Subject- Cover letter for Compensation Analyst

Dear

I am interested in applying for the position of composer in your organization. I have found the information related to this post on the job portal of [job portal] on [mention date] and I do believe that I am capable for this respective post. I have been composing music for last [timespan] years and I do feel that I have the essential qualities as mentioned in this particular job site.

I had completed my education in the field of music. I studied music deeply during graduation level from [university name], and that helped me to evolve as the best composer for this respective job.

I had started my musical career in college. I composed music for the stage shows and also ramp events.

I had always set background music scores for the popular soap that was aired on television which was [name of soap opera].

I have been responsible for structuring the soundtrack and contributing in mixing and mastering the music.

I have also worked in a team of music directors and organized the mixing and mastering of beautiful music.

I have got award for my contribution in composing music for different events.

I have mentioned all the necessary information in the resume highlighting on my professional achievements.

I have mentioned my experiences in the resume. Further, I assure you that I will work with sincerity and dedication in your team to compose for the music of [movie name].

I would surely be signing the agreement that you have mentioned in the job portal.

It would be better for me to discuss my experiences when you will call me for the interview.

I am quite eager to join your musical group and reveal my musical skills, I know how to play instruments like guitar, piano, and flute.

If you allow me then I can give a demonstration by playing the instruments by composing any music.

Thanking You,

From

James Brown
