Desired Position

UX/UI Designer | Product Designer

Profile

I have 8 years of experience in UI/UX design, I am highly skilled and creative, passionate about creating visually appealing and intuitive designs, I have worked on various projects ranging from SaaS products, B2B, B2C, healthcare services, gamification, carbon free, government companies among others. I'm looking for a challenging position as a **UI/UX Designer or Product Designer** to contribute my experience in creating digital products.

– With a passion for creativity and strategy, I transform ideas into intuitive, goal-driven designs that captivate and inspire.

Skills

Proficient in Figma, Framer, Adobe XD, Sketch App and other design tools;

Understanding of UX methodologies and techniques;

Proficient in Figma and Keynote for prototyping;

Effective collaborator in cross-functional teams, working with product managers;

Strong communication skills to present design ideas and receive feedback;

Understanding of design consistency and scalability;

Experience in creating and utilizing design systems;

Ability to analyze complex problems and provide innovative design solutions.

Knowledge with Google's Material Design and iOS Human Interface guidelines;

Between C1 Advanced and C2 Proficient English Level on EF SET;

Self-taught;

Strong sense of responsibility and competence to handle tight project deadlines.

Work Experience

UI Engineer · Realtime Robotics Inc; Boston, USA · July 2023 – Present.

My main focus is on Resolver, a new product developed in collaboration with the engineering, product and sales teams. Resolver is designed to further optimize robotic processes and improve efficiency, with a focus on achieving even better cycle times. My role is to prioritize usability and deliver an innovative user experience that combines technical excellence with visually appealing design.

- Design the UI from the ground up for the platforms projects;
- Graphic Design;
- Figma;
- Design System.

UI/UX Designer · Contract at Blueticket; Florianópolis, Brazil · Mar 2023 – Dez 2023.

UI/UX Designer · Vog App Developers; Calgary, Canada · April, 2021 – Present.

Designer Consultant · Contract at Bunny Studio; San Francisco · Out 2022 – Jan 2023.

UI/UX Designer · Contract at LLEMÜR Agency; Madrid, Spain · Jun 2020 – June 2021.

UI/UX Designer · Hi Platform; Blumenau, Brazil · May, 2018 – April, 2021.

Hi Platform is a customer support software company. My role there was to create a better user experience through research and improving the product's interface, resolving problems and designing new features that can have a huge impact on our clients' operations.

- Design new features to improve the products;
- Design and improve user experience using Sketch and Keynote;
- Research through user interview and screen recordings;
- Work closely to front-end developers;
- Plan roadmap and strategies alongside Product Owners and Managers;
- Assist the Product Marketing team;
