**"APPLIED AI- BUILDING FOUNDATION
 FOR ENTERPRISE AI"**

Ashish Gawali

Tech Entrepreneur -
 Building ATX Labs Ex
 Founder & CEO
 IOPhysics Systems
 (acquired by
 Turtlemint).

Nitin Kapse

Data Engineering
 Consultant | AI
 Engineer | IT Career
 Mentor

Vyom Desai

Senior Engineer at
 ATX Labs

Suraj Singh

Head of AI Engineering
 @ ATX Labs | Former ML
 Engineer at Turtlemint |
 Former SDE - Oplus RnD |
 Former RnD Intern at
 Ubisoft |

Ashwin Kotgire

Agentic AI Lead at ATX
 Labs | Transforming
 Complex Data into
 Actionable Solutions |

Hrushi Bhope

Data Scientist,
 Working at ATX Labs

Time: 6:00 PM – 8:00 PM

Dates: 1st Dec 2025 – 6th Dec 2025

Mode: Online through webex platform)

Event: Faculty Development Program – *Applied AI: Building Foundation for Enterprise AI*

Dates: 1st – 6th December 2025

Time: 6:00 PM – 8:00 PM (Daily)

Mode: Online (Webex Platform)

Objective

- To train faculty members in practical, industry-oriented applications of Enterprise AI.
- To introduce modern AI engineering practices, agentic AI concepts, data engineering workflows, and real-world deployment strategies.
- To strengthen the department's capability to deliver advanced AI education aligned with current industry trends.

Participants

Faculty members from the Department of Computer Engineering (RL) and invited attendees across institutions.

Brief Description of the Event

The Department of Computer Engineering (RL), PCCoE organized a 6-day Faculty Development Program featuring industry experts from ATX Labs. Each speaker delivered focused insights on implementing AI solutions at enterprise scale:

- **Ashish Gawali** – Tech Entrepreneur; discussed AI-driven product development and enterprise innovation.
- **Vyom Desai** – Senior Engineer at ATX Labs; explained practical AI engineering workflows.
- **Ashwin Kotgire** – Agentic AI Lead at ATX Labs; covered converting complex data into actionable AI solutions.
- **Nitin Kapse** – Data Engineering Consultant; spoke on data pipelines, AI careers, and scalable engineering practices.
- **Suraj Singh** – Head of AI Engineering at ATX Labs; discussed ML engineering, production systems, and R&D experiences.
- **Hrushik Bhope** – Data Scientist; shared applications of AI modeling in enterprise environments.

Interactive Q&A sessions helped faculty explore tools, techniques, and industry methodologies.

Outcome

- Faculty gained practical exposure to **Enterprise AI, agentic systems, data engineering, and real-world AI deployment.**
- Enhanced understanding of modern AI architecture and industry best practices.
- Strengthened readiness to integrate applied AI concepts into teaching, research, and institutional innovation.

One-Week FDP on "APPLIED AI - BUILDING FOUNDATION FOR ENTERPRISE AI" Meeting Info

Participants (14)

- Varsha Pandagre (Unverified)
- Rucha Shinde (Host)
- Minal Shahakar (Cohost, presenter, Unverified)
- Dr. Sujata Kolhe (Unverified)
- Dr. Rachana Patil (Unverified)
- Geetanjali Rokade (Unverified)
- Guest (Unverified)
- Jordan Choudhari (Unverified)
- Kavita Kolpe (Unverified)
- Prachi Verma (Unverified)
- Priyanka Gupta (Unverified)
- Sakharam Kolpe (Unverified)
- suhās Deokate (Unverified)
- Supriya Vaishnav (Unverified)

Viewing Minal Shahakar's applications
