

Team Information for V3 Discovery

All team members must be identified, invited, and actively participate in the V3 Discovery Process. Crucial team members include parents/family members, teachers, itinerant educational staff (e.g., School psychologists, school social workers, and speech and language pathologists), and community partners such as Michigan Rehabilitation Services (MRS), Community Mental Health agency staff, and other employment and/or independent living agencies that may be involved in providing services during or post-school.
