MEETING MINUTES

- **Topic 1 – Publications progress and planning**

The progress of forthcoming publications was discussed. Four publications are in progress to be submitted to the special issue volume. In addition, suggestions for further publications during the last year of the project were discussed.

- **Topic 2 – Planning of proposals for new projects**

The consortium commented on a set of open calls for projects taking place in end 2024 and beginning of 2025. ICCV has identified further calls, which will be collected and circulated among the partners in the coming days.
