

## OCTE Spring 2026 Call for Presenters

### Technological Education: Pathways to Possibility

*Exploring the many futures that begin in today's tech classrooms.*

Are you an educator, industry expert, or innovator with a passion for Technological Education? Do you have insights, experiences, or strategies that inspire students and shape the future of learning? We want to hear from you!

Join us for an exciting opportunity to share your expertise at **OCTE's 2026 Spring Conference - Technological Education: Pathways to Possibility**, where we'll explore how today's technology classrooms are launching students into diverse, dynamic futures.

We are seeking engaging presenters for sessions that may include (but are not limited to):

- Innovative classroom practices in technological education
- Equity and access in STEM and technology fields
- Career pathways for Skilled Trades and Technology related careers
- Project Based Learning and emerging technologies
- Industry-education partnerships
- Future-ready skills and workforce preparation
- Diversity and inclusion in technology education

Whether you're a classroom teacher, instructional coach, curriculum designer, post-secondary education partner, or industry professional, your voice matters. Help us inspire, inform, and ignite the next generation of tech leaders. As per OCTE policy, community partners with products and / or materials to sell are required to have an active teacher present with them who can talk to the benefits of the product in the classroom.

NEW for 2026 - OCTE will be implementing a new procedure where we will be reviewing presentation materials to ensure they align with OCTE's expectations and reflect experiential learning, current technology, and curriculum expectations.

### Important Dates:

- **Proposal Deadline:** November 15, 2025
- **Material Submission Deadline:** April 22, 2026
- **Event Date(s):** May 7 - 9, 2026
