Comments

Description

Authorization on the finance.ua website using a valid phone number

Pre-conditions

The page https://finance.ua/ is opened

Post-conditions

Not set

Steps

Shown as table

	Action	Data	Expected result	Attachments
1	Click on the "Personal account" icon in the right part of the header		The page https://finance.ua/ua/my/login is opened.	
2	Enter a valid number in the phone number field. Click the "Sign in by phone" button		A message with a confirmation code came to the phone. A field for entering the code appeared on the site page.	
3	Enter the code from the message into the code field. Click the "Confirm" button under the entered code		Authorization is successful. The page https://finance.ua/ua/my/credit-score is opened
