

Spanish-Speaking Countries – Part 2

LI Can I order words alphabetically?

After watching the introduction video, have you arranged the letters in alphabetical order like this?

Take a photo and add it to your blog space as a new entry for Spanish **AFTER** you finish all the activities.

A B C D E F G H I J K L M N **Ñ** O P Q R S T U V W X Y Z

(Please notice that in Spanish we have only 1 letter different from English: the **ñ** [enie])

Now, do the following activities:

- 1- Print the worksheet with all the Spanish-Speaking countries. (at the bottom of this document)

2- Cut the cards and use them to order the Spanish-Speaking countries in alphabetical order.

3- What happens if two or three words begin with the same letter?
What do we do? Which word goes first?
e.g Algeria – Argentina - Angola

4- Let's watch [this video](#) to find out.

5- Can you try ordering all the 21 Spanish-Speaking countries alphabetically?

6- Now take a photo of the order you put the countries in and add it to your learning.

7- Would you like to surprise your family with your knowledge of Spanish-Speaking countries? Let's prepare our own word search!!

Visit [this website](#) and follow the instructions. Once you have your word search ready, print a copy for your family to do and you can even add a photo in your blog!

Tip: Countries made up of two words should be written as just one.

To create your word search, follow the steps below and click the "Create My Word Search" button when you are done.

STEP 1.
Enter the title for your word search
The title will appear at the top of your page. IMPORTANT: Puzzle titles are limited to 49 characters.
Spanish-Speaking Countries

STEP 2.
Enter the size of your word search puzzle
Your puzzle can be up to 40 letters by 40 letters and still fit on one page. The optimum puzzle size is 15 letters by 15 letters.
Number of Letters Across 20
Number of Letters Down 20

STEP 3.
Word search puzzle options
Puzzles where the words do not share any letters are faster to generate and easier to solve. If you choose to share letters as much as possible, the computer will take a little longer to generate the puzzle.
☐ Use each letter only once.
☒ Share letters occasionally.
☐ Share letters as much as possible.

STEP 4.
Word search puzzle output type
☒ HTML. Choose this option if you plan on printing the puzzle directly from the browser.
☐ Text. Choose this option if you plan on cutting and pasting the puzzle to a different application.
☐ Lowercase Text. Same as "Text" except letters are lowercase.

STEP 5.
Enter your words
Separate your words with commas, spaces or type each word on a new line. Any character that is not a letter will be considered a space.
Argentina
Perú
México
España

STEP 6.
Check your puzzles
Puzzlemaker uses a word filter to prevent the random creation of offensive words. After you create your puzzle, proofread it carefully to check for the placement of unintended words created by random letter combinations. You can regenerate your puzzle by selecting the "Back" button in your browser and pressing the "Create" button again.
