X Increase pacing X Provide greater time for Questioning/Applicable practice X Information needs greater depth of knowledge

☐ Align better with District or Building strategic plan X Other _____

- Some meetings could have been covered in email - almost felt like it was just to fill time; the separation of Principals and others for collaboration made all but Principals feel superfluous - if Principals want to collaborate alone maybe everyone else arrives 15 minutes later? I miss the whole group collaboration we used to have
- There has to be a better way for collaboration and use of AP's when the collaboration time happens. Exchanging what each other is doing is fine. However, some decisions are made at the principal tables where we could add insight that isn't thought of and then comes up when whatever was decided is happening with an event or situation.
- More building centered case studies, listening sessions, and opportunities to collaborate on meeting the needs of our most impacted learners.

Thank you for your feedback!
