Vampiric Possession (F4A)

Oh Little Fawn, I'm so pleased you are finally awake!

I brought you some breakfast, I wasn't sure what you liked but I have some lovely cooked venison and cheese you can have.

Or if you do not like that I'm sure we can find some fruit in the gardens.

I have some lovely apple and pear trees that should be prime for harvest.

Perhaps the berries have some remaining fruit.

Oh Moons above I'm rambling aren't I?

So my darling little fawn what will it be?

Will you have the venison with cheese?

The fruit and maybe some berries?

Or

May

Be

Me (Giggles)

Awww Darling you became so red

But, All jokes aside sweetheart you need to eat.

You will be good and eat for me right Little Fawn.

(Giggle)

Okay Okay Sweetheart I'll stop.

For now anyways, it's adorable to see your face go so red.

Hm?

What was that hun?

(Giggles)

(Short break as the listener eats, you can put clinking of silverware or anything here if you wanna)

Now that you are fed and watered we can begin our day.

What should we do, Little Fawn.

We could read in the library.

Or walk the manor?

Maybe peruse the many rooms...

Hmm there isn't really much around here to do...

Hmmm, I'm sorry darling I really haven't needed to have anything to entertain in a long time.

I-I mostly just sleep and read..

So-

Vampiric Possession (F4A)

Oh? What do I usually read?

Well I enjoy fantasy a great deal.

The knight in shining armor trying to save the damsel in distress but she frees herself has always been lovely stories.

(Giggles)

Am I the Damsel?

Hmm maybe but what would that make you Little Fawn?

Since I did save you from that dreadful storm and those boring humans you called your family.

You are so much better off here with me Darling.

Yes~

So much better.

And so much safer.

How about we go snuggle up in the library.

There is a comfy love seat that we could share if you are willing to be pressed up against me.

Good! I knew you would like that idea (Giggles)

(Footsteps then the sound of a seat being sat in)

There we are.

Vampiric Possession (F4A)

Now Little Fawn come here.

Hm?

Oh the seat is much smaller than you imagined?

(Giggle)

There's plenty of room for a little fawn like you hun.

All you have to do.

Is come here.

And sit.

On.

My.

(Get closer to the mic and pronounce the p) Lap~

(Giggles)

Mhm my lap sweetheart.

I promise you that it's very comfortable.

Come on.

Come here sweetheart I promise I won't bite.

(Whisper) Much

Hmm? I said come here hun sit on your Mistresses lap.

It looks so comfy, No?

(Slap your bare thighs gently but audibly)

That's it hun.

Nothing to be afraid of, just sit on my lap and let me hold you.

(Speak softly and close to the mic)

That's a good Little Fawn.

Right where you need to be.

With me your Momma.

Your Mistress.

Safe and sound with me.

Held gently in my arms.

Wrapped in your Momma's embrace.

Nothing can get you when you are with me my Little Fawn.

You are so irresistible Darling.

If anyone else got their hands on you, well you most likely would be devoured.

Yes Love.

Devoured.

(Pause)

Do I have that temptation? (Giggle)

Darling if I could I would eat you up right here.

Sink my teeth into your soft little throat.

Until you- (Abruntly cut yourself off)

(Speak like you are trying to pull yourself away)

I- I apologize Little Fawn.

I should-

(Say this in a startled fashion)

D-darling what are you doing?

You won't let me up until I tell you what just happened?

But Swe-

I coul-

(Desperately but softly say this)

Little Fawn stop, let me speak!

I'm sorry for getting stern with you Sweetheart.

Vampiric Possession (F4A)

I- I have been struggling lately.

**I've noticed my cravings have been much harder to satiate since you have been here
Little Fawn.**

I've tried satiating it with animal blood as I normally would.

But it seems that being in close proximity to a human causes issues for us.

No! I wouldn't take your blood.

(Whisper this part but to yourself just enough to be heard)

Even if I really want to.

(Go back to normal speaking voice then say this startled)

Little Fawn what are you do-

**(Shove your arm into your mouth and make a startled sound, after that begin sucking on
it like you are taking the listener's blood, continue for a few seconds then let the audio
fade out.)**
