 - b. Mentioned we would have to open and do an election for some parent members
4. Celebration
 - a. Asked for any questions or suggestions for next year.
 - i. Shamayne mentioned she wasn't sure if this was where we would talk about this, but about what would happen during an emergency. Where would parents find their kids if there was an emergency.
 1. Larraine mentioned there is a plan which is discussed and shared with the district, we should look at that and update and make sure parents have a copy and know what is happening. There should be a first place and second place where we would go.
 - ii. Lights, Parking Lot, and Snow Removal
 1. Larraine is working on the lights with Kathy Carling
 2. Parking Lot needs lines, Larraine mentioned she would follow up on a work order with Shaun to see what would happen.
 3. Snow Removal is done by district and maybe the word doesn't get to everyone to move it farther. Melissa shared the district had been out and looked at that.

Shamayne motioned to adjourn and Kelci second it
