We would like to form a boys section for high school. If we get enough interest to have enough teams then we would have the boys teams only play boys teams and any girls teams

wanting to play the boys teams. If you want to have a boys only team please indicate on your time slot that it is a boys only team. I have left some blank slots open for some more teams if we have more interest in having boys only teams. I think we have extra time slots at Rock Creek open that I can plug those teams in. I have more teams slotted that we had last year.

*We can always add additional teams if you would like a different time/location just email me and we'll see what we can do.
