APPLE CLASSROOM

● **THE "TEACHER" iPAD HAS THE APPLE CLASSROOM APP INSTALLED**

1. Open Apple **Classroom**... open **your class**... tap **Select**... tap **Select All** *(all student devices will be checked)*

2. Tap the **Apps** icon... slide the **Lock in app after opening** button, so it turns **green**

3. Tap the **icon** of the app you would like to open on the students' iPads You can also control the following...

   ○ **Square View**: Allows the teacher to monitor activities on each student's screen

   ○ **Hide App**: Minimizes the current app and displays the home screen

   ○ **Lock Screen**: Lock / unlock students' screens

   ○ **Mute**: Mute the volume on students' iPads

4. Tap the **3-dots** icon... tap **End Class** to end the Apple Classroom session *(this will display a class summary)*
