

Directions to 124 Watertown St, Ste 3A East, Watertown, MA, 02472:

The building is a multi-story red brick building that is right next to a playground and athletic field. The building itself sits a little back from the street. You can park in any parking spot, ignore the numbers. Enter the building and take the elevator to the 3rd floor. When you step out of the elevator, turn right and my office is the second door on your left. My name is not on the door. Please make yourself comfortable in the waiting room until I come out to greet you. There are restrooms on every floor.

If you have an evening appointment, please use the side door to enter the building. If you are having any issues getting into the building, please text or call me at 617-651-1927.
