It's Friday night game night, and you're invited to my house to play! Come on in and get ready for some fun!

We'll start by eating dinner. I hope you're hungry! I love it when we order takeout...pepperoni pizza is my favorite!

After dinner, we'll clear the table and wash the dishes. I always volunteer to dry and put them away, but sometimes it's my turn to take out the trash—yuck!

When the chores are done, the fun begins!

Sometimes, we play Bingo! Each person gets a card with the word "BINGO" at the top. One person calls out a letter and a number. If you have it, you mark it.

When someone gets five in a row, they shout, "BINGO!"

Sometimes, we play Yahtzee! My favorite part is rolling the dice. I love the sound they make when I shake them in the cup and roll them. When I get five of the same number, I shout, "Yahtzee!"

Sometimes, we play UNO! It's a card game full of surprises. I save my Wild Card for just the right moment, and when someone plays one, everyone either cheers or groans!

We always laugh and have fun, no matter the game. The best part is being together. Then, we end the night with popcorn and a movie, the perfect way to wrap up the evening!

Next Friday's game night can't come fast enough!
