

The Awards for Excellence in Audio

HISTORY

Thank you for participating as a judge in the 2025 Awards for Excellence in Audio; The Ambies! Welcome to the second round of Blue Ribbon Panel judging!

In this round, you will listen to a set of entries that have been pre-screened and deemed potentially worthy of an Ambies nomination.

Like in the last round, we ask that you listen to each entry and then rank that submission on a 1-7 (7 highest) scale in a number of quality and craftsmanship areas.

The top nominees in each category will be determined by results from this round.

The details of these criteria are listed below.

Listening Notes

As you listen, you must set aside your personal preferences and judge from the perspective of a neutral listener. Assume that you are listening to a podcast because this is a topic of interest to you. Beyond listening to the entire episode for entries up to 1 hour in length, we ask that you not vary the playback speed in any way.

Listen for the highest quality: a polished, professional program coupled with a clean, clear technical production. We recommend that you either keep notes as you listen, or complete the judge survey
