

Cycling Routes

The ICCSD provides online maps with walking routes around the localities of the Eastern Region. Each route can be individually viewed on Google Maps or downloaded in a KML file, so that users can import them to other navigation apps, such as Google MyMaps or Strava.

If you have Google Maps installed on your phone, when you click on the link to the route, you will be prompted to open it with Google Maps. The route will display on top of the basemap. To access the route from your Google Maps app again, take the following steps:

1. Open Google Maps app
2. Open the menu (three stacked horizontal bars)
3. Select 'Your places'
4. Scroll right on the menu bar, and click on 'Maps'
5. You can click and access any routes you have previously loaded
