conduct regular one-on-ones with direct reports.
- o Monitor daily automated tests and coordinate with teammates to identify defects and maintain tests.
- o Spearheaded an effort to improve dataset management with better organization of datasets and identifying how to improve them to enhance coverage of testing efforts.

QA Engineer, QAQC

Jama Software - *Remote*

July 2020 - January 2024

- o Liaisoned with an offshore testing group in India to coordinate testing and review pull requests.
- o Maintained automated functional End-to-End tests in Selenium and Java.
- o Expanded coverage of performance persona workflows using Gatling and Scala.
- o Performed various release activities, such as data comparison, screenshot comparison, updating settings for automation runs, generating new QA datasets.

Associate QA Engineer

Jama Software - *Portland, Oregon*

June 2018 - July 2020

- o Participated on a cross-functional scrum team to test a SaaS platform for requirements, risk and test management, minimizing effort proving compliance.
- o Collaborated with my delivery team on code reviews, desk reviews, and mob programming
- o Participated in agile ceremonies on a scrum team, such as daily standup, sprint planning, retro, and refinement.
- o Implemented OOP principles to develop automated UI end-to-end tests using Selenium and Java.
- o Conducted load and stress tests through the REST API and DWR calls to evaluate the performance using Gatling and Scala.

QA Tester

Ruby Receptionists - *Portland, Oregon*

July 2017 - July 2018

- o Collaborated with developers, UX designers, product managers, and supervisors to ensure quality.
- o Assisted in developing an automated testing framework and writing tests using Selenium and .Net Core.
- o Demonstrated a creative and detailed approach to identifying and documenting bugs while following an agile methodology.
- o Experienced with a variety of types of testing, including accessibility testing, mobile testing, API testing with Postman, feature testing, regression testing, end to end testing, and smoke testing.

Full Stack Development Student

The Tech Academy - *Portland, Oregon*

July 2017 - September 2017

- o Innovatively wrote SQL queries to join, update, create, and delete databases, including stored procedures with attention to detail.
- o Communicated effectively with a team of other developers by giving descriptive updates at daily stand up meetings following agile methodology while also keeping in contact via Slack when working remotely.
- o Contributed to a variety of live ASP.NET C# projects clients with attention to detail to the acceptance criteria.

Front End Development Student

Free Code Camp - *Portland, Oregon*

February 2017 - July 2017

- o Designed and developed web apps with integration of sound and images to improve user experience, accessible on GitHub.
- o Integrated various web apps that make use of third-party APIs, such as: Twitch, weather, maps, Twitter, and quote generator.
- o Creatively solved a variety of algorithms using JavaScript and jQuery.

Education:

The Tech Academy

Portland, Oregon

Full Stack Developer Bootcamp

Free Code Camp

Portland, Oregon

Front End Development Certification

Hack Oregon

Portland, Oregon

Python Course

Iowa State University

Ames, Iowa

Bachelor of Arts in Spanish, Minor in Advertising,

Magna Cum Laude
