Dear Ms. Coubert,

I am writing in response to your online advertisement for a Content Producer. As a senior at the University of Montevallo, earning a Bachelor of Science in Communication Studies with a minor in Digital Filmmaking, I am confident that my unique perspective and experience would be extremely beneficial for this job. I would bring your company a broad range of skills, including:

- Proficiency with common editing software such as Adobe Premiere Pro, After Effects, Davinci Resolve, and more
- Experience working in teams and leading film production in a fast-paced environment
- Familiarity with all areas of film production: script writing, editing video, color, and audio, camera operation and more.
- An ability to stay updated on the latest trends, best practices, and otherwise relevant information among competitors

Further, after having read the description, I am confident that I would be an excellent fit for this company culture. I am passionate about creating engaging, entertaining, and informative media content, as well as expanding my expertise with feedback.

I would love the opportunity to discuss the position with you further as soon as possible. If you have any questions or would like to schedule a future interview, please contact me by email at **jordanridlehoover@gmail.com** or by phone at **(205) 470-0124**, thank you. Thank you for taking the time to review my attached resume, I look forward to hearing from you.

Sincerely,

Jordan Ridlehoover
