

Alexander the Great

by: You

Build a Google Presentation (PowerPoint) to tell the story of Alexander's life and career.

Share your project with rschick@johnncarroll.org.

You have one class period available to work; the rest of the work will be done outside of class.

Each group is responsible for thoroughly covering one Roman numeral only.

Put full names of all group members and your section on the title slide.

Use of photos, maps, and other visuals is highly recommended.

Don't overdo the words on each slide.

Give your project a descriptive title.

Cite your sources on each slide.

Due at the start of class Friday, March 22.

Worth 50 points, included in Q4 grade.
