

Over 13 Data Privacy Permission

Edina FTC Parents and Guardians,

Edina Public Schools is committed to high quality instruction with the use of technology in order to meet the needs of all of our students. Web based learning resources are increasingly being used to engage students and improve student learning outcomes. Your student may create an account using one of the programs below. Students should use their Edina Public Schools account for all class work.

In addition to district adopted tools which can be reviewed at:

<https://my.catchon.com/public-applications/#/5482c2026208420e894b12b1d733d352>, our FTC teams may be using:

Tool name & site link	Privacy Policy Link	List of Data Collected

If you're using our Ultimaker Cura product, we automatically collect anonymous data to improve print quality and user experience, including: machine types, material usage, number of slices and print settings. Data collected by Ultimaker Cura will not contain any personal information.
TeamSnap (the parent or legal guardian of a youth sports participant who is under the age of 13.) *Parent will need to be background checked in order to represent an under 13yr student on team chat.	TeamSnap Privacy Policy	We collect information you voluntarily provide directly to us, information that we collect automatically when you interact with the Services, and information collected from third parties. The categories of personal information that we collect and the purposes for which we collect that information are described below. Categories of Personal Information We Collect The following list describes the categories of personal information we collect. <i>Account Information</i> includes name, email address, age, username, and password. We collect this information when you provide it directly to us. We collect this information for the purposes of account creation and management, advertising and marketing, analytics and research, customer service, and website security and maintenance. <i>Analytics Information.</i> We collect certain analytics information automatically as you navigate our Services. This includes cookies, tracking pixels, tags or similar tools, which may collect information about your browser, device, geolocation, and interactions with the Services, Site, or emails. For more information, please view the "How Do We Use "Cookies" and Other Tracking Technologies?" section below. We collect this information for the purposes of account creation and management, advertising and marketing, analytics and research, customer service, and website security and maintenance. <i>Contact Information</i> includes name, email address, and age. We collect this information when you provide it directly to us such as signing up for newsletters, requesting information, creating an account, or filling out a form. We collect this information for the purposes of account creation and management, advertising and

		marketing, analytics and research, customer service, and website security and maintenance. <i>Commercial History</i> includes information regarding the purchases you have made through our Services and your subscription information. We collect this information for the purposes of account creation and management, advertising and marketing, analytics and research, customer service, and website security and maintenance. <i>Chat Information</i> includes the contents of the conversation. We collect this information when you engage with the Site's chat services. If you interact with the chat services we will record the conversation. Please note that information relating to your communications may be shared with our service provider. We collect this information for the purposes of account creation and management, customer service, and website security and maintenance. <i>Payment Information</i> includes name, address, phone number, and debit or credit card information. We, or our service providers, collect this information for the purposes of account creation and management, analytics and research, customer service, and website security and maintenance. <i>Responses to Surveys and Questionnaires</i> includes any information you provide to us when you voluntarily market research surveys such as email address, age, and interested activities. We collect this information for the purposes of advertising and marketing, analytics and research, customer service, and website security and maintenance. <i>Social Media Information</i> includes information that you post by sharing on a blog or another social media platform. We collect this information when you provide it directly to us. Please note that your comments will be visible to the public, so you should never share personal information that you would like to keep private. We collect this information for the purposes of advertising and marketing, analytics and research, customer service, and website security and maintenance. <i>Team Information</i> includes information we collect when you register as a team owner, including country location, time zone, team name, sport and event information, and contact information of the members of your team. We collect this information for the purposes of advertising and marketing, analytics and research, account creation and management, customer service, and website security and maintenance. <i>User-Generated Content.</i> If you post, upload, comment, or otherwise submit content on the Services, we may collect certain information about you such as your name and email address and products you may have purchased. Be aware that as a default, any information you post on the Services, including without limitation review, comments, and text, may be available to and searchable by all users of the Services. We collect this information for the purposes of account creation and management, advertising and marketing, analytics and

		research, customer service, and website security and maintenance.

Our teams might use digital resources not on this list. These resources do not require account creation and do not collect personally identifiable data.

GroupMe will remain an adult/parent only tool.

New tools arise every day. We continually evaluate technology tools to ensure they are appropriate and safe for our students’ ages, grade levels, and are relevant to their learning. If additional tools will be used in the future, a separate notice will be sent to you. We want you to be aware of these tools so you can share in your child’s learning.

Please complete the form below and return it to school. Please contact me if you have any questions regarding the use of any of these technology tools.

Thank you,

Matthew Engelkes
Matthew.Engelkes@edinaschools.org

I, _____, give my permission for

_____ (student) to use the tools listed above at School.
