*****MEDIA ADVISORY FOR THURSDAY, MAY 15 at 12 PM CT*****

Congresswoman Kelly Morrison, SEIU Minnesota, and Advocates to Join Protect Our Care Minnesota as Republicans Charge Ahead With the Largest Medicaid Cuts in History

GOP Proposed Cuts to Medicaid Put Coverage at Risk for 1.1 Million Minnesotans

Saint Paul, Minnesota— On Thursday, May 15th at 12 PM CT, Congresswoman Kelly Morrison, SEIU Minnesota, and advocates will join Protect Our Care Minnesota to discuss the latest developments in the GOP assault on Medicaid. This week, the Republican members of the House Energy and Commerce committee are nailing down the details of their plan to cut \$700 billion from Medicaid in order to meet President Trump's demands to fund tax breaks for the wealthy. Medicaid is critical for Minnesotan's health and well-being, and \$700 billion in cuts would be catastrophic for 1.1 million Minnesotans who rely on the program, including 92,000 Seniors, 592,000 Children, and 117,000 People with disabilities.

Minnesotan's access to health care isn't a bargaining chip, and they shouldn't pay the price for tax cuts for the ultra-wealthy. If they get their way, 1.1 million Minnesotans will be at risk of getting kicked off their coverage, rural hospitals will close, and Minnesota's budget would be thrown into crisis. Minnesotans across the political spectrum want more access to health care, not less. Speakers will highlight the devastating impact of gutting coverage for Minnesotans and call on lawmakers to protect Medicaid from draconian cuts.

WHO: Congresswoman Kelly Morrison (MN-3)
Trent Andersen, Protect Our Care Minnesota State Director
Alicia Schaupp, Health Care Advocate
SEIU Minnesota Member
