## Echo Viewer App for Students

School ID:                      (the first part of your Echo URL)

Dear Students,

Echo has an iOS mobile application that allows you to stay up to date with your coursework and grades. Below are instructions for downloading the application and logging in.

### What is the Echo Viewer App?

Echo Viewer is an free iOS application that allows you to view your performance and grade information, see your upcoming tasks, track your activity stream, and access your course agendas for all of your courses.

### How do I download the Echo Viewer?

To download the Echo Viewer application complete the following steps:

1. On an iPhone or iPad device, select the App Store icon.
2. Select the search option.
3. Type in "Echo Viewer". You will recognize the Echo logo when you have found the right app.
4. Select "Get" to download the app to your device.

### How do I use the Echo Viewer?

Once you have downloaded the Echo Viewer app, login by using the same username and password that you use for logging into Echo on the web. You will also need to enter your school ID (          ).

Once logged in, you should see all your courses. Use the navigations buttons at the bottom to view your grades, to-do list, agendas, and activity feed.
