Field: Ai/ entrepreneurism/ student support

[Examon AI](#) is an innovative IB revision platform founded by UWCSEA alumni, aiming to transform the way IB students prepare for examinations. By harnessing the power of artificial intelligence, we provide students with instant, accurate marking of their answers and detailed, IB-specific feedback. Tested rigorously with IB teachers for accuracy, our technology enables students to immediately identify and address mistakes, helping them learn efficiently, build confidence, and familiarise themselves with IB exam formats.

Our two core features are:

1. Instant AI Marking and Detailed Feedback:
Students receive immediate, accurate, and IB-specific feedback on their answers, eliminating delays and repeated mistakes.

2. IB Exam-Style Question Bank:
A comprehensive IB question bank sorted by topic, subtopic, paper, and section, offering timed practice exams to maximise exam readiness.

Join our dynamic and passionate team for a unique opportunity to learn, grow, and make a positive impact on your fellow IB students.

Job Description

Placement description (unpaid):
Join our dynamic and passionate team for a unique opportunity to learn, grow, and make a positive impact on your fellow IB students (for next year!!)

Position (Volunteer/Unpaid)

Examon AI is pleased to offer **4 internships** to our UWCSEA Grade 10 World of Learning Students

1) **Social Media Marketing (2 positions)** – Design engaging, visually appealing content for our Instagram account (Example: https://www.instagram.com/p/DGrlLuzv8dA/?img_index=1). Assist in creating Examon AI's press kit and branding materials. Record and edit promotional videos, and informational videos/guides for our website, YouTube channel, email marketing, and social media. Looking for creativity, attention to detail, and awareness of social media trends. Skills in graphic design and video editing, including the Adobe suite are welcomed.

2) **App Testers & Ambassadors (2 positions)** — Seeking enthusiastic students who can aid in thoroughly testing our web application and coming up with feedback regarding the user experience, brainstorming features, etc. Engage with fellow students and teachers within the UWC community to gather feedback and suggestions. Marketing within the school community to drive sign-ups. Conduct small presentations or discussions at school to introduce the app and collect insights. Organize creative marketing initiatives such as engaging with the public around Singapore.

*Indicate on application form which position(s) you are interested in

Skills required:
- **Proactive; ability to handle rejection and follow up**
- Self-driven, motivated, and passionate about education and/or technology
- Strong teamwork and communication skills
- Tech savvy and open to learning new skills and software
- Interested in startups, entrepreneurship, and innovative solutions

Format:
- Virtual, working hours TBC.
- Please note- this internship could be developed beyond WOL week and the ideal candidates would take this further! We'd love to hear your suggestions on how to do this too. Be proactive!
