The visitor

It was a cold, dark night and there was a strong wind blowing, when a car stopped by a gate. The driver tried to restart the engine but it didn't work. He felt very annoyed. Then he saw a house. It was old and spooky. He started walking to the house. As he reached the door, he heard someone playing the organ. He knocked on the door. He heard a dog barking. He heard someone opening the door and saying "Come in". It was a vampire. The visitor was very frightened. He screamed and he ran down the path. But it was very dark and he didn't see the pool. He shouted and fell into the water. Then he heard the vampire laughing.
