Tech Sharecase

Things I'd like to talk about or learn about this fall (please add your suggestions below):

1. Sharing screens among students and instructor in a classroom
2. Data management and preservation
3. Faculty and staff options for file storage and sharing
4. Slack
5. Integrating LibGuides into Blackboard
6. Open educational resources (OERs)
7. Online and Hybrid Tools (Screencast-O-Matic, VoiceThread)
8. What is blockchain?
9. Intro to encryption and what are options for encryption (personal and work)
10. Technology fatigue
11. Internet of things
12. Cybersecurity
13. Digital archiving
14.
