ART 128 Week 2 Announcements

Weekly Updates/Instructions

Instructions for this week:

- Please watch all videos listed within the Week 2 Videos section on our class web page.
- Be sure to complete the "Create a Student Site" project all steps (especially steps 4-7 and finish the "Get Setup" sub-section through the “Add Style with CSS” lesson).
- When you are done with Week 2’s lessons, go ahead and move on to Week 3 and try to complete all of the remaining steps for your your student site (e.g. go ahead and move on to the "Web Development Best Practices" sub-section and finish steps 8-12 through the “Styling with Style.css” lesson).

If you need help, please feel free to send me a Discord DM or wait until our working studio/office hours classes on Thursday mornings or schedule a time to meet with me during my Mon/Wed office hours.

Good luck, try to enjoy coding, and I will see you all in class.

-Chris
